

# NATURE, HISTORY, AND EXISTENTIALISM\*

BY KARL LÖWITZ

## I

WE ARE accustomed to confront nature with history, and we do so in consequence of a definite historical situation which arose in the sixteenth century with modern natural science. The natural antithesis to nature would be not history but art. In epochs when men were closer to nature than we are, as in classical antiquity, nature, or *physis*, was contrasted with art, or *techné*, that is, with the artificial, which is not "by nature" but is wrought by man, its artificer. According to the classical view, art can do no better than imitate nature. The seeming self-evidence of our familiar distinction between nature and history, and accordingly between natural sciences and humanities, has its origin at the beginning of modern times. Two sciences which characterized themselves as new ones gave the first philosophical expression to this distinction: the anti-Aristotelian natural science of Descartes, and Vico's anti-Cartesian "Scienza Nuova." The criterion of this distinction, however, lies primarily not in the difference of the respective fields but in the secondary distinction as to what can be known about nature and history scientifically. The priority of the problem of knowledge and method over the question of subject matter is again typically modern.

Descartes divided the whole realm of reality into two kinds of being: the *res cogitans* and the *res extensa*. From the principle of being-thinking he constructed nature as the object of mathematical physics. There is a true and certain knowledge about nature; about history nothing can be known truly and with

### **Nature History And Existentialism Introduction**

In today's digital age, the availability of Nature History And Existentialism books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Nature History And Existentialism books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Nature History And Existentialism books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Nature History And Existentialism versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Nature History And Existentialism books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Nature History And Existentialism books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Nature History And Existentialism books and manuals is Open Library.

Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Nature History And Existentialism books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Nature History And Existentialism books and manuals for download and embark on your journey of knowledge?
