Mabacre Of Truth:

Katyn and the Soviet Massacre of 1940 George Sanford, 2007-05-07 Examining the Soviet massacre of Polish prisoners of war at Katyn and other camps in 1940 one of the most notorious incidents of the Second World War this book sheds new light on what took place and how the memory of the massacres long affected and continues to affect Polish Russian relations

The Katyn Forest Massacre United States. Congress. House. Select Committee to Conduct an Investigation and Study of the Facts, Evidence, and Circumstances on the Katyn Forest Massacre, 1952 **The Aftermath of the Cassinga**

Massacre Amukwaya Shigwedha, 2017-03-27 It took the former South African Defence Force SADF less than four hours to kill more than eight hundred Namibian refugees at Cassinga on May 4 1978 Thousands of survivors were left with irreparable physical and emotional injuries The unhealed trauma of Cassinga a Namibian civilian camp in southern Angola before the massacre is beyond the worst that the victims of the attack experienced on the ground Unacceptable layers of pain and suffering continue to grow and multiply as the victims grievances and other issues arising out of the aftermath of the massacre have been ignored particularly following Namibias political independence In this book the afterlife of the victims traumatic memories and their aspiration for justice vis vis the perpetrators enjoyment of blanket impunity from prosecution in spite of their ongoing denial of killing and maiming innocent civilians at Cassinga are explored with the aim to create public awareness about the unfortunate circumstances of the Cassinga victims *The Syrian Information and Propaganda War* Ben Cole, 2022-02-22 This book focuses on the propaganda war between the Syrian government and the opposition movement which excludes the Islamic State and the Kurdish led SDF Drawing on international relations psychology and media studies the book encourages readers to question the dominant discourse on the war The core of the book outlines the propaganda battles over the main paradigms and narratives that framed the war exploring the shortcomings of those paradigms and narratives identifying who won the propaganda war and why and assessing what impact it had on the military side of the war In particular it focuses on the role of cognitive bias amongst primary and secondary sources in determining the outcome of the propaganda war and whether the influence of this propaganda is best explained by effects or limited effects theory Through explaining the dynamics of the propaganda war the book encourages readers to critically question the dominant discourse on the war assists them in understanding primary and secondary reporting on the war and shows that the impact of the propaganda war is best understood in terms of limited effects theory The book s main findings are that i the opposition won the international propaganda war but failed to win the propaganda war inside Syria ii propaganda had relatively little effect on shaping attitudes either inside Syria or internationally instead its main effect was to reinforce attitudes that had already been shaped by other factors and iii the reality of the war lies between the conflicting paradigms and narratives being promoted by each side The Katyn Forest Massacre United States. Malmedy Massacre Investigation United States. Congress. Senate. Committee on Armed Services,1949 *Guatemala, the Question of Genocide* Elizabeth A. Oglesby,Diane M. Nelson,2018-12-07 In Guatemala it was called the trial of the century the 2013 prosecution of former de facto head of state 1982 1983 General Jos Efra n R os Montt and his intelligence chief General Jos Mauricio Rodr guez S nchez on charges of genocide and crimes against humanity against the Maya Ixil people R os Montt s seventeen month reign was one of the bloodiest periods in Guatemala s history with scorched earth massacres the destruction of hundreds of Maya communities and militarized resettlement of Mayas into model villages R os Montt was convicted on all charges Ten days later a higher court vacated the verdict on dubious procedural grounds Nevertheless Guatemala s genocide trial held in the domestic courts in the country where the crimes were committed was precedent setting In this volume Guatemalan and international scholars rigorously explore the complexities of the Guatemala experience and reflect upon the case s implications for understanding and prosecuting the category of genocide more broadly Topics include the nexus of racism and counterinsurgency in explaining Guatemala s genocide the politics of Maya collective memory the intersections of gender sexuality and ethnicity in genocide the decades long interconnections of national and transnational justice processes that brought the case to trial and the limits and contributions of tribunal justice This book was originally published as a special issue of the Journal of Genocide Research *The Deaths of Others* John Tirman,2011-05-15 Americans are greatly concerned about the number of our troops killed in battle 33 000 in the Korean War 58 000 in Vietnam 4 500 in Iraq and rightly so But why are we so indifferent often oblivious to the far greater number of casualties suffered by those we fight and those we fight for This is the compelling largely unasked question John Tirman answers in *The Deaths of Others* Between six and seven million people died in Korea Vietnam and Iraq alone the majority of them civilians And yet Americans devote little attention to these deaths Other countries however do pay attention and Tirman argues that if we want to understand why there is so much anti Americanism around the world the first place to look is how we conduct war We understandably strive to protect our own troops but our rules of engagement with the enemy are another matter From atomic weapons and carpet bombing in World War II to napalm and daisy cutters in Vietnam and beyond our weapons have

