The Path to the Greater, Freer, Truer World Lindsey R. Swindall, 2019-04-08 The Southern Negro Youth Congress and the Council on African Affairs were two organizations created as part of the early civil rights efforts to address race and labor issues during the Great Depression They fought within a leftist Pan African framework against disenfranchisement segregation labor exploitation and colonialism By situating the development of the SNYC and the Council on African Affairs within the scope of the long civil rights movement Lindsey Swindall reveals how these groups conceptualized the U S South as being central to their vision of a global African diaspora Both organizations illustrate well the progressive collaborations that maintained an international awareness during World War II Cleavages from anti radical repression in the postwar years are also evident in the dismantling of these groups when they became casualties of the early Cold War By highlighting the cooperation that occurred between progressive activists from the Popular Front to the 1960s Swindall adds to our understanding of the intergenerational nature of civil rights and anticolonial organizing *Stinking Stones and Rocks of Gold* Shepherd W. The Southern Mind Under Union Rule Judkin Browning,2009-09-27 James Rumley was the 48 year old well educated Clerk of the Carteret County Court when the Union forces arrived in his hometown of Beaufort on March 25 1862 He began a diary at the moment of Union occupation and continued to keep the diary until August 1865 when civil authority was returned to local white residents

Ain't Scared of Your Jail Zoe A Colley,2012-12-16 Imprisonment became a badge of honor for many protestors during the civil rights movement With the popularization of expressions such as jail no bail and jail in civil rights activists sought to transform arrest and imprisonment from something to be feared to a platform for the cause Beyond Dr Martin Luther King Jr s Letters from the Birmingham Jail there has been little discussion on the incarceration experiences of civil rights activists In her debut book Zoe Colley does what no historian has done before by following civil rights activists inside the southern jails and prisons to explore their treatment and the different responses that civil rights organizations had to mass arrest and imprisonment Colley focuses on the shift in philosophical and strategic responses of civil rights protestors from seeing jail as something to be avoided to seeing it as a way to further the cause Imprisonment became a way to expose the evils of segregation and highlighted to the rest of American society the injustice of southern racism By drawing together the narratives of many individuals and organizations Colley paints a clearer picture how the incarceration of civil rights activists helped shape the course of the movement She places imprisonment at the forefront of civil rights history and shows how

these new attitudes toward arrest continue to impact contemporary society and shape strategies for civil disobedience

Counterfeit Gentlemen John Mayfield,2009-03-29 This text is a reappraisal of Southern manhood and identity that uses humour and humourists to carry the reader into the very heart of antebellum culture Dreams and Nightmares Britta

Waldschmidt-Nelson,2012-02-05 Comparing the lives and goals of two icons of Black resistance One man dreamed of a country united in true racial equality Another saw this as a nightmare that served only the interest of wealthy white people Both were sons of Baptist ministers Both grew up to be icons of the civil rights movement Integration versus separatism Martin Luther King Jr and Malcolm X have come to symbolize the two primary strands of Black political thought during the civil rights movement much as Booker T Washington and W E B Du Bois had more than a half century earlier As Henry Louis Gates Jr points out in his foreword the parallels and divergences between the two men remain striking Britta Waldschmidt Nelson compares and contrasts these two giants in her fascinating dual biography She offers a concise account of their lives accomplishments and challenges In a crisp fascinating narrative she reveals the interconnectedness of their goals their visions and their legacies Most provocative she suggests what might have been as their philosophies began to converge were it not for a pair of assassins bullets *After Slavery* Bruce E. Baker,Brian Kelly,2013-08-27 Moves beyond broad

generalizations concerning black life during Reconstruction in order to address the varied experiences of freed slaves across the South This collection examines urban unrest in New Orleans and Wilmington North Carolina loyalty among former slave owners and slaves in Mississippi armed insurrection along the Georgia coast racial violence throughout the region and much more in order to provide a well rounded portrait of the era Black Manhood and Community Building in North Carolina, 1900-1930 Angela Hornsby-Gutting,2009 Informed by feminist analysis Hornsby Gutting uses gender as the lens through

which to view cooperation tension and negotiation between the sexes and among African American men during an era of heightened race oppression Her work promotes improved understanding of the construct of gender during these years and expands the vocabulary of black manhood beyond the great man ideology which has obfuscated alternate localized meanings of politics manhood and leadership The Uplift Generation Clayton McClure Brooks,2017-03-22 Offering a fresh look at

interracial cooperation in the formative years of Jim Crow The Uplift Generation examines how segregation was molded not by Virginia s white political power structure alone but rather through the work of a generation of Virginian reformers across the color line who from 1900 to 1930 engaged in interracial reforms This group of paternalists and uplift reformers believed interracial cooperation was necessary to stem violence and promote progress Although these activists had varying motivations they worked together because their Progressive aims meshed finding themselves unlikely allies Unlike later incarnations of interracialism this early work did not challenge segregation but rather helped to build and define it intentionally and otherwise The initiatives whose genesis ranged from private one on one communications to large scale interracial organizations shaped Progressivism the emergence of a race conscious public welfare system and the eventual

parameters of Jim Crow in Virginia Through extensive use of personal papers newspapers and other archival materials The Uplift Generation shares the stories of these fascinating yet often forgotten reformers and the complicated and sometimes troubling consequences of their work *T. Thomas Fortune, the Afro-American Agitator* Timothy Thomas Fortune, 2008 Born into slavery T Thomas Fortune was known as the dean of African American journalism by the time of his death in the early twentieth century The editorship of three prominent black newspapers the New York Globe New York Freeman and New York Age provided Fortune with a platform to speak against racism and injustice For nearly five decades his was one of the most powerful voices in the press Contemporaries such as Ida B Wells W E B Du Bois and Booker T Washington considered him an equal if not a superior in social and political thought Today s histories often pass over his writings in part because they are so voluminous and have rarely been reprinted Shawn Leigh Alexander s anthology will go a long way toward rectifying that situation demonstrating the breadth of Fortune s contribution to black political thought at a key period in American history The Journal of African American History , 2005 *Index to Legal Periodicals & Books* , 2005 The Virginia Magazine of History and Biography Philip Alexander Bruce, William Glover Stanard, 2004 **American Book Publishing Record** , 2006
