

Naval Strategy Of The World War

RS Peters

Naval Strategy Of The World War:

The Naval Strategy of the World War Wolfgang Wegener, 1989 A reprint of a classic work on German Naval strategy in WWI Annotation copyright Book News Inc Portland Or

Naval Strategy and Operations in Narrow Seas Milan N. Vego, 2013-09-05 First Published in 1999 Routledge is an imprint of Taylor Francis an informa company

War at Sea in the Middle Ages and the Renaissance John B. Hattendorf, Richard W. Unger, 2003 Wide ranging in place and time yet tightly focused on particular concerns these new and original specialist articles show how observations on the early history of warfare based on the relatively stable conditions of the late seventeenth century ignore the realities of war at sea in the middle ages and renaissance In these studies naval historians firmly grounded in the best current understanding of the period take account of developments in ships guns and the language of public policy on war at sea and in so doing give a stimulating introduction to five hundred years of maritime violence in Europe BOOK JACKET

Maritime Strategy and Sea Control Milan Vego, 2016-04-14 This book focuses on the key naval strategic objectives of obtaining and maintaining sea control During times of war sea control or the ability of combatants to enjoy naval dominance plays a crucial role in that side's ability to attain overall victory This book explains and analyzes in much greater detail sea control in all its complexities and describes the main methods of obtaining and maintaining it Building on the views of naval classical thinkers this book utilizes historical examples to illustrate the main methods of sea control Each chapter focuses on a particular method including destroying the enemy forces by a decisive action destroying enemy forces over time attrition containing enemy fleet choke point control and capturing important enemy's positions basing area The aim is to provide a comprehensive theory and practice of the struggle for sea control at the operational level It should therefore provide a guide to practitioners on how to plan and conduct operational warfare at sea The book will be of much interest to students of naval strategy defence studies and security studies

The Navy in the Post-Cold War World Colin S. Gray, 2010-11 The Navy in the Post Cold War World is the first book to invite the reader to think strategically explores the strategic relationship among sea land and air power with particular attention to the course of a conflict viewed as a whole and ventures boldly into the region of the meaning of space strategy for maritime power and the relevance of that power in the still emerging post Cold War security environment The Navy in the Post Cold War World is unusual because it is written by an internationally recognized general strategic theorist and analyst rather than by a long standing naval writer Gray is thus better able to view naval issues in proper perspective Gray delves deeply into the role of sea power as an enabling agent and team player in the overall enterprise of national and international security He provides the most current assessment of what sea and space power mean for each other as well as envisioning the future of maritime oriented defense

Fighting the Great War at Sea Norman Friedman, 2014-10-22 The overriding image of the First World War is the bloody stalemate of the Western Front but although much of the action did occur on land the overall shape of the war _ even the inevitability of British participation _ arose out of

its maritime character It was essentially a struggle about access to worldwide resources most clearly seen in the desperate German attempts to deal with the American industrial threat which ultimately levered the United States into the war and thus a consequence of British sea control

This radical new book concentrates on the way in which each side tried to use or deny the sea to the other and in so doing it describes rapid wartime changes not only in ship and weapon technology but also in the way naval warfare was envisaged and fought Combat produced many surprises some like the impact of the mine and torpedo are familiar but this book also brings to light many previously unexplored subjects like creative new tactical practices and improved command and control

The contrast between expectation and reality had enormous consequences not only for the course of the war but also for the way navies developed afterwards This book melds strategic technical and tactical aspects to reveal the First World War from a fresh perspective but also demonstrates how its perceived lessons dominated the way navies prepared for the Second

