## **Natural Law The Foundation Of An Orderly Economic System:**

*Natural Law* Alberto M. Piedra, 2004-11-20 Author Alberto M Piedra lucidly illustrates the notion of natural law through the examination of economic social political and cultural issues In this work Piedra draws on classical and Christian sources as well as his personal experience as an economist diplomat and lecturer on world politics to address philosophical views in a constructive and morally guided exegesis of natural law and economics This innovative book shows the value of appeals to a governing natural law and attendant principles such as the common good subsidiarity hierarchy spiritual welfare the reciprocity of freedom and authority and the cultivation of personal moral and intellectual virtue Natural Law

Alberto Martinez Piedra, 2004-01-01 Author Alberto M Piedra lucidly illustrates the notion of natural law through the examination of economic social political and cultural issues In this work Piedra draws on classical and Christian sources as well as his personal experience as an economist diplomat and lecturer on world politics to address philosophical views in a constructive and morally guided exegesis of natural law and economics This innovative book shows the value of appeals to a governing natural law and attendant principles such as the common good subsidiarity hierarchy spiritual welfare the reciprocity of freedom and authority and the cultivation of personal moral and intellectual virtue **Doing the Right**

**Thing Bible Study Participant's Guide** Charles W. Colson, Robert George, 2013-05-29 In this six session small group Bible study DVD digital video sold separately **Doing the Right Thing** from Chuck Colson Robert George and an all star panel examines how ethical and character issues relate to life at home school and the workplace **Doing the Right Thing** explores the ethical and moral breakdown hitting culture from all sides Through panel discussions interviews and live student questions it raises ethical issues in a non condemning but challenging way stimulating thought discussion and action This Participant Guide encourages viewers to examine themselves and how ethical and character issues relate to their lives at home school and the workplace As a result of this discussion and self examination participants will exhort each other and promote an ethic of virtue in their spheres of influence and in the culture at large This examination of ethics consists of six sessions each designed to last approximately one hour Each session consists of thirty minutes of video and thirty minutes of discussion Session topics include How did we get into this mess Is there truth a moral law we all can know If we know what is right can we do it What does it mean to be human Ethics in the market place Ethics in public life Designed for use with the **Doing the Right Thing** Video Study sold separately

**The Commercial Society** Samuel Gregg, 2007-03-29 Once relatively confined to parts of Europe and North America commercial societies are now found in many other cultures and continents Yet despite the international spread and growth of commercial order the moral economic and legal foundations of commercial society remain poorly understood especially in those countries where it first took root Guided by the thoughts of

Alexis de Tocqueville Samuel Gregg's *The Commercial Society* identifies and explores the key foundational elements that must exist within a society for commercial order to take root and flourish Gregg studies the challenges that have consistently impeded and occasionally undermined commercial order including the persistence of corporatist values and political movements seeking to equalize social conditions This book offers a historically grounded analysis for modern audiences interested in philosophy or the history of economics

Sourcebook in Late-scholastic Monetary Theory Martín de Azpilcueta, Luis de Molina, Juan de Mariana (S.I.), 2007-01-01 The Sourcebook in Late Scholastic Monetary Theory is a thematically unified collection of seminal texts in the history of economics on the topic of money and exchange relations cambium \_its nature purpose value and relationship to justice and morality in financial transactions\_ within the tradition of late scholastic commercial ethics Cambium embraces the development of banking practices and institutions in early modern Europe and therefore is much broader in scope than the simple practice of exchanging currency Here for the first time the unabridged texts of Martín de Azpilcueta's *Commentary on the Resolution of Money* 1556 Luis de Molina's *A Treatise on Money* 1597 and Juan de Mariana's *Treatise on the Alteration of Money* 1609 are available in English translation with scholarly annotations The publication of these foundational texts under a single cover will stimulate exploration of the continuities and discontinuities agreements and disagreements innovations and ruptures within the Salamancan tradition of commercial ethics during the latter half of the sixteenth and the early seventeenth century A close reading shows that the Salamancans were involved not only in an internal conversation within Spain concerning inflation usury rates of currency exchange currency debasement subjective value just prices and so on but also that they were critical intermediaries in a wider conversation spanning centuries that includes prominent canonists jurists philosophers and theologians The Salamancans also serve as conduits of scholastic economic reflection to Adam Smith and the political economists of the seventeenth and eighteenth centuries The texts in conjunction with the introductions by leading authorities demonstrate the sophistication with which the Spanish doctors examined the new process of using bills of exchange cambium per litteras to replace the cumbersome and dangerous transportation of metallic coins between commercial fairs which led not only to new scholastic insights on interest credit and international trade but also to a much more comprehensive analysis of monetary exchange and banking practices than had been undertaken before

