Coetzee's Works* Eva-Marie Herlitzius, 2005 *The Federal Reporter*, 1889 *Andindilile: The Anglophone Literary-Linguistic Co*, 2023-01-10 Michael Andindilile in The Anglophone Literary Linguistic Continuum English and Indigenous Languages in African Literary Discourse interrogates Obi Wali's 1963 prophecy that continued use of former colonial languages in the production of African literature could only lead to sterility as African literatures can only be written in indigenous African languages In doing so Andindilile critically examines selected novels of Achebe of Nigeria Ngugi of Kenya Gordimer of South Africa and Farah of Somalia and shows that when we pay close attention to what these authors represent about their African societies and the way they integrate African languages values beliefs and cultures we can discover what constitutes the Anglophone African literary linguistic continuum This continuum can be defined as variations in the literary usage of English in African literary discourse with the language serving as the base to which writers add variations inspired by indigenous languages beliefs cultures and sometimes nation specific experiences Nadine Gordimer's July's People Brendon Nicholls, 2013-11-12 Nadine Gordimer is one of the most important writers to emerge in the twentieth century Her anti Apartheid novel July's People 1981 is a powerful example of resistance writing and continues even now to unsettle easy assumptions about issues of power race gender and identity This guide to Gordimer's compelling novel offers an accessible introduction to the text and contexts of July's People a critical history surveying the many interpretations of the text from publication to the present a selection of new and reprinted critical essays on July's People providing a range of perspectives on the novel and extending the coverage of key approaches identified in the critical survey cross references between sections of the guide in order to suggest links between texts contexts and criticism suggestions for further reading Part of the Routledge Guides to Literature series this volume is essential reading for all those beginning detailed study of July's People and seeking not only a guide to the novel but a way through the wealth of contextual and critical material that surrounds Gordimer's text The Later Fiction of Nadine Gordimer Bruce King, 1993-09-12 Nobel Prizewinner Nadine Gordimer's novels and short stories from The Conservationist to Jump have been her best and most controversial work This new book examines such topics as the autobiographical basis of her fiction her relationship to feminism the place of the white woman in black Africa the ambiguity

of revolutionary politics her ambivalent relationship to Judaism her use of irony the symbolism of landscape and the ways in which she has revised recurring topics throughout her career as a writer Nadine Gordimer Dominic Head,1994-11-10 The award to Nadine Gordimer of the Nobel Prize for Literature in 1991 was an affirmation of her distinctive contribution to twentieth century fiction and to the creation of a literature that challenges apartheid In this study which may be used as an introduction as well as by those already familiar with Gordimer s work Dominic Head discusses each of her novels in detail paying close attention to the texts both as a reflection of events and situations in the real world and as evidence of her constant rethinking of her craft Head shows how Gordimer s concerns apparent in her earliest novels are developed through increasing stress on the politics of textuality and he pursues the implications of this development to consider how Gordimer s later work contributes to postmodernist fiction and to a recentering of political engagement in an era of uncertainty *An Analytical Digest of the Reports of Cases Decided in the Courts of Common Law and Equity, of Appeal and Nisi Prius and in the Ecclesiastical Courts in the Year ...* ,1844