Jellicoe's War Nicholas Jellicoe, 2024-12-31

In February 1917 German U boats launched a savage unrestricted campaign against both Allied and neutral shipping At its peak in April 860 000 tons of Allied merchant shipping was sunk Britain's supremacy at sea was being severely challenged and with it the chances of victory in the wider war Taking up the challenge was Britain's new First Sea Lord Sir John Jellicoe until the previous December C in C of the Grand Fleet famously described by Churchill as the only man who could have lost the war in an afternoon The battle he now faced was equally critical although the timeline of defeat was a matter of days rather than hours Britain's food stocks were dangerously low with wheat reserves down to six weeks and sugar to only two while wide scale shortages were crippling the industrial economy Jellicoe outlined the gravity of the situation with total candor to Rear Admiral William Sims USN sent over before America officially declared war by Franklin Roosevelt the Assistant Secretary of the Navy The two men already knew each other from service together in China during the Boxer Rebellion so Jellicoe's plea for urgent American assistance was taken seriously by Sims After the USA joined the war in April 1917 together they lobbied Washington for aid addressing their needs directly to two reluctant Anglophobes at the head of the USN Secretary of the Navy Josephus Daniels and Chief of Naval Operations William Benson Clearly a radical new approach to anti submarine warfare was called for and Convoy was the leading contender There were many objections to protecting shipping in this way some ideological but most practical a workable system for example effectively required state control of both shipping and distribution networks something inconceivable in normal circumstances However Convoy had powerful advocates including the Prime Minister Lloyd George who later claimed he had personally forced its adoption on a reluctant Admiralty This self serving political myth cast Jellicoe as an opponent of Convoy nothing could be further from the truth As both Jellicoe and Sims understood the key requirement was a rapid increase in the number of destroyers for escort duties America provided them the first arriving in Queenstown Ireland on 4 May and by June 46 were operating in European waters This was the first step in an Anglo American campaign that gradually brought the U boat threat under control and led to its ultimate defeat

This book takes a fresh look at the undersea war as a whole and all the complex factors bearing on the campaign only one of which was convoy Its analysis is original and its conclusions thought provoking an important contribution to the naval history of the Great War A Guide to Naval Strategy Bernard Brodie,1977 **Maritime Strategy and Sea Denial** Milan Vego,2018-12-07 This book focuses on the theory and practice of maritime strategy and operations by the weaker powers at sea Illustrated by examples from naval and military history the book explains and analyzes the strategies of the weaker side at sea in both peacetime and wartime in defense versus offense the main prerequisites for disputing control of the sea and the conceptual framework of disputing control of the sea It also explains and analyzes in some detail the main methods of disputing sea control avoiding seeking decisive encounters weakening enemy naval forces over time counter containment of enemy naval forces destroying the enemy s military economic potential at sea attacks on the enemy coast defense of the coast defense capturing important positions basing areas and defense capturing of a choke point A majority of the world s navies are currently of small or medium size In the case of a war with a much stronger opponent they would be strategically on the defensive and their main objective then would be to dispute control of the sea by a stronger side at sea This book provides a practical guide to such a strategy This book would be of much interest to students of naval power maritime security strategic studies and military naval history **ULTRA at Sea** John Winton,1988 Winston describes in exciting detail the ways the Allies acquired Nazi special intelligence and then used it to find and destroy battleships *Strategy and the Sea* N. A. M. Rodger,Jeremiah Ross Dancy,Benjamin Darnell,Evan Wilson,2016 An important book presenting the latest insights by the leading world authorities on naval history This book presents a wide range of new research on many aspects of naval strategy in the early modern and modern periods Among the themes covered are the problems of naval manpower the nature of naval leadership and naval officers intelligence naval training and education and strategic thinking and planning The book is notable for giving extensive consideration to navies other than those of Britain its empire and the United States It explores a number of fascinating subjects including how financial difficulties frustrated the attempts by Louis XIV s ministers to build a strong navy how the absence of centralised power in the Dutch Republic had important consequences for Dutch naval power how Hitler s relationship with his admirals severely affected German naval strategy during the Second World War and many more besides The book is a Festschrift in honour of John B Hattendorf for more than thirty years Ernest J King Professor of Maritime History at the US Naval War College and an influential figure in naval affairs worldwide N A M Rodger is Senior Research Fellow at All Souls College Oxford J Ross Dancy is Assistant Professor of Military History at Sam Houston State University Benjamin Darnell is a D Phil candidate at New College Oxford Evan Wilson is Caird Senior Research Fellow at the National Maritime Museum Greenwich Contributors Tim Benbow Peter John Brobst Jaap R Bruijn Olivier Chaline J Ross Dancy Benjamin Darnell James Goldrick Agust n Guimer Paul Kennedy Keizo Kitagawa Roger Knight AndrewD Lambert George C Peden Carla Rahn Phillips Werner Rahn Paul M Ramsey Duncan Redford N A M