killed large numbers of civilians and enemy soldiers Americans however are mostly ignorant of these methods believing that American wars are essentially just necessary and good Trenchant and passionate *The Deaths of Others* forces readers to consider the tragic consequences of American military action not just for Americans but especially for those we fight against

Witnessing Torture Alexandra S. Moore, Elizabeth Swanson, 2018-06-11 This book demonstrates a new interdisciplinary approach to life writing about torture that situates torture firmly within its socio political context as opposed to extending the long line of representations written in the idiom of the proverbial dark chamber By dismantling the rhetorical divide that typically separates survivors suffering from human rights workers expertise contributors engage with the personal professional and institutional dimensions of torture and redress Essays in this volume consider torture from diverse locations the Philippines Argentina Sudan and Guantanamo among others From across the globe contributors witness both individual pain and institutional complicity the challenges of building communities of healing across linguistic and national divides and the role of the law art writing and teaching in representing and responding to torture Authenticity and Victimhood after the Second World War Randall Hansen, Achim Saupe, Andreas Wirsching, Daqing Yang, 2021-10-01 The Second World War was filled with many terrible crimes such as genocide forced migration and labour human made famine forced sterilizations and dispossession that occurred on an unprecedented scale *Authenticity and Victimhood after the Second World War* examines victim groups constructed in the twentieth century in the aftermath of these experiences The collection explores the concept of authenticity through an examination of victims histories and the construction of victimhood in Europe and East Asia Chapters consider how notions of historical authenticity influence the self identification and public recognition of a given social group the tensions arising from individual and group experiences of victimhood and the resulting sometimes divergent interpretation of historical events Drawing from case studies on topics including the Holocaust the siege of Leningrad American air raids on Japan and forced migrations from Eastern Europe *Authenticity and Victimhood after the Second World War* demonstrates the trend towards a victim centred collective memory as well as the interplay of memory politics and public commemorative culture *Truth in the Public Sphere* Jason Hannan, 2016-10-20 Has truth become a casualty of America's increasingly caustic and volatile political culture *Truth in the Public Sphere* seeks to understand the significance of truth for the everyday world of human communication To this end this book explores the place of truth in several facets of the public sphere language ethics journalism politics media and art Featuring an international group of contributors from across the humanities and social sciences this collection is a definitive supplement to theoretical debates about the meaning and status of truth **The Church's lessons for the Christian year, 120 new sermons** Alfred Garnett Mortimer, 1903

The Whiskey Au Go Go Massacre Geoff Plunkett, 2018-05-05 This is a work of non fiction The quoted conversations are taken verbatim from police eyewitness statements court transcripts coroners reports and other archival material Unless otherwise stated the narrative is based on the original police murder investigation files The Whiskey Au Go Go nightclub

