**The Royal Navy and the Slave Trade** Raymond C. Howell, 2022-09-21 The Royal Navy and the Slave Trade first published in 1987 offers a detailed analysis of the Royal Navy's slave trade suppression on the East Coast of Africa an area often neglected in studies of the campaigns against the slavers It traces the naval impact on the Arab slave trade from Zanzibar dominions and the political implications of that involvement The naval contribution to the broader Imperial debate is also considered It breaks new ground by dealing with naval operations off East Africa and by presenting an analysis of the interaction of the various Imperial officials in the region and the subsequent development of British policy The Navy and the Slave Trade Christopher Lloyd, 2012-11-12 This work shows the extent to which the shipping of Africans to the Americas continued after the Abolition Act of 1807

**The Royal Navy and the Slavers** W.E.F. Ward, 2022-09-21 The Royal Navy and the Slavers first published in 1969 examines not only the Royal Navy's 60 year campaign to eradicate slavery but also the British Government's diplomatic pressure on other countries to discontinue the slave trade It analyses Captain's logs and despatches and their evidence at trials of the men they captured as well as looking at the messages from British ambassadors and consuls around the world

**Africa Squadron** Donald L. Canney, 2006 Donald L Canney OCO's study is the first book length history of the U S Navy OCO's Africa Squadron Established in 1842 to enforce the ban on importing slaves to the United States in twenty years OCO time the squadron proved ineffective To officers and enlisted men alike duty in the squadron was unpopular The equatorial climate departmental neglect and judicial indifference which allowed slavers back at sea all contributed to the sailors OCO frustration Later the most damaging allegation was that the squadron had failed at its mission Canney investigates how this unit earned a poor reputation and whether it is deserved Though U S warships seized slave vessels as early as 1800 four decades passed before the Navy established a permanent squadron off the western coast of Africa to interdict U S flag vessels participating in this trade Canney traces the Navy OCO's role in interdicting the slave trade Great Britain OCO's pressure on the U S government to curb slave traffic the creation of the squadron and how individual politicians department secretaries captains and squadron commanders interpreted the laws and orders from higher authorities changing squadron operations While famous ships and captains served on this station none won distinction in the Africa Squadron In the final analysis the squadron was unsuccessful even though it was the Navy OCO's only permanent squadron with a specific congressionally mandated mission to maintain a quasi blockade on a foreign shore While Canney exonerates southern born naval captains who approached their work as diligently as their counterparts from the north he demonstrates how the secretaries of the Navy OCO pro slavery southern politicians OCO neglected the squadron

**The Royal Navy and the Slave Trade** Raymond Howell, 1987

**Royal Navy Versus the Slave Traders** Bernard Edwards, 2008-03-24 The acclaimed naval historian sheds significant light on the Royal Navy's role in fighting the African slave trade through years of bitter battle at sea On March 16th 1807 the British Parliament passed The Abolition of the Slave

Trade Act The following year the Royal Navy's West African Squadron was formed for the purpose of stopping and searching ships at sea suspected of carrying enslaved people. But with typical thoroughness the Royal Navy took the fight to the enemy sailing boldly up uncharted rivers and creeks to attack the barracoons where slave traders prepared their shipments. For much of its long campaign against the evil of slavery Britain's Navy fought alone and unrecognized. Its enemies were many and formidable. Ranged against it were the African chiefs who sold their own people into slavery and the slave ships of the rest of the world heavily armed and prepared to do battle to protect their right to traffic in so called black ivory.

**Britain's War Against the Slave Trade** Anthony Sullivan, 2020-04-30 The true story of the Royal Navy's sixty year campaign to stop slavery across the British Empire decades before the American Civil War. Long before recorded history men, women and children had been seized by conquering tribes and nations to be employed or traded as slaves. Greeks, Romans, Vikings and Arabs were among the earliest of many peoples involved in the slave trade and across Africa the buying and selling of slaves was widespread. There was at the time nothing unusual in Britain's somewhat belated entry into the slave trade transporting natives from Africa's west coast to the plantations of the New World. What was unusual was Britain's decision in 1807 to ban the slave trade throughout the British Empire. Britain later persuaded other countries to follow suit but this did not stop this lucrative business. So the Royal Navy went to war against the slavers in due course establishing the West Africa Squadron which was based at Freetown in Sierra Leone. This force grew throughout the nineteenth century until a sixth of the Royal Navy's ships and marines was employed in the battle against the slave trade. Between 1808 and 1860 the West Africa Squadron captured 1,600 slave ships and freed 150,000 Africans. In Britain's War Against the Slave Trade naval historian Anthony Sullivan reveals the story behind this little known campaign. Whereas Britain is usually and justifiably condemned for its earlier involvement in the slave trade the truth is that in time the Royal Navy undertook a major and expensive operation to end what was and is an evil business.

