Lugbara Of Uganda:

The Lugbara of Uganda John Middleton,1969 The Lugbara of Uganda John Middleton,1965 **Lugbara Religion** John Middleton,1999 This was the first full length account of this hitherto little known people and remains one of the very few modern accounts of an African ancestral cult The Lugbara of Uganda John Middleton,1965 **Spirit Possession and Spirit Mediumship in Africa and Afro-America** Irving Zaretsky,Cynthia Shambaugh,2019-06-19 Originally published in 1978 Spirit Possession and Spirit Mediumship in Africa and Afro America is an incredibly diverse and comprehensive bibliography on published works containing ethnographic data on and analysis of spirit possession and spirit mediumship in North and Sub Saharan Africa and in some Afro American communities in the Western Hemisphere The sources on Western Afro American communities were chosen to shed light on the African continent and the Americas The bibliography while not exhaustive provides extensive research on the area of research in spiritualism in Africa and Afro America The bibliography also provides unique sources on spirit cults ritual or ethnic groups and will be of especial interest to researchers Although published in the late 70s this book will still provide an incredibly useful research tool for academics in the area of religion with a focus on spiritualism and non western religions colonialism in africa 1870-1960 , The Azande and Related Peoples of the Anglo-Egyptian Sudan and Belgian Congo P. T. W. Baxter,Audrey Butt,2017-02-10 Routledge is proud to be re issuing this landmark series in association with the International African Institute The series originally published between 1950 and 1977 collected ethnographic information on the peoples of Africa using all available sources archives memoirs and reports as well as anthropological research which in 1945 had only just begun Concise critical and for its time accurate the Ethnographic Survey contains sections as follows Physical Environment Linguistic Data Demography History Traditions of Origin Nomenclature Grouping Cultural Features Religion Witchcraft Birth Initiation Burial Social Political Organization Kinship Marriage Inheritance Slavery Land Tenure Warfare Justice Economy Trade Domestic Architecture Each of the 50 volumes will be available to buy individually and these are organized into regional sub groups East Central Africa North Eastern Africa Southern Africa West Central Africa Western Africa and Central Africa Belgian Congo The volumes are supplemented with maps available to view on routledge com or available as a pdf from the publishers **The Lugbara of Uganda** ,1966 **Death and the Regeneration of Life** Maurice Bloch,Jonathan Parry,1982-12-30 It is a classical anthropological paradox that symbols of rebirth and fertility are frequently found in funerary rituals throughout the world The original essays collected here re examine this phenomenon through insights from China India New Guinea Latin America and Africa The contributors each a specialist in one of these areas have worked in close collaboration to produce a genuinely innovative theoretical approach to the study of the symbolism surrounding death an outline of which is provided in an important introduction by the editors The major concern of the volume is the way in which funerary rituals dramatically transform the image of life as a dialectic flux involving exchange and transaction marriage and procreation into an image of a

still transcendental order in which oppositions such as those between self and other wife giver and wife taker Brahmin and untouchable birth and therefore death have been abolished This transformation often involves a general devaluation of biology and particularly of sexuality which is contrasted with a more spiritual and controlled source of life The role of women who are frequently associated with biological processes mourning and death pollution is often predominant in funerary rituals and in examining this book makes a further contribution to the understanding of the symbolism of gender The death rituals and the symbolism of rebirth are also analysed in the context of the political processes of the different societies considered and it is argued that social order and political organisation may be legitimated through an exploitation of the emotions and biology *The Study of the Lugbara* John Middleton, 1970