massacre was a defining moment in 1970s Australia the horrific epicentre of all the crime and filth the corruption and deaths that came before and followed that tragic night in March 1973 when 15 innocent people lost their lives Despite the quick arrest and subsequent conviction of John Stuart and his sidekick James Finch the ashes have never stopped smouldering Rumours have swirled around that horror filled night for decades were Stuart and Finch framed Were others involved Were further atrocities committed to hide the truth behind the outrage For decades it was impossible to uncover the truth behind the tragedy That changed in 2012 when the author had the privilege of being the first person to view the files created by the original lead detectives These files reveal what occurred prior to during and after the conflagration They reveal unsettling facts They reveal that the full story of that night has never been told until now [The Colombian Peace Agreement](#) Jorge Luis Fabra-Zamora, Andrés Molina-Ochoa, Nancy C. Doubleday, 2021-04-28 This book is the first systematic interdisciplinary examination of the peace agreement signed between the Colombian Government and the Revolutionary Armed Forces of Colombia to end one of the largest and most violent conflicts in the Western Hemisphere It discusses the achievements failures and challenges of this innovative peace agreement and its implications for Colombia's future Contributors include negotiators of the Agreement judges of the Special Jurisdiction for Peace representatives of the civil society and leading academic experts in peace studies human rights international law criminal law transitional justice political science and philosophy Based on the premise that peace is a form of transferable social knowledge and therefore necessitates transformative social learning the volume also discusses what other countries can learn from the Colombian experience This book will be of much interest to students of peace and conflict studies transitional justice Latin American politics human rights civil wars and International Relations **The Maamtrasna massacre. Impeachment of the trials** Timothy Charles Harrington, 1884 *The Malayan Emergency in Film, Literature and Art* Jonathan Driskell, Marek W. Rutkowski, Andrew Hock Soon Ng, 2025-01-09 Examining film literature and art produced during and after the Malayan Emergency the guerrilla war fought between the Malayan National Liberation Army and the military forces of the British Commonwealth this collection demonstrates how art functions as a record of cultural memory that both reinforces and challenges official histories Beyond that it also brings new understandings of the Malayan Emergency itself and Malaysia's subsequent development as a postcolonial nation The first section of the book focuses on films and writings produced during the period of the Emergency to capture the socio political circumstances of the time and understand its effect on the people The second section goes on to explore representations of the Emergency generated after the event highlighting how it was reimagined or reevaluated by later artists and what ideological ends they served Offering a comparative methodological approach it investigates works that account for a range of perspectives including British Communist and Malayan Malaysian Bringing together the personal and political within individual and collective histories this collection offers a new understanding of how the Emergency contributed to the formation of postcolonial Malaysia and demonstrates the central role that film literature

and art play in the creation of cultural memory *Han Heroes and Yamato Warriors* Amanda Weiss, 2023-08-21 Taking the tidal wave of memory in the late twentieth and early twenty first century as its starting point this monograph explores collective memory of World War II in East Asia 1937 1945 through film Weiss argues that Chinese Japanese and American remembrance of World War II is intertwined in what she terms a memory loop the transnational mediation and remediation of war narratives Gender is central to this process as the changing representation of male soldiers political leaders and patriarchal father figures within these narratives reveals Japanese and Chinese challenges to each other and to the perceived foundational American narrative of the war This process continues to intensify due to the globally visible nature of the memory loop which drives this cycle of transmission translation and reassessment This volume is the first to bring together a collection of Chinese and Japanese war films that have received little attention in English language literature It also produces new readings of popular war memory in East Asia by revealing the gendered dimensions of collective remembrance in these films This awesome book shows how Chinese and Japanese films about the Second World War both reflect and shape memories of that conflict Moreover by analyzing movies about the war and the ensuing competing masculinities Amanda Weiss skillfully discloses their impact on subsequent conceptions of race gender and identity Highly recommended Kam Louie University of Hong Kong

Amanda Weiss who views film as a significant mode of popular memory traveling beyond national border discovers a loop of mutual interaction in the representation of Chinese and Japanese war films deeply intertwined with the nationalism of both countries Her skill in capturing the intersection of cross border memories in visual images such as the Tokyo Trials warrior rape and reconciliation is remarkable This is a transcendent achievement that could only be accomplished by Weiss who fully understands both Japanese and Chinese languages and deeply understands the movements of consciousness among the people of these countries during her long stay in Japan and China Shunya Yoshimi University of Tokyo 1980 **The Nanjing Massacre and Sino-Japanese Relations** Zhaoqi Cheng, 2020-10-17 Based on extensive research on the International Military Tribunal for the Far East this book closely examines the claims and controversy surrounding the Nanjing Massacre a period of murder in 1937 1938 committed by Japanese troops against the residents of Nanjing Nanking after the capture of the then capital of the Republic of China during the Second Sino Japanese War Focusing on weighing up arguments denying Nanjing Massacre this book considers the Japanese Illusion school of thought which contests the truth of the Nanjing Massacre claims including the death toll and the scale of the violence The Nanjing Massacre remains a controversial issue in Sino Japanese relations despite the normalization of bilateral relations and this book goes to great lengths to examine the events through comparative narratives investigating different perspectives and contributing to the debate from the extensive research of the Tokyo Trial Research Centre at Shanghai as well as volumes of Chinese and Japanese historical documents