Opposing the Slavers Peter Grindal, 2019 Much is known about Britain's role in the Atlantic slave trade during the eighteenth century but few are aware of the sustained campaign against slaving conducted by the Royal Navy after the passing of the Slave Trade Abolition Act of 1807. Peter Grindal provides the definitive account of this little known yet important part of the British, European and American history. Drawing on original sources to provide a comprehensive and engaging narrative of the naval operations against slavers of all nations in particular Portugal, Spain, the Netherlands and Brazil he describes how illegal traders sought to evade treaty obligations, reveals the obduracy of the USA that prolonged the slave trade and shows how despite inadequate resources the Royal Navy's sixty year campaign forced slavers to expend ever greater sums to conduct their business and confront the losses inflicted by capture and condemnation. A work that will transform our understanding of the Royal Navy's campaign against the Atlantic slave trade.

The Struggles of the Royal Navy in Suppressing the Slave Trade Emre Yildiz, 2013-08-19 Seminar paper from the year 2013 in the subject Politics Region Western Europe grade 1.00 Jacobs University Bremen gGmbH School of Humanities and

Social Sciences course International Relations of the 19th Century Internationale Beziehungen im 19 Jahrhundert language English abstract Once the abolishment campaign started in 1806 the British increasingly engaged in persuading other countries to cease their trades in slaves and further by employing naval forces as of 1808 the British actively pursued the implementation of the prohibition laws in West Africa s Atlantic regions However thirty years after the Navy had started its counteracting work by looking at the achievements of the Royal Navy the British Parliamentary Committees saliently concluded that the suppression had been a failure so far What were the difficulties the British Navy faced and made their activities considered as unsuccessful While scholars dealt thoroughly with the Atlantic Slave Trade and its suppression between 1808 and 1867 little attention has been paid to the various limitations and difficulties the Royal Navy had to operate under in the first four decades of its commence This essay aims to provide an understanding as to why the British Navy had achieved so little initially in suppressing the forced migration of slaves from Africa to the Americas It will look at a variety of aspects and factors which seem to play a significant role in exacerbating the Navy s operation until 1850 It will argue that the interplay of these factors is mainly responsible for preventing the Navy from working effectively against the Atlantic Slave Traffic

**The Royal Navy and the Suppression of the Atlantic Slave Trade C.1807-1867** Mary Wills,2012 This thesis examines the Royal Navy s efforts to suppress the transatlantic slave trade between 1807 and the mid 1860s The role of the West Africa squadron in detaining slave ships embarking from the West African coast was instrumental in the transformation of Britain s profile from a prolific slave trading nation to the principal emancipator of enslaved Africans The wider framework for naval suppression encompassed international law official policy and diplomacy but at the operational frontline of the campaign were naval personnel This history of suppression shifts the emphasis from political and diplomatic contexts to the experiences of naval officers tasked with the delivery of the anti slavery message positioning them at the heart of Britain s abolitionist campaign on the West African coast Through officers narratives and personal testimonies found in letters journals report books and diaries it examines the reactions relations and encounters of these agents of change and their contributions to the exchange of information crucial to Britain s anti slavery efforts in West Africa The personal social and cultural experiences of naval officers provide insight into attitudes towards the key themes of Britain s abolitionist mission namely anti slavery beliefs burgeoning empire and national identity In their responsibilities to confront the human trauma of the slave trade and liberate enslaved Africans officers engaged with humanitarian ideals and anti slavery rhetoric These ideas had significant impact on how they conceived their identity as Britons and the nature of their duty as naval personnel but could be undermined by their disgust at the conditions of service on the West African coast Officers were also at the forefront of Britain s broader anti slavery assault on shore intended to reform West African society to European civilised standards In their encounters with slavery and African peoples officers faced numerous concerns including concepts of racial identity paternalism and the true meanings of freedom

