Naturalism And Symbolism In European Theatre 1850 1918

Michael Rajnik

Naturalism And Symbolism In European Theatre 1850 1918:

Naturalism and Symbolism in European Theatre 1850-1918 Claude Schumacher, 1996-09-26 This fourth volume in the series *Theatre in Europe* charts the development of theatrical presentation at a time of great cultural and political upheaval *Theatre in Europe: Naturalism and symbolism in European theater, 1850-1918*, 2009 Theatre, Communication, Critical Realism T. Nellhaus, 2010-06-21 From oral culture through the advent of literacy to the introduction of printing to the development of electronic media communication structures have radically altered culture in profound ways As the first book to take a critical realist approach to culture *Theatre Communication Critical Realism* examines theatre and its history through the interaction of society's structures agents and discourses Tobin Nellhaus shows that communication structure a culture's use and development of speech handwriting printing and electronics explains much about why when and how theatre has transformed **Theories of the Avant-Garde Theatre** Bert Cardullo, 2013 In this collection of essays by avant garde theatre's most creative practitioners directors playwrights performers and designers these writings provide direct access to the thinking behind much of the most stimulating playwriting and performance of the late nineteenth and twentieth centuries **English Professional Theatre, 1530-1660** Glynne Wickham, Herbert Berry, William Ingram, 2000 This volume explores the professional English theatre from 1530 to 1660 The documents collected here many published for the first time chronicle the exciting and flourishing world of the theatre through the reigns of Henry VIII to Charles I These exciting primary sources offer first hand accounts including the daily life and work of the actor and the most complete coverage yet of all the playhouses both public and private including the Rose the Globe Red Lion and the Swan The volume documents the various theatre companies of children costumes and stage property matters audience reception and behaviour and ecclesiastical and governmental legislation A full linking narrative and extensive bibliography detailing the location of the primary sources provide an important reference work and valuable research tool Theatre and Evolution from Ibsen to Beckett Kirsten E. Shepherd-Barr, 2015-03-03 Evolutionary theory made its stage debut as early as the 1840s reflecting a scientific advancement that was fast changing the world Tracing this development in dozens of mainstream European and American plays as well as in circus vaudeville pantomime and missing link performances *Theatre and Evolution from Ibsen to Beckett* reveals the deep transformative entanglement among science art and culture in modern times The stage proved to be no mere handmaiden to evolutionary science though often resisting and altering the ideas at its core Many dramatists cast suspicion on the arguments of evolutionary theory and rejected its claims even as they entertained its thrilling possibilities Engaging directly with the relation of science and culture this book considers the influence of not only Darwin but also Lamarck Chambers Spencer Wallace Haeckel de Vries and other evolutionists on 150 years of theater It shares significant new insights into the work of Ibsen Shaw Wilder and Beckett and writes female playwrights such as Susan Glaspell and Elizabeth Baker into the theatrical record unpacking their dramatic explorations of biological determinism gender

essentialism the maternal instinct and the cult of motherhood It is likely that more people encountered evolution at the theater than through any other art form in the late nineteenth and early twentieth centuries Considering the liveliness and immediacy of the theater and its reliance on a diverse community of spectators and the power that entails this book is a key text for grasping the extent of the public's adaptation to the new theory and the legacy of its representation on the perceived legitimacy or illegitimacy of scientific work

The Modernist World Allana Lindgren, Stephen Ross, 2015-06-05 The Modernist World is an accessible yet cutting edge volume which redraws the boundaries and connections among interdisciplinary and transnational modernisms The 61 new essays address literature visual arts theatre dance architecture music film and intellectual currents The book also examines modernist histories and practices around the globe including East and Southeast Asia South Asia Sub Saharan Africa Australia and Oceania Europe Latin America the Middle East and the Arab World as well as the United States and Canada A detailed introduction provides an overview of the scholarly terrain and highlights different themes and concerns that emerge in the volume The Modernist World is essential reading for those new to the subject as well as more advanced scholars in the area offering clear introductions alongside new and refreshing insights

Historical Dictionary of Russian Theatre Laurence Senelick, 2015-08-13 A latecomer continually hampered by government control and interference the Russian theatre seems an unlikely source of innovation and creativity Yet by the middle of the nineteenth century it had given rise to a number of outstanding playwrights and actors and by the start of the twentieth century it was in the vanguard of progressive thinking in the realms of directing and design Its influence throughout the world was pervasive Nikolai Gogol Anton Chekhov and Maksim Gor'kii remain staples of repertories in every language the ideas of Konstantin Stanislavskii Vsevolod Meierkhold and Mikhail Chekhov continue to inspire actors and directors while designers still draw on the graphics of the World of Art group and the Constructivists What distinguishes Russian theater from almost any other is the way in which these achievements evolved and survived in ongoing conflict or cooperation with the State This second edition of Historical Dictionary of Russian Theatre covers the history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 1000 cross referenced entries on individual actors directors designers entrepreneurs plays playhouses and institutions Censorship Children's Theater migr Theater and Shakespeare in Russia This book is an excellent access point for students researchers and anyone wanting to know more about Russian Theatre

