debates centering on recent influential publications in the field In each debate the relevant publications will be first challenged by their critic and then defended by their author through which different and competing interpretations of Zhuangzi s ethical themes will directly confront each other These author meets critic debates will not only reflect what is currently at stake in discussing Zhuangzi s ethics but also engage and enrich the state of the field today This volume serves as a good companion to scholars as well as graduate level students who are interested in gaining philosophical and ethical insights from Zhuangzi and Chinese philosophy in general **Nature** Sir Norman Lockyer, 1906 *Deborah Butterfield*
