Olszewski, 2023-06-30 This study employs cognitive theory as a heuristic framework to interrogate the agency of female types in select Italian Renaissance paintings with emphasis on Venus Medusa the Amazon Boccaccio s Lady Fiammetta Cleopatra Susanna the Magdalene and the Madonna The study disrupts assumptions about the identity of sitters and readings of paintings as it challenges paradigms of female representation It interrogates why certain paintings were crafted by whom and for whom Works are placed in the context of meta painting with stress on the cognitive decisions negotiated between patron and artist The ludic aspects of several paintings are examined with a fine grain semiotic approach to expand their iconographies Psychoanalytic readings are unpacked based on the flawed mythological metaphors and incomplete clinical studies of Sigmund Freud s theorizing The rubric of female agency is deliberately selected to unify popular but enigmatic master paintings of disparate subjects *Classicism & Romanticism* Frederick Antal, 2022-11-30 First published in 1966 *Classicism and Romanticism* is a collection of important articles originally published in the author s famous book *Florentine Painting and its Social Background* Dr Antal a Hungarian by birth was a man of the wildest culture He studied art history in the universities of Budapest Berlin Paris and Vienna thereafter he travelled extensively in Italy where he devoted himself to pioneering research in the history of mannerist painting His exceptional sensitivity to the visual arts is apparent in such brilliant stylistic analyses as the essays on Netherlandish mannerism and on Girolamo da Carpi He is known especially however for his application to art history of the sociological method By returning art to its place in the general history of ideas and relating it to its economic social and political environment he sought to give to the history of art a wider significance and deeper meaning This book will be of interest to students of art history literature art history and European studies *Miraculous Encounters* Bruce

Edelstein, Davide Gasparotto, 2018 Jacopo Carucci known as Pontormo 1494 1557 was the leading painter in mid sixteenth century Florence and one of the most original and extraordinary Mannerist artists His extremely personal style was much influenced by Michelangelo though he also drew from northern art especially the work of Albrecht Dürer This catalogue brings together a small but important group of preparatory drawings and finished paintings that center on Pontormo's great masterpiece The Visitation one of the most moving and mesmerizing works by the artist The Visitation represents the intense moment of encounter between the Virgin Mary and her cousin Elizabeth who reveal to each other that both are pregnant The painting is presented for the first time along with its highly finished preparatory drawing which is squared for transfer to the larger surface of the panel The combination of rigorous research and gorgeous reproductions reveals the painter's creative process as never before Other acclaimed paintings including Portrait of a Halberdier and Portrait of Carlo Neroni will also be shown alongside their preparatory drawings Readers will encounter Pontormo both as a religious painter and a painter of portraits in this original and nuanced account of the celebrated artist [Franciabigio](#) Susan Regan McKillop, 2023-12-22