Quantum Theatre Paul Johnson, 2013-01-16 Quantum Theatre uses the science of quantum mechanics to construct a rigorous framework for examining performance practice and the theatrical event and live performance as a means of exploring the implications of quantum mechanics Key ideas from physics are used to develop an interdisciplinary approach to writing about the work of a number of British theatre practitioners in terms of identity observation and play What this type of analysis does is enable an examination of aspects of performance that can remain hidden and so cast new light on the performance event This is the first study of its kind that develops such a

framework for analysis of contemporary performance and provides a coherent alternative to postmodernism as a theoretical framework for writing about performance As such this book develops a methodology that can be applied to a wide range of performance practices Furthermore it presents an analysis of the work of a number of contemporary performance makers including Vincent Dance Theatre and Triangle Theatre

Yeats on Theatre Christopher Morash, 2021-07-29 W B Yeats is recognised globally as one of the most significant poets of the past century And yet in his Nobel address he singled out his work in the theatre as his main accomplishment Yeats on Theatre restores Yeats not only a playwright but as a writer and thinker who over forty years produced a body of theory covering all aspects of theatre including the possibilities of performance space the role of the audience and the nature of tragedy When read as whole in conjunction with his plays letters and extensive manuscript materials Yeats's theatre writings emerge as a radical cohesive theatrical aesthetic at odds with and in advance of the theatre of his time Ultimately the Yeats who takes shape in Yeats on Theatre is an artist who thinks through theatre providing us with an urgently needed reassertion of the value of theatre as embodied thought

The Provocation of the Senses in Contemporary Theatre Stephen Di Benedetto, 2011-01-13 Di Benedetto considers theatrical practice through the lens of contemporary neuroscientific discoveries in this provoking study which lays the foundation for considering the physiological basis of the power of theatre practice to affect human behavior He presents a basic summary of the ways that the senses function in relation to cognitive science and physiology offering an overview of dominant trends of discussion on the realm of the senses in performance Also presented are examples of how those ideas are illustrated in recent theatrical presentations and how the different senses form the structure of a theatrical event Di Benedetto concludes by suggesting the possible implications these neuroscientific ideas have upon our understanding of theatrical composition audience response and the generation of meaning

Modernist and Avant-Garde Performance Claire Warden, 2015-02-08 The first detailed student focused introduction to modernist avant garde performance This textbook introduces the reader to modernist avant garde theatre It clearly explains the key terms as well as the major movements including Expressionism Dadaism Futurism Workers theatres Constructivism and the Living Newspaper and Mass Performance using a case study approach It introduces the important innovations of the modernist avant garde reassesses theatrical techniques and provides examples of plays and performances from across Europe and America There are also chapters on The Modernist Body and on Interdisciplinary Performance The book approaches the modernist avant garde both as an area of academic study and as potential raw material for contemporary performance

Key Features

- The first introductory guide to the modernist theatrical avant garde
- Includes case studies practical exercises at the end of each chapter an annotated bibliography and a glossary of performance terms
- Includes links to performance based explorations of theatrical techniques
- Provides a springboard for further independent study both theoretical and practical

Claire Warden is Senior Lecturer in Drama at the University of Lincoln Her research focuses primarily on

constructing new fluid narratives for modernist performance She is the author of *British Avant Garde Theatre* Palgrave MacMillan 2012 and multiple journal articles and book chapters on modernism interdisciplinarity theatre art and cultural studies

The Rhythm of Space and the Sound of Time Cynthia Ashperger, 2008 The Rhythm of Space and the Sound of Time examines the place of Chekhov's Technique in contemporary acting pedagogy and practice Cynthia Ashperger answers the questions What are the reasons behind the technique's current resurgence How has this cohesive and holistic training been brought into today's mainstream acting training What separates this technique from the other currently popular methods Ashperger offers an analysis of the complex philosophical influences that shaped Chekhov's ideas about this psycho-physical approach to acting Chekhov's five guiding principles are introduced to demonstrate how eastern ideas and practices have been integrated into this western technique and how they have continued to develop on both theoretical and practical levels in contemporary pedagogy thereby rendering it intercultural The volume also focuses on the work of several contemporary teachers of the technique associated with Michael Chekhov International Association MICHA Current teacher training is described as well as the different modes of hybridization of Chekhov's technique with other current methods Contemporary practical experiments and some fifty exercises at both beginner and intermediate advanced levels are presented through analysis examples student journals and case studies delineating the sequences in which units are taught and specifying the exercises that differ from those in Chekhov's original writing This book is for practitioners as well as students of the theatre

