God's Wounds: Hermeneutic of the Christian Symbol of Divine Suffering, Volume Two Jeff B. Pool, 2010-01-01

This book constitutes the second volume of a three volume study of Christian testimonies to divine suffering God's Wounds Hermeneutic of the Christian Symbol of Divine Suffering vol 2 Evil and Divine Suffering The larger study focuses its inquiry into the testimonies to divine suffering themselves seeking to allow the voices that attest to divine suffering to speak freely then to discover and elucidate the internal logic or rationality of this family of testimonies rather than defending these attestations against the dominant claims of classical Christian theism that have historically sought to eliminate such language altogether from Christian discourse about the nature and life of God This second volume of studies proceeds on the basis of the presuppositions of this symbol those implicit attestations that provide the conditions of possibility for divine suffering that which constitutes divine vulnerability with respect to creation as identified and examined in the first volume of this project an understanding of God through the primary metaphor of love God is love and an understanding of the human as created in the image of God with a life though finite analogous to the divine life the imago Dei as love The second volume then investigates the first two divine wounds or modes of divine suffering to which the larger family of testimonies to divine suffering normally attest 1 divine grief suffering because of betrayal by the beloved human or human sin and 2 divine self sacrifice suffering for the beloved human in its bondage to sin or misery to establish the possibility of redemption and reconciliation Each divine wound thus constitutes a response to a creaturely occasion The suffering in each divine wound also occurs in two stages a passive stage and an active stage In divine grief God suffers because of human sin betrayal of the divine lover by the beloved human divine sorrow as the passive stage of divine grief and divine anguish as the active stage of divine grief In divine self sacrifice God suffers in response to the misery or bondage of the beloved human's infidelity divine travail focused on the divine incarnation in Jesus of Nazareth as the active stage of divine self sacrifice and divine agony focused on divine suffering in the crucifixion of Jesus of Nazareth as the passive stage of divine self sacrifice

Women and Pride Luping

Huang,2018-09-30 Reinhold Niebuhr is largely regarded as the leading twentieth century theologian of sin However many feminist theologians criticize Niebuhr s view of pride as the primary sin arguing that it fits only with men s experience In this detailed study Dr Luping Huang engages with Niebuhr and his feminist critics to provide a response to the feminist critique of Niebuhr s theology of sin Dr Huang provides a thorough analysis and examination of both the Niebuhrian and feminist understandings of sin highlighting the strengths and limitations of both arguments While some aspects of the feminists opposition to Niebuhr s doctrine of sin are valid there are weaknesses and limitations within its own framework Through her research and interaction with women s testimonies Huang s argument bridges these two competing views of women and sin resulting in a more accurate understanding and application of the theology of sin particularly in reference to women

Roots of Realism Benjamin Frankel,2013-10-11 Political realism sees politics as a permanent struggle for power and security The essays in this volume examine the tradition of realist political analysis of international relations from the Sophists and Thucydides to the modern era *Remembering Faithfully Forward* Barry K. Morris,2022-06-08 Daily Meditation readers abound some thankfully endure Rare are spiritually grounded and contemplative invitations that feature four generations of earnest family teachers preachers activists journalists and controversial prophets In various life conditions threatening and challenged by sickness and despair herein are eight Niebuhrs faithful wrestlings They bequeath bristling morsels and compelling insights creatively compacted into more than four hundred entries and reference leads for further consideration Thus deeply influenced by the patriarch and matriarch Gustav Sr and Lydia arise Reinhold s steadfast reflections on grace grounded justice and its principles the caringly layered meanings of the love of neighbor and God from his brother H Richard the dedication to render the faith intelligible to postmoderns held by his son Richard Reinhold and the decisive and insightful journalism by in turn his son Gustav Jr on Lincoln being duly lobbied for mercy to indigenous peoples And that s not all the indispensable reminiscences of Reinhold s educator sister Hulda and his wife Ursula as well as the unearthed grace based Serenity Prayer of his daughter Elisabeth corporately express rare gleanings of the Niebuhr clan s virtual school of warm contemplative action **Covenants of Life** K.L. Vaux,M. Stenberg,2013-03-14 The intense fervor of a Mississippi Methodist preacher the meticulous reasoning of an Oxford logician the dogged persistence of a head longshoreman the unflagging humor of a Rabelaisian satirist To have met Paul Ramsey at a lecture in a medical university a heady conference at Hastings on Hudson a congressional hearing deliberations at a church assembly or a bull session in some coffee shop was to be confronted with a gentleman of unforgettable energy insight and delight In many roles as a young instructor in religious studies at Princeton University a concerned moral theologian commenting on the ethics of the sit ins and nuclear issues an observer and dialogue partner with physicians at Georgetown and other medical centers a faithful editor and analyst of Jonathan Edwards ethical writings a trustee of the Hastings center a voluminous correspondent with others who would join to disciplined pursuit of values Paul Ramsey in all roles was indefatigable in zeal rigorous in