*Entrepreneurship in the Catholic Tradition* Anthony Percy, 2010-01-01 *Entrepreneurship in the Catholic Tradition* is a theological and historical exploration of the treatment of entrepreneurship business and commerce in the teaching of the Roman Catholic Church It presents a fresh and affirming view of free enterprise from the standpoint of a 2000 year old religious tradition that challenges many contemporary assumptions about this subject

**Eden's Bridge** David B. Doty, 2012-01-01 *Eden's Bridge* The Marketplace in Creation and Mission explores a biblically based theology of the marketplace implicit in the creation narrative of Genesis 1-2 The thesis validates the calling and ministry of all marketplace Christians David Doty invites readers to rethink and redirect the

purposes of vocation trade and profit toward the purposes of God's Kingdom as they were revealed in the beginning and are to be restored in Christ's reign This book is eye opening and inviting as it explores how God is moving to reclaim the marketplace for His Kingdom and His redeeming purposes for the world of commerce The marketplace holds untold potential if business is conducted according to God's plan poverty can be eradicated abundant living can be shared among all people and shalom can prevail Eden's Bridge offers hope for recovering from the recent collapse of the global economic system by envisioning a new view of how wealth is made and how the marketplace is yet to serve God's purposes in His mission to the world

Rediscovering Political Economy Joseph Postell, Bradley C. S. Watson, 2011-01-01 In this volume Bradley C S Watson and Joseph Postell bring together some of America's most eminent thinkers on political economy in an attempt to reconnect the discipline of economics to larger discussions about the human good The book shows how political ideas and economic theories can and must inform each other and is essential reading for anyone interested in politics economics history and culture

The Church and the Market Thomas E. Woods Jr., 2015-01-15 The Church and the Market is a vigorous and lively defense of the market economy and a withering attack on all forms of state intervention It covers labor unions monopoly money and banking business cycles interest usury and much more Although it makes a particular point of noting the moral arguments of the market economy and that Catholics are of course perfectly at liberty to support it its audience is much broader than Catholics alone Readers of all religious traditions and none at all have praised The Church and the Market first place winner in the 2006 Templeton Enterprise Awards as one of the most compelling and persuasive defenses of capitalism against its critics ever written

**Nietzsche's Political Economy** Dmitri G. Safronov, 2023-08-21 Safronov's Nietzsche's Political Economy is a pioneering appraisal of Nietzsche's critique of industrial culture and its unfolding crisis The author contends that Nietzsche remains unique in conceptualizing the upheavals of modern political economy in terms of the crisis of its governing values Nietzsche scrutinises the norms which not only preside over the unfathomable build up in debt the proliferation of meaningless impersonal slavery and the rise of increasingly repressive social control systems but inevitably set these precarious tendencies of modern political economy on a collision course liable to culminate in an unprecedented human and environmental catastrophe Safronov explores the core themes of Nietzsche's political economy debt slavery and the division of labour with reference to the influential views of Adam Smith and Karl Marx as well as against the backdrop of the Long Depression 1873-1896 the first truly international crisis of industrial capitalism during which most of Nietzsche's work was completed In Nietzsche's assessment modern political economy is predicated on the valuations that diminish humankind's prospects and harm the planet's future by consistently enfeebling the present as long as there is profit to be made from it Nietzsche's critical insight which challenges the most fundamental tenet of modern economics and finance is that in order to build a stronger and intrinsically more valuable future in lieu of simply speculating on it as though the liberal Promised Land could descend upon us like the manna from heaven at the wave of an invisible hand

