Modernizing China Anthony Kubek, 1987 **Taiwan** John F Copper, 2018-05-04 In this newly revised and updated edition of *Taiwan Nation State or Province* John F Copper examines Taiwan's geography and history society and culture economy political system and foreign and security policies in the context of Taiwan's uncertain political status as either a sovereign nation or a province of the People's Republic of China Copper argues that Taiwan's very rapid and successful democratization suggests Taiwan should be independent and separate from China while economic links between Taiwan and China indicate the opposite New to the sixth edition is enhanced coverage of the issues of immigration the impact of having the world's lowest birthrate China's economic and military rise and America's decline Taiwan's relations with China the United States and Japan and the KMT's Nationalist Party return to power The new edition will also examine the implications of the 2012 presidential election A selected bibliography guides students in further research **China** Peter Xiaoming Yu, G. Wright Doyle, 2009 As the authors point out China has arrived big time To ignore the Chinese is foolish Yet where does one begin Getting a handle on China with its sweeping history and vast cultural diversity is for most a daunting task China Ancient Culture Modern Society provides a much needed starting point for piecing together the many parts of the complex puzzle that is China More than simply a guidebook or historical survey this rich volume bridges geography culture politics and beliefs to present a nuanced picture of a nation that is often misunderstood by those seeking to view it through a Western lens Whether one is approaching China for the first time or seeking to fill the gaps in one's existing understanding of things Chinese this book provides an abundance of useful information Taiwan Linda K. Colding, 1996 Taiwan's Presidents John F. Copper, 2024-08-05 This book profiles Taiwan's six key presidents Chiang Kai shek Chiang Ching kuo Lee Teng hui Chen Shui bian Ma Ying jeou and Tsai Ing wen focusing on politics economics elections successes and failures in office popularity and democratization By analyzing criteria of the six presidents leadership such as management of crises advancing democracy stewardship of the economy charisma corruption and handling of foreign relations especially with China and the U S John F Copper goes on to rank the presidents and predicts trends and difficulties that future presidents will face Special attention is paid to relations with the U S acknowledging the U S as Taiwan's political and economic model as well as its being Taiwan's protector in the context of China's claim to Taiwan As an assessment of these six political leaders as well as a study of Taiwan's political system this book will appeal to students and scholars of Taiwan political science and international relations Historical Dictionary of Taiwan (Republic of China) John F. Copper, 2024-10-08 Taiwan is a place of contradictions Its successful economic and political modernization has stimulated the imaginations of most observers Still its nation state status has been constricted and weakened It covets and pursues peace yet it is a vortex actor in global strategic military competition It is small yet its importance far exceeds its size It has long occupied a crucial place in history even though it has not sought this status yet it appears inevitable that it will continue to do so Historical Dictionary

of Taiwan Republic of China Fifth Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 600 cross referenced entries on important personalities as well as aspects of the country s politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Taiwan

Taiwan at a Tipping Point John F. Copper,2017-11-30 Taiwan at a Tipping Point assesses issues relating to Taiwan s new political economic diplomatic and military strategic state of affairs following the January 2016 national election that brought the then opposition Democratic Progressive Party DPP to power This was a momentous event The DPP won major presidential and legislative victories giving it an easy mandate to govern Tsai Ing wen became president But ruling did not turn out to be easy Tsai and the DPP had little experience managing the economy and their growth strategies did not work well Their stances on Taiwan s independence alienated Taiwan s biggest trading partner and a nation that claims Taiwan is its territory China Beijing took revenge Taiwan s only ally the United States was confused and distracted in trying to formulate a new policy toward Taiwan Promises President Tsai and the DPP made during the campaign especially on reform and Taiwan s national status were hard to fulfill and for the most part were not Post election euphoria turned into dismay Thus the question arose whether the president and the DPP would remain in power or whether the next elections would see the Nationalist Party or Kuomintang KMT return though it remaining in the doldrums made this seem unlikely Thus uncertainty characterized Taiwan post election Taiwan was at a turning point

Taiwan John Franklin Copper,2019-11-13 In this newly revised and updated seventh edition of Taiwan Nation State or Province Copper examines Taiwan s geography and history society and culture economy political system and foreign and security politics in the context of Taiwan s uncertain status as either a sovereign nation or a province of the People s Republic of China Analyzing possible future scenarios and trends that could affect Taiwan s status the author argues that Taiwan s very rapid and successful democratization suggests Taiwan should be independent and separate from China while economic links between Taiwan and China indicate the opposite New features to this brand new edition include The triumph of the Democratic Progressive Party DPP in the 2016 elections The impact of the Trump administration on US Taiwan relations The rise of populism The shift in cross Strait relations with China given their increased power on the world stage This revised and fully up to date textbook will be essential reading for students of Taiwan China US China relations and democracy
