Mom And Dad Please Come To The Principals Office:

Mom and Dad, Please Come to the Principal's Office Miriam M. Teaff, 1995-03-01 Choke Chain Jason

Donald, 2009-02-19 An exceptional debut Independent Alex is twelve and he lives with his younger brother and his parents in a dirt poor white neighbourhood in 1980s South Africa He and Kevin are trying to grow up while their mother Grace is simply trying to keep them safe Apart from the usual lessons of childhood the boys are finding out about deceit petty crime and casual violence and the person that s teaching them is their father A devious self centred volatile man Bruce Thorne sees the world as a battleground where the winner is the one who throws the first punch Ruling the family through fear it is only when he abandons them for a teenage lover that their problems really begin Exposing the rotten insidious patterns of fathering that most societies still ignore Choke Chain shows two boys struggling to find steady ground in a disintegrating household Watching quietly as their mother diminishes in the black light of her husband they learn that not all adults are right and true that some have evil bred or beaten into them Opening with a thunderstorm and hail the size of apricots this extraordinary first novel is a series of emotional storms and aftershocks with any brightness on the horizon shadowed by gathering dark Beautifully written and intensely moving the novel builds to the drama of its conclusion the turbulence turning to frenzy and clearing finally to some redemptive light **Interpersonal Sensitivity** Harry Crenshaw, John

know him Did he know I have powers I quickly thought of pain but all he did was smile Did he know what I was doing He stepped forward as he tapped the side of his temple Don't try to get in here little girl because you're nowhere near my strength In fact you're the complete opposite of what people described you as My eyes widened in shock He knew who I was and what I could do But how How I know you Simple you learn about that person That's what you do when you go after someone before you kill them

VAMPIRE HUSBAND and THE AMERICAN JUSTICE Paru Shiva, 2014-05 This book is about a woman who had come to America from

Kashmir India She had no knowledge about American culture or American Justice System She was married in India and her husband brought her to America In America her husband started abusing her Being culturally around she kept taking abuse on daily basis and kept lying about her bruises and cuts to those who were asking her questions about her injuries Abuse got worst to the extent that one day her husband tried to kill her She gained her consciousness after couple of hours when her husband decided to dump her body in the park Somehow in the morning she managed to escape with her two children She went to a woman s shelter where she lived for six months In the shelter they insisted that she had to go to the court to get restraining order for her safety In that process her children were taken by the court and were given to that abusive man from whom they had a narrow escape She was forced to pay child support when she had not taken even a one cent from her home or from her husband after she left Her two children were given to their father because she was going to school Judge punished her and her two children for trying to establish their life Her Children suffered the most because of the Justice System I wrote this book for two reasons One reason is to tell my children especially my son that I am very sorry for taking my case to American Justice System because his father has kept him in fear Even my son is adult now but his father is still treating my son like he was treating me and my son is kept in a lot of fear stress and extreme tension His father didn t let him complete his education If he had encouraged my son to complete his education then he wouldn t be able to control my son s life That is tearing my heart every day And second reason is that I want to help a Battered Woman and their children by telling them my story I was a very private person but that didn t help me Every battered woman of this country should know that when a man hit his wife is not love It is a danger sign figure out on time about safety zones for self and for children My story will guide them to be strong enough to help their children **Mother, Please Don't Die** Lurlene N

Ballard,2022-06-18 I was a third grader who asked the Lord to be her Savior and this is a recollection of short stories of how the Lord took care of me and my family through the years to come I want you to know if you accept the Lord as your Savior he will do the same for you as he did for us All you have to do is confess your sin and ask him to be your Savior Jesus made it as simple for a child to understand which I did Now I have assurance that when I die I will spend my eternity in heaven I hope you will make this choice like I did Once you do you will never be alone again He will always be with you He gives us the Holy Spirit to live inside of us and who will intercede on our behalf to the Father God Almighty Confessing your sin and asking Jesus to be your Savior is the most important decision you will make in your lifetime Doesn t matter how old you are when you make this decision you just want to make it before your last breath This is my prayer for you **Shame on You!**
