[The Athabaskan Languages](#) Theodore Fernald, Paul Platero, 2000-05-25 The Native American language family called Athabaskan has received increasing attention from linguists and educators The linguistic chapters in this volume focus on syntax and semantics but also involve morphology phonology and historical linguistics Included is a discussion of whether religion and secular issues can be separated in Navajo classrooms

The Syntax of Aspect Nomi Erteschik-Shir, Tova Rapoport, 2005-05-26 This book investigates the way grammar deals with the representation of aspectual aktionsart concepts focussing on issues of the lexicon syntax interface The authors innovative analyses of this interface significantly advance our understanding of the role that syntax plays in determining verbal meaning aspectual interpretation and thematic information Various theories are developed in this collection including those that take as their starting point the lexical syntactic framework of Hale and Keyser prominent among which is the chapter by Hale and Keyser themselves By examining different phenomena in a cross linguistic perspective this book develops insights into the general theoretical question of universal grammar and acquisition as well as into the specific nature of the lexicon syntax

interface It is a major contribution to modern syntactic theory *Native American Language Ideologies* Paul V. Kroskrity, Margaret C. Field, 2009-04-15 Beliefs and feelings about language vary dramatically within and across Native American cultural groups and are an acknowledged part of the processes of language shift and language death This volume samples the language ideologies of a wide range of Native American communities from the Canadian Yukon to Guatemala to show their role in sociocultural transformation These studies take up such active issues as insiderness in Cherokee language ideologies contradictions of space time for the Northern Arapaho language socialization and Paiute identity and orthography choices and language renewal among the Kiowa The authors including members of indigenous speech communities who participate in language renewal efforts discuss not only Native Americans conscious language ideologies but also the often revealing relationship between these beliefs and other more implicit realizations of language use as embedded in community practice The chapters discuss the impact of contemporary language issues related to grammar language use the relation between language and social identity and emergent language ideologies themselves in Native American speech communities And although they portray obvious variation in attitudes toward language across communities they also reveal commonalities notably the emergent ideological process of iconization between a language and various national ethnic and tribal identities As fewer Native Americans continue to speak their own language this timely volume provides valuable grounded studies of language ideologies in action those indigenous to Native communities as well as those imposed by outside institutions or language researchers It considers the emergent interaction of indigenous and imported ideologies and the resulting effect on language beliefs practices and struggles in today s Indian Country as it demonstrates the practical implications of recognizing a multiplicity of indigenous language ideologies and their impact on heritage language maintenance and renewal

Argument Structure and Grammatical Relations Pirkko Suihkonen, Bernard Comrie, Valery Solovyev, 2012-07-18 This book is a collection of articles dealing with various aspects of grammatical relations and argument structure in the languages of Europe and North and Central Asia LENCA Topics covered with respect to individual languages are split intransitivity Basque causativization Agul transitives and causatives Korean and Japanese aspectual domain and quantification Finnish and Udmurt head marking principles Athabaskan languages and pragmatics Eastern Khanty and Xibe Typology of argument structure properties of give LENCA typology of agreement systems asymmetry in argument structure typology of the Amdo Sprachbund spatial realtors Northeastern Turkic core argument patterns languages of Northern California and typology of grammatical relations LENCA are the topics of articles based on cross linguistic data The broad empirical sweep and the fine tuned theoretical analysis highlight the central role of argument structure and grammatical relations with respect to a plethora of linguistic phenomena Formal Approaches to Function in Grammar Andrew Carnie, Heidi Harley, MaryAnn Willie, 2003-03-20 The contributions making up this volume in honor of Eloise Jelinek are written from a formalist perspective that deals with stereotypically functionalist questions about language Jelinek s pioneering work in formalist syntax has shown

that autonomous syntax need not exist in a vacuum Her work has highlighted the importance of incorporating the effects of discourse and information structure on the syntactic representation This book aims to invoke Jelinek s work either in substance or spirit The focus is on Jelinek s influential Pronominal Argument Hypothesis as an non configurational language the influence of discourse related interface phenomena on syntactic structure the syntactic analysis of the grammaticalization interactions between morphology phonology and phonetics and foundational issues about the link between formal grammar and function of language as well as the methodological issues underlying the different approaches to linguistics

Telicity and Durativity Andrea Luise Wilhelm,2007-01-22 This book studies the linguistic representation of events by examining the relevance of two salient event characteristics telicity and durativity to the grammatical system of natural language The study of events and of event characteristics is an important testing ground for theories on the boundary between extralinguistic and linguistic knowledge and on the relation between semantics and syntax Telicity and durativity are notions which have become increasingly influential in both the semantic and the syntactic i e grammaticalized representation of events The book furthers the understanding of events through the comparison of two genetically and typologically distinct languages German and D ne Sulin Chipewyan Athapaskan an indigenous language of Northwestern Canada It contains the first in depth documentation of the aspectual system of D ne Sulin and a careful analysis of the aspectual behaviour of German particle verbs A stringent methodology considers semantic pragmatic and grammatical factors in both languages The data reveal that telicity and durativity belong to profoundly different semantic and grammatical domains and that neither notion is grammaticalized universally While both notions are represented semantically in German as well as in D ne Sulin telicity is grammaticalized only in the former and durativity is grammaticalized only in the latter

Routes to Language , Athabaskan Language Studies Robert W. Young,1996 Many leading figures in the field of Athabaskan languages contributed to this volume and their range of topics matches Robert Young s interests Four papers deal with northern Athabaskan languages which Young studied in the 1930s The remaining essays focus on aspects of Navajo language and culture Young has specialized in this area for over fifty years in collaboration with his mentor William Morgan Sr Several essays present detailed analysis of verb and sentence structure in Navajo two are studies of Navajo literacy another examines Navajo philosophy and one offers the first study of how children learn the complexities of the Navajo verb Anyone interested in Navajo studies or Athabaskan languages will find these essays invaluable