*Royal Navy Versus the Slave Traders* Bernard

Edwards,2021-08-30 On 16 March 1807 the British Parliament passed The Abolition of the Slave Trade Act In the following year the Royal Navy s African Squadron was formed its mission to stop and search ships at sea suspected of carrying slaves from Africa to the Americas and the Middle East With typical thoroughness the Royal Navy went further and took the fight to the enemy sailing boldly up uncharted rivers and creeks to attack the barracoon s where the slaves were assembled ready for shipment For much of its long campaign against the evil of slavery Britain s Navy fought alone and unrecognised Its enemies were many and formidable Ranged against it were the African chiefs who sold their own people into slavery the Arabs who rode shotgun on the slave caravans to the coast and the slave ships of the rest of the world heavily armed and prepared to do battle to protect their right to traffic in the forbidden black ivory The war was long and bitter and the cost to the Royal Navy in ships and men heavy but the result was worthy of the sacrifices made The abolition of the slave trade led to a scramble for empires and in place of slaves Africa began to export cocoa coffee timber palm oil cotton and ores all very much in demand in the West

## **Suppression of the African Slave-Trade to the United States of America 1638-1870** W. E. B. Du Bois, 2020-06-15

This book is the PhD dissertation of W E B Du Bois the famous African American author of 20th century Based upon the study of various sources like national State and colonial statutes Congressional documents reports of societies personal narratives etc he has done a meticulous study of the African American Slave Trade to USA from 1638 1870 In his view the question of the suppression of the slave trade is so intimately connected with the questions as to its rise the system of American slavery and the whole colonial policy of the eighteenth century that it is difficult to isolate it Yet Du Bois has done an excellent research into the background of America s most turbulent and often neglected past Read on *The Suppression of the African Slave Trade to America (1638-1870)* W.E.B. Du Bois, 2018-03-21 This eBook edition of The Suppression of the African Slave Trade to America has been formatted to the highest digital standards and adjusted for readability on all devices This monograph was begun during my residence as Rogers Memorial Fellow at Harvard University and is based mainly upon a study of the sources i e national State and colonial statutes Congressional documents reports of societies personal narratives etc The collection of laws available for this research was I think nearly complete on the other hand facts and statistics bearing on the economic side of the study have been difficult to find and my conclusions are consequently liable to modification from this source The question of the suppression of the slave trade is so intimately connected with the questions as to its rise the system of American slavery and the whole colonial policy of the eighteenth century that it is difficult to isolate it and at the same time to avoid superficiality on the one hand and unscientific narrowness of view on the other While I could not hope entirely to overcome such a difficulty I nevertheless trust that I have succeeded in rendering this monograph a small contribution to the scientific study of slavery and the American Negro William Edward Burghardt W E B Du Bois 1868 1963 was an American sociologist historian civil rights activist Pan Africanist author writer and editor Born in Great Barrington Massachusetts Du Bois grew up in a relatively tolerant and integrated community After completing graduate work at the University of Berlin and Harvard where he was the first African American to earn a doctorate he became a professor of history sociology and economics at Atlanta University Du Bois was one of the co founders of the National Association for the Advancement of Colored People in 1909 **The Slaveholding Republic** the late Don E. Fehrenbacher, 2002-12-19 Many leading historians have argued that the Constitution of the United States was a proslavery document But in The Slaveholding Republic one of America s most eminent historians refutes this claim in a landmark history that stretches from the Continental Congress to the Presidency of Abraham Lincoln Fehrenbacher shows that the Constitution itself was more or less neutral on the issue of slavery and that in the antebellum period the idea that the Constitution protected slavery was hotly debated many Northerners would concede only that slavery was protected by state law not by federal law Nevertheless he also reveals that U S policy abroad and in the territories was consistently proslavery Fehrenbacher makes clear why Lincoln s election was such a shock to the South and shows how Lincoln s approach to emancipation which seems exceedingly

cautious by modern standards quickly evolved into a Republican revolution that ended the anomaly of the United States as a slaveholding republic
