

# The Nature of Ancient Knowledge

We *also* learn that:

1. The gods/goddesses created and run the world (actually, the world *is* the gods/goddesses)
2. Therefore knowledge of the world is knowledge of the gods' actions and will
3. Humans were created to serve the gods
4. Knowledge of the world is useful to better serve the gods
5. Knowledge of the world is useful for humans, too (to help understand and predict events on earth, such as annual floods)

Morey,1999      The Nature and Extent of Divine Inspiration Charles Adolphus Row,1864      **The Holy Spirit's Work: Its Nature and Extent** George Cron,1880      **Experience, Culture and Religion in Systematic Theology** Edmond Zi-Kang Chua,2023-09-28 Most systematians take as their starting point the nature of God and scripture as the means by which God's nature is revealed but what would a systematic theology look like that began with an experiential knowledge of God Here Edmond Chua offers a method for just such an approach Beginning with realms of human experience including psychology cultural diversity and religious plurality he builds the framework of a systematic theology that is inclusive and pluriform while retaining the core tenets of a Christian doctrine of God Notwithstanding his novel methodology Chua's argument remains biblically rooted and appreciative of the Christian tradition In the latter half of the book he returns to the classical doctrines of the Trinity Christology evil sin and salvation allowing his inclusive view of the human religious experience to shed new light on the wisdom bequeathed by Paul Augustine Aquinas Luther Barth and others The result is a bold Christian vision that is culturally engaged and globally applicable of interest to systematic theologians while contributing to interreligious dialogue      **The Bible, Natural Theology and Natural Law: Conflict Or Compromise?** Robert A. Morey,2010-05 Dr Robert Morey's study of natural law and natural theology raises important questions that every Bible believer will want answered His careful study and explanation of various Bible passages will yield a useful orientation to the classic arguments furnished us by the Reformers and their faithful heirs Dr Nelson Kloosterman The present volume presents a devastating critique of natural theology and natural law Its argument is solidly biblical and its accumulation of biblical data is overwhelming I hope that God prospers it so that many will read it and take heed Dr John Frame A W Tozer said the most important thing about any person is what comes into their mind when they think of the word God If you digest Dr Morey's book you will think of God as the glorious One depicted in Holy Scripture John G Reisinger I appreciate Dr Morey's emphasis on making the Bible alone the theoretical basis for science and the arts All throughout the book he consistently points to the Scriptures as the basis for sustaining everything else Dr Simon Kistemaker      What Does God Know and when Does He Know It?
