Nature Of Faith:

The Nature of Faith Gerhard Ebeling, 1961 The Faith That Saves Fred Chay, John P. Correia, 2012-08-21 There is no more important issue in theological study than the meaning of faith in the New Testament The perennial problem of the misunderstanding concerning the nature of faith has produced a variety of theological errors as well as pastoral problems for the church In a day of rampant theological confusion concerning justification by faith the nature of faith is paramount This book provides a penetrating examination through exegetical precision concerning the nature of faith For those who believe in faith alone in Christ alone this book will guide you into an understanding of what faith is and what it is not This is a book that needed to be written and a book that must be read Earl Radmacher ThD President Emeritus Western Seminary Most evangelical Protestants agree that salvation is by faith alone in Christ alone However what they cannot agree on is the meaning of faith Are there different kinds of faith in the Bible Is there saving faith and non saving faith Is faith a matter of the mind or the emotions or the mind emotions and will Is faith active or passive on the part of the believer Is it a gift of God or a work of man All these questions and many more are explored in depth by Chay and Correia They have done a commendable job of dealing with words studies grammatical nuances and debated passages Such a work is long overdue Dave Anderson PhD President and professor of Theology Grace School of Theology President Free Grace Alliance Belief - What is It?