of the market it is necessary to walk from the future we dare to envisage resolutely back to the present we inhabit to determine what demands achieving such a vision would impose upon us instead of embellishing the here and now by cynically discounting the future to the net value of the present while disparaging disowning and rewriting the past to unburden ourselves of its troubling legacy as we continue to frivolously squander its capital to the alluring tunes of the sirens who in the marketplace sing to us of the future The enabling mechanism for changing our valuing perspectives Nietzsche tells us lies dormant in us and it must be unlocked before it is too late      *The Influence of the Church on the Local Community* Abraham G. Ndung'u, 2021-01-05 The church is called to be the agency through which God is not only known but through which his kingdom is also advanced This book therefore is an attempt to examine the church's influence on communities through social justice practices as part of advancing the gospel of the kingdom of God The book brings out results of a study about a congregation's significant impact on a local community through varied social justice programs The book also provides relevant recommendations on how such initiatives can be improved for a more effective kingdom driven ministry to local communities It is hoped that the example of J Jireh Ministry Church provides a case worthy of emulation by other churches congregations and similar faith based community organizations for ministering to social justice needs at the local level      *The Role of Large Enterprises in Democracy and Society* B. Fryzel, P. Dembinski, 2015-12-04 Uses both political and democratic studies perspectives as well as economic philosophical and managerial to provide a practical insight into the issues like the extensive economic power of large enterprises and changing balance of power between public and private sector regulation and the governance of large private entities      *The Constitution Under Social Justice* Antonio Rosmini, 2007-01-01 Antonio Rosmini Serbati 1797-1855 was one of the first natural law scholars to bring natural law thinking into a conversation with the market economic order that was beginning to emerge in Europe in the 19th century His reflections on matters such as the origin nature and limits of private property the role of the state and the nature of human reason show him to be a unique innovative thinker who nonetheless was determined to work within the parameters of Catholic doctrine Many of these ideas are concretized in his seminal work *The Constitution Under Social Justice* a text that has profound insights to offer those today seeking to integrate theology philosophy and economics into their conceptions of a social order that aspires to be both free and just      **Christian Theology and Market Economics** Ian Rainy Lance Harper, Samuel Gregg, 2008 This unique work has a historical time span reaching from Aristotle to the modern day thus appealing to those interested in the history of ideas and economic thought as well as the links between theological and economic thought      *Intelligence As a Principle of Public Economy* Carlo Cattaneo, 2007-01-01 *Intelligence as a Principle of Public Economy* offers the best expression of the life and thought of the nineteenth century Italian political economist Carlo Cattaneo Available here for the first time in English this volume showcases *pensiero come principio d economia pubblica* Cattaneo's pioneering vision of economic growth that emphasized the central role of intelligence and will in economic

processes the value of knowledge and innovation and the importance of liberty This classic of Italian thought is framed by a long biographical sketch of Cattaneo s life before during and after the Italian Risorgimento and an afterword that demonstrates the continuing relevance of Cattaneo s social political and economic ideas to today s ongoing debate about the importance of a free society

**Free Markets with Solidarity and Sustainability** Martin Schlag,Juan Andrés Mercado,2016-03-25 To reaffirm capitalism and the free market without dodging questions of social responsibility we need a serious and academic reflection on the creation of sustainable and shared value The contributors to Free Markets with Sustainability and Solidarity present their reflections on evolving forms of economics All are unified by an holistic Christian anthropology

**Within the Market Strife** Kevin E. Schmiesing,2004-01-01 From populism and progressivism to the New Deal and post World War II conservatism Catholic economists and social thinkers have confronted the same problems as other Americans Within the Market Strife recounts the history of American Catholic views on economic issues and places those views firmly wihtin the context of their time

**American Book Publishing Record** ,2005 Champions of a Free Society Edward W. Younkins,2008-08-25 This book is constructed around great thinkers of the past and present who have been influential in developing the philosophy of freedom Its main purpose is to provide a survey and overview of the ideas of leading individual philosophers and economists of capitalism who have contributed to developing what might be called the classical liberal or libertarian worldview Champions of a Free Society endeavors to provide a guide to political and economic thinking about the desirability and construction of a free society that is intelligible to the educated layperson Edward Younkins provides an historical perspective of the pursuit of political and economic truth The goal of this book is to present the development of ideas in language that permits generally educated readers to understand and appreciate their significance The book s chronological approach considers the thinkers and their ideas as they have developed over the course of time There is much unfulfilled illuminative potential to be found in the ideas of the past and Younkins successfully integrates the ideas of past and current thinkers into a logical contemporary worldview

Human Rights and Political Dissent in Central Europe Jakub Tyszkiewicz,2021-12-06 This volume examines to what extent the positive atmosphere created by the Helsinki Accords contributed to the change in political circumstances seen in the countries of Central Europe under Soviet domination It focuses in particular on firstly a consequent new impetus to bolster human rights in international politics as Western democracies especially the US integrated human rights concerns into its foreign policy relations with Soviet Bloc countries and secondly how this Western embrace of human rights seemed to create new incentives for increased dissident activity in Central and Eastern Europe and from 1976 onward Finally the book reminds us of the significant role of the Helsinki Accords in developing democratic practices in Eastern European societies under Soviet domination in 1975 1989 and in creating the conditions for the peaceful transition to democratic government in the years that followed This book will be of key interest to scholars and students of the history of communism post Soviet Russian and central and East European

politics the history of human rights and democratization
