Naval Operations Volume Iv:

Naval operations Henry Newbolt, 1928 Jellicoe's War Nicholas Jellicoe, 2024-12-31 In February 1917 German U boats launched a savage unrestricted campaign against both Allied and neutral shipping At its peak in April 860 000 tons of Allied merchant shipping was sunk Britain's supremacy at sea was being severely challenged and with it the chances of victory in the wider war Taking up the challenge was Britain's new First Sea Lord Sir John Jellicoe until the previous December C in C of the Grand Fleet famously described by Churchill as the only man who could have lost the war in an afternoon The battle he now faced was equally critical although the timeline of defeat was a matter of days rather than hours Britain's food stocks were dangerously low with wheat reserves down to six weeks and sugar to only two while wide scale shortages were crippling the industrial economy Jellicoe outlined the gravity of the situation with total candor to Rear Admiral William Sims USN sent over before America officially declared war by Franklin Roosevelt the Assistant Secretary of the Navy The two men already knew each other from service together in China during the Boxer Rebellion so Jellicoe's plea for urgent American assistance was taken seriously by Sims After the USA joined the war in April 1917 together they lobbied Washington for aid addressing their needs directly to two reluctant Anglophobes at the head of the USN Secretary of the Navy Josephus Daniels and Chief of Naval Operations William Benson Clearly a radical new approach to anti submarine warfare was called for and Convoy was the leading contender There were many objections to protecting shipping in this way some ideological but most practical a workable system for example effectively required state control of both shipping and distribution networks something inconceivable in normal circumstances However Convoy had powerful advocates including the Prime Minister Lloyd George who later claimed he had personally forced its adoption on a reluctant Admiralty This self serving political myth cast Jellicoe as an opponent of Convoy nothing could be further from the truth As both Jellicoe and Sims understood the key requirement was a rapid increase in the number of destroyers for escort duties America provided them the first arriving in Queenstown Ireland on 4 May and by June 46 were operating in European waters This was the first step in an Anglo American campaign that gradually brought the U boat threat under control and led to its ultimate defeat This book takes a fresh look at the undersea war as a whole and all the complex factors bearing on the campaign only one of which was convoy Its analysis is original and its conclusions thought provoking an important contribution to the naval history of the Great War

Maritime Strategy and Sea Denial Milan Vego, 2018-12-07 This book focuses on the theory and practice of maritime strategy and operations by the weaker powers at sea Illustrated by examples from naval and military history the book explains and analyzes the strategies of the weaker side at sea in both peacetime and wartime in defense versus offense the main prerequisites for disputing control of the sea and the conceptual framework of disputing control of the sea It also explains and analyzes in some detail the main methods of disputing sea control avoiding seeking decisive encounters weakening enemy naval forces over time counter containment of enemy naval forces destroying the enemy's military

economic potential at sea attacks on the enemy coast defense of the coast defense capturing important positions basing areas and defense capturing of a choke point A majority of the world's navies are currently of small or medium size In the case of a war with a much stronger opponent they would be strategically on the defensive and their main objective then would be to dispute control of the sea by a stronger side at sea This book provides a practical guide to such a strategy This book would be of much interest to students of naval power maritime security strategic studies and military naval history *Battles and Leaders of the Civil War: Volume IV*, 1888 Papers Relating to the Treaty of Washington. Volume IV.-Geneva Arbitration, 1872 **The U.S. Air Service in World War I, Volume IV: Postwar Review**, 1979 Following the Armistice in 1918 Maj Gen Mason M Patrick Chief of Air Service American Expeditionary Forces directed that a record be made of lessons learned during the war This information he believed was needed for planning the Air Service of the future The reports prepared by commanders pilots observers and other members of the various Air Service units in response to General Patrick's directive are of considerable historical interest for the information they contain about the Air Service and its employment at the front A select group of the reports on lessons learned make up Part 1 of this volume of World War I documents on U S military aviation Part II is devoted to a report on the effects of Allied bombing in World War I This long forgotten document the result of a post war investigation by the Air Intelligence Section of General Headquarters American Expeditionary Forces is the counterpart of the well known United States Strategic Bombing Survey of World War II **Defense of Japan 1945** Steven J. Zaloga, 2011-12-20 In 1945 with her fleet destroyed and her armies beaten the only thing that stood between Japan and an Allied invasion was the numerous coastal defence positions that surrounded the islands This is the first book to take a detailed look at the Japanese home island fortifications that were constructed during 1941-45 Utilizing diagrams specially commissioned artwork and sources previously unavailable in English Steven Zaloga examines these defences in the context of a possible Allied invasion constructing various arguments for one of the greatest what if scenarios of World War II and helping to explain why the Americans decided to go ahead with a nuclear option *Handbook for the Q.F.* Great Britain. War Office, 1929 **American Amphibious Gunboats in World War II** Robin L. Rieley, 2013-05-13 As the United States began its campaign against numerous Japanese held islands in the Pacific Japanese tactics required them to develop new weapons and strategies One of the most crucial to the island assaults was a new group of amphibious gunboats that could deliver heavy fire close in to shore as American forces landed These gunboats were also to prove important in the interdiction of inter island barge traffic and late in the war the kamikaze threat Several variations of these gunboats were developed based on the troop carrying LCI L They included three conversions of the LCI L with various combinations of guns rockets and mortars and a fourth gunboat the LCS L based on the same hull but designed as a weapons platform from the beginning By the end of the war the amphibious gunboats had proven their worth *Technical Abstract Bulletin* Defense Documentation Center (U.S.), 1964 **The Monthly Army List** Great Britain. Department of the Army. Office of Military History,1962 **The Battle of Jutland** Richard Osborne,2016-07-31 The Battle of Jutland was the greatest naval engagement of the First World War if not any war Admiral Scheer had adopted a policy of launching attacks against the British coast What he did not know was that the British had broken his naval codes and that they knew of his plans Consequently when Scheer threw his entire fleet in a mission to attack the British mainland in May 1916 he could not know that the Royal Navy at Scapa Flow were underway This is a fresh account of this greatest naval engagement it offers fascinating insight into the events preceding the action the tactics during the battle and the political and military fall out The book draws on released official records and personal accounts Jellicoe failed to ensnare Scheer and the bulk of the German fleet which escaped battered but intact The Germans knew however that despite their great fleet it was the Royal Navy that controlled the North Sea The Army Quarterly ,1928 The Encyclopedia Britannica James Louis Garvin, Franklin Henry Hooper, Warren E.
