Lesley D Clement Allison McBain Hudson Kate Lawson Jessica Wen Hui Lim Lindsey McMaster E Holly Pike Katharine Slater Margaret Steffler and Anastasia Ulanowicz Lucy Maud Montgomery 1874 1942 was a Canadian author best known for writing the wildly popular *Anne of Green Gables*. At the time of its publication in 1908 it was an immediate bestseller and launched Montgomery to fame. Less known than the dreamy and accidentally mischievous Anne Shirley is Emily Byrd Starr the title character in the trilogy that followed much later in Montgomery's professional career *Emily of New Moon*. Published in 1923 *Emily of New Moon* is the first in a series of novels about an orphan girl growing up on Prince Edward Island a story that mirrors Anne's but intentionally resists many of the defining qualities of Montgomery's most famous creation. Despite being overshadowed by the immense popularity of *Anne of Green Gables* the *Emily of New Moon* trilogy has become a subject of endless fascination to fans and scholars around the world. The trilogy was conceived during an important phase in Montgomery's career during which she turned from Anne and plunged into more intricate aspects of gender adolescence nature and authorship. While the novels have attracted rich critical attention since their publication book length studies proved surprisingly scarce. L M Montgomery's *Emily of New Moon: A Children's Classic at 100* is the first scholarly volume exclusively dedicated to the trilogy coalescing different research perspectives. It offers a fresh point of entrance into a well loved classic at its one hundredth anniversary.
