DISCIPLESHIP Gary Beisheim,2024-01-17 This book is a must read for every Christian desiring to deepen and strengthen their relationship with Jesus Christ The author provides a renewed insight for the church and for individuals into being and making disciples by going back to the historic roots of the word disciple i e what it meant in ancient times He also demonstrates what Jesus really meant when He said Go make disciples Mr Beisheim also shows how the word and concept have become distorted and watered down in all but a few churches in America In today s world it is just a concept or a course or a program using terms like mentoring or coaching you will find it is so much more The author does this by redefining what the word disciple and making disciples really means Then the author explains Jesus s only two commands love God and love one another Finally the author spends time on what to teach others ways in which you and Christ can really dive deep and get to know each other The result is a radically renewed way of thinking about being a disciple not merely an occasional churchgoer and making disciples and life itself and how this concept can shape a way of living that affects every relationship you have This is not some concept that worked only in Jesus s day but one which works today in our world as illustrated and attested to by the author 2
