Navy Surgeon In California 1846 1847:

A Navy Surgeon in California, 1846-1847 Marius Duvall, 1957 **Americans and the California Dream, 1850-1915**
Kevin Starr, 1973 Series statement from author s Material dreams Bibliography p 460 479 *The Mexican War, 1846-1848*
Karl Jack Bauer, 1992-01-01 Much has been written about the Mexican war but this is the best military history of that conflict
Leading personalities civilian and military Mexican and American are given incisive and fair evaluations The coming of war is
seen as unavoidable given American expansion and Mexican resistance to loss of territory compounded by the fact that
neither side understood the other The events that led to war are described with reference to military strengths and
weaknesses and every military campaign and engagement is explained in clear detail and illustrated with good maps
Problems of large numbers of untrained volunteers discipline and desertion logistics diseases and sanitation relations with
Mexican civilians in occupied territory and Mexican guerrilla operations are all explained as are the negotiations which led to
war s end and the Mexican cession This is an outstanding contribution to military history and a model of writing which will be
admired and emulated Journal of American History K Jack Bauer was also the author of Zachary Taylor Soldier Planter
Statesman of the Old Southwest 1985 and Other Works Robert W Johannsen who introduces this Bison Books edition of The
Mexican War is a professor of history at the University of Illinois Urbana and the author of To the Halls of Montezumas The
Mexican War in the American Imagination 1985 **United States Naval History** United States. Navy Department.
Library, 1993 *United States Naval History* Barbara A. Lynch, John E. Vajda, 1993 **California Conquered** Neal
Harlow, 1989-04-14 This book began as a venture to collect official and unofficial documents relating to the interval of
American military rule There proved to be thousands the writings of Presidents executive officers and congressmen naval and
military personnel governors settlers and citizens routine familiar wheedling seductive blustering commanding As the
quantity grew they seemed eager to be heard But the documents exhibit the traits of their makers Containing neither the
whole truth nor nothing but the truth they offer many sided versions of what people believed or wanted others to accept they
must be taken with a grain of salt Long sometimes garbled and always incomplete the record requires assessment a referee
to appraise the evidence and form his own imperfect conclusions And any curious or dissenting reader may by consulting the
numerous cited sources make his own interpretations References whenever possible have been made to materials in some
printed form leading an inquirer to a vast array of historical evidence Everything herein happened or so the record tells and
if an assumption has been made it is that men issues and events can be interesting in their own right without exaggeration
To exaggerate a knowing urban child recently observed means you put in something to make it more exciting Los Angeles
