Natural Healthcare For Children:

Doctor Mom's Natural Healthcare for Children Kathy Duerr, 2003 You're at home on the weekend or on holiday or it's after 5 p.m. and you don't know how to solve the pain or burn or bite your child has. Dr. Mom's Natural Healthcare for Children offers help. The single mother of three children, Kathy Duerr describes the real-life treatments that worked with the common childhood illnesses that her children experienced. Divided into three parts, the book includes homeopathic and herbal medicines, infant care from breast feeding to immunisation, and common children's diseases and ailments. **Natural**

Medicine for Children Julian Scott, 1990-08 *Natural Healthcare for Children* Karen Sullivan, 2000 This is the ultimate guide for parents who care about their children's health and who want to make the most of the burgeoning field of natural medicine. It covers everything from diet, exercise, emotional health, and natural medical treatments for common ailments to environmental issues and immunisation. **Integrative Medicine for Children** May Loo, 2009 Many parents today are

turning to or seeking information about Complementary and Alternative Medicine (CAM) for their children. Whether you initiate alternative therapies or simply need to respond when asked for information or advice, it's crucial to have the most recent evidence-based information about alternative therapies and know how to safely and effectively integrate them with conventional treatment. This innovative and reliable reference is the ideal resource to have at hand. This book includes a wide range of complementary and alternative therapies focusing on those most often used with children: mind/body approaches, manual therapies, lifestyle approaches, alternative systems, energy medicine, and biological agents. Within these main categories, therapies such as acupuncture, chiropractic, massage, homeopathy, herbs, and magnets are covered. Fifty-five common pediatric conditions are comprehensively discussed with diagnostic and evidence-based treatment information, followed by authoritative information on the major CAM therapies available for treatment of the condition. Whenever possible, an integrative approach that combines conventional and alternative approaches is presented. **BOOK JACKET** *Holistic*

The Need For Health Care W.R. Sheaff, 2002-09-11. The rhetoric of needs has been used to legitimate all major turns in UK health policy since 1936. This study identifies the ethical policy and technical issues arising from the concept of needs. In the first part a theory of needs is developed which takes into account both the philosophical traditions and the practical problems arising in daily health care. In a second part health systems throughout the world are described and compared addressing ethical as well as economical questions. Its interdisciplinary approach will make *The Need for Healthcare* important reading not only for those interested in or employed in the health care sector but also for students of philosophy.