Avant-Garde Theatre Sound A. Curtin, 2014-04-02 Sound experimentation by avant garde theatre artists of the late nineteenth and early twentieth centuries is an important but ignored aspect of theatre history Curtin explores how artists engaged with the sonic conditions of modernity through dramatic form characterization staging technology performance style and other forms of interaction

The Ballets Russes and Beyond Davinia Caddy, 2012-04-26 A fresh perspective on the Ballets Russes focusing on relations between music dance and the cultural politics of belle époque Paris

The Cambridge Companion to Theatre History David Wiles, Christine Dymkowski, 2013 A wide ranging set of essays that explain what theatre history is and why we need to engage with it

Spatiality and Subjecthood in Mallarmé, Apollinaire, Maeterlinck, and Jarry Leo Shtutin, 2019-02-14 This study explores the interrelationship between spatiality and subjecthood in the work of Stéphane Mallarmé Guillaume Apollinaire Maurice Maeterlinck and Alfred Jarry Concerned with various modes of poetry and drama it also examines the cross-pollination that can occur between these modes focusing on a range of core texts including Mallarmé's *Un Coup de Dés* Apollinaire's *Zone* and various of his calligrammes Maeterlinck's early one-act plays *L'Intruse* *Les Aveugles* and *Intérieur* and Jarry's *Ubu Roi* and *César Antechrist* The poetic and dramatic practices of these four authors are assessed against the broader cultural and philosophical contexts of the fin de siècle The fin de siècle witnessed a profound epistemological shift the Newtonian Cartesian paradigm increasingly challenged throughout the nineteenth century was largely dismantled with ramifications

beyond physics philosophy and psychology Chapter 1 introduces three foundational notions Newtonian absolute space the unitary Cartesian subject and subject object dualism that were challenged and ultimately overthrown in turn of the century science and art Developments in theatre architecture and typographic design are examined against this philosophical backdrop with a view to establishing a diachronic and interdisciplinary framework of the authors in question Chapter 2 focuses on the spatial dimension of Mallarmé's *Un Coup de dés* and Apollinaire's calligrammes works which defamiliarise page space by undermining various naturalised conventions of paginal configuration In Chapter 3 the notion of liminality is implemented in an analysis of character and diegetic space as constructed in Jarry's *Ubu roi* and Maeterlinck's *one acts* Chapters 4 and Chapter 5 undertake a more abstract investigation of parallel inverse processes the subjectivisation of space and the spatialisation of the subject manifest not only in the works of Mallarmé Maeterlinck Apollinaire and Jarry but in the period's poetry and drama more generally

Microdramas John H. Muse, 2017-10-13 Explores what brevity can teach us about the powers and limits of theater

Staging the Holocaust Claude Schumacher, 1998-09-24 To portray the Holocaust one has to create a work of art says Claude Lanzmann the director of *Shoah* However can the Holocaust be turned into theatre Is it possible to portray on stage events that by their monstrosity defy human comprehension These are the questions addressed by the playwrights and the scholars featured in this book Their essays present and analyse plays performed in Israel America France Italy Poland and of course Germany The style of presentation ranges from docudramas to avant garde performances from realistic impersonation of historical figures to provocative and nightmarish spectacles The book is illustrated with original production photographs and some rare drawings and documents it also contains an important descriptive bibliography of more than two hundred Holocaust plays

The Routledge Companion to Performance and Medicine Gianna Bouchard, Alex Mermikides, 2024-04-15 The Routledge Companion to Performance and Medicine addresses the proliferation of practices that bridge performance and medicine in the contemporary moment The scope of this book's broad range of chapters includes medicine and illness as the subject of drama and plays the performativity of illness and the medical encounter the roles and choreographies of the clinic the use of theatrical techniques such as simulation and role play in medical training and modes of performance engaged in public health campaigns health education projects and health related activism The book encompasses some of these diverse practices and discourses that emerge at the interface between medicine and performance with a particular emphasis on practices of performance This collection is a vital reference resource for scholars of contemporary performance medical humanities and the variety of interdisciplinary fields and debates around performance medicine health and their overlapping collaborations Chapter 18 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution CC BY 4.0 license
