Lynch Law Legacy:

Lynch Law Legacy Lee Kimber, 1992-01-01 *Legacies of Lynching* Jonathan Markovitz, 2004 Between 1880 and 1930 thousands of African Americans were lynched in the United States Beyond the horrific violence inflicted on these individuals lynching terrorized whole communities and became a defining characteristic of Southern race relations in the Jim Crow era As spectacle lynching was intended to serve as a symbol of white supremacy Yet Jonathan Markovitz notes the act's symbolic power has endured long after the practice of lynching has largely faded away *Legacies of Lynching* examines the evolution of lynching as a symbol of racial hatred and a metaphor for race relations in popular culture art literature and political speech Markovitz credits the efforts of the antilynching movement with helping to ensure that lynching would be understood not as a method of punishment for black rapists but as a terrorist practice that provided stark evidence of the brutality of Southern racism and as America's most vivid symbol of racial oppression Cinematic representations of lynching from *Birth of a Nation* to *Do the Right Thing* he contends further transform the ways that American audiences remember and understand lynching as have disturbing recent cases in which alleged or actual acts of racial violence reconfigured stereotypes of black criminality Markovitz further reveals how lynching imagery has been politicized in contemporary society with the example of Clarence Thomas who condemned the Senate's investigation into allegations of sexual harassment during his Supreme Court confirmation hearings as a high tech lynching Even today as revealed by the 1998 dragging death of James Byrd in Jasper Texas and the national soul searching it precipitated lynching continues to pervade America's collective memory Markovitz concludes with an analysis of debates about a recent exhibition of photographs of lynchings suggesting again how lynching as metaphor remains always in the background of our national discussions of race and racial relations Jonathan Markovitz is a lecturer in sociology at the University of California San Diego *Legacies of Lynching* Jonathan Paul Markovitz, 1999

Postracial America? Vincent L. Stephens, Anthony Stewart, 2016-11-17 The concept of a postracial America the dream of a nation beyond race has attracted much attention over the course of the presidency of Barack Obama suggesting that this idea is peculiar to the contemporary moment alone Postracial America An Interdisciplinary Study attempts to broaden the application of this idea by situating it in contexts that demonstrate how the idea of the postracial has been with America since its founding and will continue to be long after the Obama administration's term ends The chapters in this volume explore the idea of the postracial in the United States through a variety of critical lenses including film studies literature aesthetics and conceptual thinking politics media representations race in relation to gender identity and sexuality and personal experiences Through this diverse interdisciplinary exploration this collection skeptically weighs the implications of holding up a postracial culture as an admirable goal for the United States *The Many Faces of Judge Lynch* C. Waldrep, 2002-11-08 The U S is the most violent industrialized country in the world and lynching that is murder endorsed by the community may be a key to understanding America's heritage of violence and perhaps point to solutions that can

eradicate it While lynchings are predominantly racial in tone and motive Christopher Waldrep's sweeping study of the meaning and uses of lynching from the colonial period to the present reveals that the definition of the term has shifted dramatically over time and that the victims and perpetrators of lynching were as diverse as its many meanings By examining lynching from a comparative and temporal perspective Waldrep teaches us important lessons not only about racial violence in America but about the ways in which communities define and justify crime and the punishment of its criminals African Intellectual Heritage Abu Shaddad Abarry, 1996 Organized by major themes such as creation stories and resistance to oppression this collection gathers works of imagination politics and history religion and culture from many societies and across recorded time Asante and Abarry marshal together ancient anonymous writers whose texts were originally written on stone and papyrus and the well known public figures of more recent times whose spoken and written words have shaped the intellectual history of the diaspora Within this remarkably wide ranging volume are such sources as prayers and praise songs from ancient Kemet and Ethiopia along with African American spirituals political commentary from C L R James Malcolm X Mary McLeod Bethune and Joseph Nyerere stirring calls for social justice from David Walker Abdias Nascimento Frantz Fanon and Martin Luther King Jr Featuring newly translated texts and documents published for the first time the volume also includes an African chronology a glossary and an extensive bibliography With this landmark book Asante and Abarry offer a major contribution to the ongoing debates on defining the African canon Author note Molefi Kete Asante is Professor and Chair of African American Studies at Temple University and author of several books including *The Afrocentric Idea* Temple and *The Historical and Cultural Atlas of African Americans* Abu S Abarry is Assistant Chair of African American Studies at Temple University Heritage of Death Mattias Frihammar, Helaine Silverman, 2017-11-28 Today death is being reconceptualised around the world as heritage replete with material markers and intangible performances These heritages of death are personal national and international They are vernacular as well as official sanctioned as well as alternative This book brings together more than twenty international scholars to consider the heritage of death from spatial political religious economic cultural aesthetic and emotive aspects It showcases different attitudes and phases of death and their relationship to heritage through ethnographically informed case studies to illustrate both general patterns and local and national variations Through analyses of material expressions and social practices of grief mourning and remembrance this book shows not only what death means in contemporary societies but also how individuals groups and nations act towards death

Imprisoned by the Past Prof. Jeffrey L. Kirchmeier, 2014-12-31 *Imprisoned by the Past* Warren McCleskey and the American Death Penalty connects the history of the American death penalty to the case of Warren McCleskey By highlighting the relation between American history and an individual case *Imprisoned by the Past* provides a unique understanding of the big picture of capital punishment in the context of a compelling human story McCleskey's criminal law case resulted in one of the most important Supreme Court cases in U S legal history where the Court confronted evidence of racial discrimination in

the administration of capital punishment The case marks the last that the Supreme Court realistically might have held that capital punishment violates the Eighth Amendment of the U S Constitution As such the constitutional law case also created a turning point in the death penalty debate in the country The book connects McCleskey s case as well as his life and crime to the issues that have haunted the American death penalty debate since the first executions by early settlers and that still affect the legal system today Imprisoned by the Past ties together three unique American stories in U S history First the book considers the changing American death penalty across centuries where drastic changes have occurred in the last fifty years Second the book discusses the role that race played in that history And third the book tells the story of Warren McCleskey and how his life and legal case brought together the other two narratives **Learning Legacies** Sarah Ruffing

Fitzhugh Brundage,2022-08-15 Lynching was a national crime But it obsessed the South W Fitzhugh Brundage s multidisciplinary approach to the complex nature of lynching delves into the such extrajudicial murders in two states Virginia the southern state with the fewest lynchings and Georgia where 460 lynchings made the state a measure of race relations in the Deep South Brundage s analysis addresses three central questions How can we explain variations in lynching over regions and time periods To what extent was lynching a social ritual that affirmed traditional white values and white supremacy And what

Heritage Knowledge in the Curriculum Joyce E. King, Ellen E. Swartz, 2018-04-27 Moving beyond the content integration approach of multicultural education this text powerfully advocates for the importance of curriculum built upon authentic knowledge construction informed by the Black intellectual tradition and an African episteme By retrieving examining and reconnecting the continuity of African Diasporan heritage with school knowledge this volume aims to repair the rupture that has silenced this cultural memory in standard historiography in general and in PK 12 curriculum content and pedagogy in particular This ethically informed curriculum approach not only allows students of African ancestry to understand where they fit in the world but also makes the accomplishments and teachings of our collective ancestors available for the benefit of all King and Swartz provide readers with a process for making overt and explicit the values actions thoughts and behaviors reflected in an African episteme that serves as the foundation for African Diasporan sociohistorical phenomenon events With such knowledge teachers can conceptualize curriculum and shape instruction that locates people in all cultures as subjects with agency whose actions embody their ongoing cultural legacy
