Baker-Clark, 2006-07-01 In an age where convenience often ranks above quality many Americans have abandoned traditional recipes and methods of cooking for fast solutions to their hunger and nourishment needs Modern families are busier than ever juggling hectic schedules that send them to fast food restaurant drive through windows and to grocery stores crowded with pre processed and ready to eat foods With parents frequently working during the daytime efficient food preparation in the evenings has become the number one priority in kitchens across the country This trend began during the post World War II years which heralded the arrival of fast foods and innovative technological advancements that sought to simplify the cooking process These products were marketed as quick and convenient alternatives that transformed the concept of cooking from a cultural activity and a means of bonding with one's family to a chore that should occupy as little time and energy as possible Profiles from the Kitchen What Great Cooks Have Taught Us about Ourselves and Our Food is Charles A. Baker-Clark's call to abandon the homogenization of food and dining experiences by encouraging us to reclaim knowledge of cooking and eating and reconnect with our ethnic familial and regional backgrounds Baker-Clark profiles fifteen individuals who have shaped

our experiences with food and who have gone beyond popular trends to promote cooking as a craft worth learning and sustaining The cooks and food critics he writes about emphasize the appreciation of good cooking and the relationship of food to social justice spirituality and sustainability Profiles from the Kitchen highlights prominent figures within the food industry from nationally and internationally known individuals such as Paul and Julia Child James Beard and M F K Fisher to regional food experts such as John T Edge and Dennis Getto The result is a collective portrait of foodlovers who celebrate the rich traditions and histories associated with food in our daily lives and who encourage us to reestablish our own connections in the kitchen

Professional Responsibility Ciaran Sugrue, Tone Solbrekke, 2014-06-23 What does professional responsibility entail in an increasingly insecure unpredictable and de-regulated world This is the core question addressed in this text The point of departure for the various contributions is that professional responsibility is a way of being in the world that includes a particular mandate to behave in a manner consistent with moral and societal obligations as a professional Increasingly however there is a lack of consensus as to what such mandates imply and even more dissensus as to what

appropriate exercise of responsibility entails One of the distinctive features of this book is the manner in which it combines normative and empirical dimensions It moves beyond dualistic perspectives to create a more inclusive conversation on professional responsibility In the face of increasing complexity of professional work professional responsibility remains open to further development The book signals direction for the development of professional responsibility and while seeking to give direction to ongoing deliberations avoids the pitfalls of performativity The chapters are grounded in a variety of disciplinary perspectives and traverse various professional boundaries in a self reflexive manner to create more inclusive transformative and generative narratives on professional responsibility This is achieved by Focusing on normative dimensions of professional work and combining these with a focus on empirical aspects of professional practice in a variety of setting and Recognising the inevitable tensions between personal trust and responsibility and largely depersonalised policies and strategies of quality control when normative and empirical aspects of professional responsibility are situated within their policy environments The concluding narrative moves beyond deconstruction complexity and critique of these considerations to a construction of new imagined horizons of professional responsibility from theoretical conceptual and practical perspectives This text sets out to transform professional responsibility through a re configuration of its constituent elements in imaginative and creative ways and by indicating the real world import of re charting the field Yearbook of International Organizations 2013-2014 (Volumes 1a-1b) Union Of International Associations,Union of International Associations,2013-06-21 Volume 1 A and B covers international organizations throughout the world comprising their aims activities and events **The Northwestern Lutheran** ,1981 **Martin - God's Court Jester** Eric W. Gritsch,2009-05-01 In the sea of Luther studies this volume stands out as one of the best available in English It is a condensed retrospective of the most significant Reformation research of the last decade and it is clearly written with verve insight and humor CHOICE Gritsch has provided us with a full scale one volume biography of Luther The work is meticulously documented and the bibliography at the end will alone warrant the price of the book Roland H Bainton This book will be an invaluable source of information for students of the Lutheran Reformation Ecumenists will find in its pages a great resource in their efforts to deal with issues that have been church divisive Carl J Peter Catholic University of America