demand and gracious in coadventuring to use one of his wonderful metaphors This volume captures a unique exchange between Paul Ramsey and his most prominent colleagues In one sense it remains a Festschrift in his honor characterized at times by a markedly informal tone *The Realist Tradition and Contemporary International Relations* W. David Clinton, 2007-07 The tradition in international relations theory known as realism has often been associated with the Cold War The contributors to this intriguing volume argue however that realism remains a profound and relevant perspective on contemporary international politics They point out that classical realism is based on concepts that were elucidated long before the Cold War began and are not confined by its boundaries Further they believe that insights of the realist tradition can provide valuable guidance in our contemporary world W David Clinton and ten scholars of foreign policy reexamine the work of thinkers spanning twenty five centuries who have contributed to the development of realism across the ages In their essays the authors consider two key questions What makes these thinkers realists And how is their work relevant to the modern post Cold War world These essays take a fresh look at such canonical thinkers as Thucydides Augustine Machiavelli Hobbes Hume Burke Carr Niebuhr and Morgenthau Countering the widespread belief that realism has nothing left to offer this collection demonstrates that continuities remain in the political world and that the ideas rooted in realism are too important and too useful to ignore While there are obvious differences among the political philosophers whose works are considered here they share a common concern about human limitations and the possible dangerous consequences of ignoring those limitations Each in his own way these classic thinkers discuss the need for prudence to counter the ever present threat of tragedy resulting from our innocent hopeful or self righteous efforts for perfection These provocative essays demonstrate that though a realist understanding of the nature of international relations is at least as old as Thucydides it is also as contemporaneous as the most recent headline **An Interpretation of Christian Ethics** Reinhold Niebuhr, 2012-12-04 This 1935 book answered some of the theological questions raised by Moral Man and Immoral Society 1932 and articulated for the first time Niebuhr's theological position on many issues *Dialectical Readings* Stephen N. Dunning, 1997-07-18 Interpretation pervades human thinking Whether perception or experience spoken word or written theory whatever enters our consciousness must be interpreted in order to be understood Every area of inquiry art and literature philosophy and religion history and the social sciences even many aspects of the natural sciences involves countless opportunities to interpret the object of inquiry according to very different paradigms These paradigms may derive from the language we speak the nature of our education or personal preferences The abundance and diversity of paradigms make interpretation both fascinating in its complexity and often frustrating for the conflicts it generates In *Dialectical Readings* Dunning distinguishes three types of interpretation each defined in terms of a distinctive dialectical way of thinking theoretical interpretation which assumes binary oppositions transactional interpretation which seeks reciprocal relations and transformational interpretation which discerns paradoxical meanings Dunning offers new and insightful readings of familiar

texts by B F Skinner Claude L vi Strauss Lee Benson Roland Barthes Friedrich Nietzsche and Michel Foucault and sheds new light on works by Thomas Kuhn Joseph Campbell Reinhold Niebuhr S ren Kierkegaard Paul Tillich and Paul Ricoeur Dialectical Readings enables readers to recognize diverse dialectical approaches to understanding their own as well as those of others in a way that provides new and helpful insights into a wide variety of subjects in which conflicting interpretations abound

AI and IA Ted Peters, 2019-09-01 Will advances in AI Artificial Intelligence or IA Intelligence Amplification lead to the extinction of the human race as we know it Or will superintelligence lead to utopia In this collection of thoughtful essays we must first get clear on the question is artificial intelligence actually intelligent or not Only with an affirmative answer could our techies proceed toward their goal the creation of a superintelligence that leads through transhumanism to a posthuman entity that would replace today s human Should today s moderately intelligent human species voluntarily go extinct to make way for a more intelligent species to succeed us in evolutionary history These scientific questions are addressed in this volume in light of their theological ethical and social implications