Rodger Jakob Seerup Matthew S Seligmann Geoffrey Till Evan Wilson **Maritime Strategy and Global Order** Daniel Moran, James Avery Russell, 2016-05-15 An international roster of top scholars explores the role of naval power and maritime trade in creating the modern international system This book is both a history of maritime strategy sea power and seaborne commerce from the nineteenth century to the present day and an examination of current strategic issues **Harper's Pictorial Library of the World War** Albert Bushnell Hart, 1920 Operational Warfare at Sea Milan Vego, 2017-07-06 This book provides a comprehensive analysis of both the theory and practice of operational warfare at sea and this 2nd edition has been thoroughly revised with two completely new chapters If Mahan Ran the Great Pacific War John A. Adams, 2008-07-15 Alfred Thayer Mahan's *The Influence of Sea Power upon History 1660-1783* was one of the most influential books on military strategy in the first half of the 20th century A core text in the naval war colleges of the United States Britain and Japan Mahan's book shaped doctrine for the conduct of war at sea Adams uses Mahan's ideas to discuss the great Pacific sea battles of World War II and to consider how well they withstood the test of actual combat Reexamining the conduct of war in the Pacific from a single analytic viewpoint leads to some surprising conclusions about the Japanese attack on Pearl Harbor the Doolittle Raid the Battle of the Coral Sea the recapture of the Philippines and the submarine war Naval historians and armchair strategists alike will find much food for thought in these engrossing pages *Maritime Strategy And The Balance Of Power* John B Hattendorf, Robert S Jordand, 1989-10-24 A collection of essays on British and American maritime relationships in the 20th century together with details on the British organization of warfare Anglo American maritime theory their rivalries and coalitions and their plans for dealing with a future war in the nuclear age

The United States in World War I James T. Controvich, 2023-05-08 With the centennial of the First World War rapidly approaching historian and bibliographer James T Controvich offers in *The United States in World War I A Bibliographic Guide* the most comprehensive up to date reference bibliography yet published Organized by subject this bibliography includes the full range of sources vintage publications of the time books pamphlets periodical titles theses dissertations and archival sources held by federal and state organizations as well as those in public and private hands including historical societies and museums As Controvich's bibliographic accounting makes clear there were many facets of World War I that remain virtually unknown to this day Throughout Controvich's bibliography tracks the primary sources that tell each of these stories and many others besides during this tense period in American history Each entry lists the author title place of publication publisher date of publication and page count as well as descriptive information concerning illustrations plates ports maps diagrams and plans The armed forces section carries additional information on rosters awards citations and killed and wounded in action lists *The United States in World War I A Bibliographic Guide* is an ideal research tool for students and scholars of World War I and American history *Naval Power in the War 1914-1918 (1919)* Charles Clifford Gill, 2008-08-01 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks

notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work **This People's Navy** Kenneth J. Hagan,1992-08-21 A sweeping account of the American naval experience from the wooden Continental Navy to contemporary projections for the service s high tech mission in the next century **World War I** Spencer C. Tucker,2014-10-28 Offering exhaustive coverage detailed analyses and the latest historical interpretations of events this expansive five volume encyclopedia is the most comprehensive and detailed reference source on the First World War available today One hundred years after the beginning of World War I in 1914 this conflict still stands as perhaps the most important event of the 20th century World War I toppled all of the existing empires at the time transformed the Middle East and vaulted the United States to becoming the world s leading economic power Its effects were profound and lasting and included outcomes that led to World War II This multivolume encyclopedia provides a wide ranging examination of World War I that covers all of the important battles key individuals both civilian and military weapons and technologies and diplomatic social political cultural military and economic developments Suitable as a reference tool for high school and undergraduate students as well as faculty members and graduate level researchers World War I The Definitive Encyclopedia and Document Collection offers accessible in depth information and up to date analyses in a format that lends itself to quick and easy use The set comprises alphabetically arranged cross referenced entries accompanied by further reading selections as well as a comprehensive bibliography A fifth volume provides chronologically arranged documents and an A Z index

Naval Strategy Of The World War Introduction

In today's digital age, the availability of Naval Strategy Of The World War books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Naval Strategy Of The World War books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Naval Strategy Of The World War books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Naval Strategy Of The World War versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Naval Strategy Of The World War books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Naval Strategy Of The World War books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Naval Strategy Of The World War books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Naval Strategy Of The World War books

and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Naval Strategy Of The World War books and manuals for download and embark on your journey of knowledge?

FAQs About Naval Strategy Of The World War Books

1. Where can I buy Naval Strategy Of The World War books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Naval Strategy Of The World War book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.).
