Deb,2015-01-01 Over the years North East India remained the hotbed of militant extremism largely attributable to identity politics seeking to institutionalise political aspirations of various ethnic communities The emergence of educated middle class and a growing sense of alienation of the people from mainstream India has also had the effect of triggering growth of militant organizations adding substantially to political dynamics of the region The proliferation of rebel groups coincided with the exclusion of economic issues and instruments in the ongoing peace process which has so far failed to address the core issues In fact the security dimensions of extremism often overshadowed development concerns of this resource rich region The book attempts to analyse the sustaining force of state specific extremism without which any possible political solution will only remain a far cry **From Popular Movements to Rebellion** Ranabir Samaddar,2018-11-21 From Popular Movements to Rebellion The Naxalite Decade argues that without an understanding of the popular sources of the rebellion of that time the age of the Naxalite revolt will remain beyond our understanding Many of the chapters of the book bring out for the first time unknown

peasant heroes and heroines of that era analyses the nature of the urban revolt and shows how the urban revolt of that time anticipated street protests and occupy movements that were to shake the world forty fifty years later This is a moving and poignant book Some of the essays are deeply reflective about why the movement failed and was at the end alienated Ranabir Samaddar says that the Naxalite Movement has been denied a history The book also carries six powerful short stories written during the Naxalite Decade and which are palpably true to life of the times The book has some rare photographs and ends with newspaper clippings from the period As a study of rebellious politics in post Independent India this volume with its focus on West Bengal and Bihar will stand out as an exceptional history of contemporary times From Popular Movements to Rebellion The Naxalite Decade will be of enormous relevance to students and scholars of history politics sociology and culture and journalists and political and social activists at large Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka

Untouchable Fictions Toral Jatin Gajarawala,2012-12-12 Untouchable Fictions considers the crisis of literary realism progressive rural regionalist experimental in order to derive a

literary genealogy for the recent explosion of Dalit untouchable caste fiction Drawing on a wide array of fiction from Premchand and Renu in Hindi to Mulk Raj Anand and V S Naipaul in English Gajarawala illuminates the dark side of realist complicity a hidden aesthetics and politics of caste How does caste color the novel What are its formal tendencies What generic constraints does it produce Untouchable Fictions juxtaposes the Dalit text and its radical critique with a history of progressive literary movements in South Asia Gajarawala reads Dalit writing dialectically doing justice to its unique and groundbreaking literary interventions while also demanding that it be read as an integral moment in the literary genealogy of the 20th and 21st century How might we trace the origins of the rise of Dalit fiction in the critical realism of the Progressive Writers Association of the 1930s or in the gaps laid bare by the peasant novel of the 1950s And what kind of dialogue does untouchable caste writing with its more famous counterpart the Anglophone fiction of the last few decades Under Gajarawala's lens the aesthetic languages of Hindi and English are intertwined and caste becomes a central category of literary analysis This book grounded in the fields of postcolonial theory South Asian literatures and cultural studies will be important for all readers interested in the problematic relations between aesthetics and politics between social movements and cultural production Engaged as it is with contemporary theories of realism and the problem of aesthetics it would also be of interest to students of English comparative literature contemporary Third World literature and historians of literary movements More specifically as a text that considers recent developments in genre theory and South Asian fiction it would interest scholars of the Indian and Indian Anglophone novel Finally this project as an interrogation of caste politics in the cultural sphere is an important contribution to the burgeoning field of Dalit studies

participation can strengthen those initiatives by enhancing the community policing measures The study is focussed on Hyderabad There are multiple manifestations of internal security which are both implicit and explicit Communalism has been identified as one of the principal threats to internal security with specific reference to Hyderabad In this background it is highly desirable and required to strengthen community to face any eventualities and encourage working and functional partnership with security and law enforcement agencies especially the police forces Police or community alone cannot manage security concerns In these globalized times strong partnership between community and police is mandatory The book based on primary research tries to establish that community policing can be a significant factor in addressing the internal security threats *Development Ethics* Prasenjit Maiti,2008 With special reference to India *Collage* Subhankar Banerjee,2016-07-07 Starting days back to pre independence and covering a millennia in one side Collage portrays those unfortunate and truly evil societal barriers as well as the determined enlightened and young generation of breakers of those barriers It narrates the war ground called Society where the knowledge and morality confronts prejudices and burden of viciousness It depicts those agonies and sacrifices the young generation has to bear when it thrusts to break through the mighty and apparently invincible chains of centuries old chauvinisms In the other side Collage is all about those treasured episodes that depicts how a child born in a lavish family becomes almost an orphan How humiliations from those relations he believed interminable turns him taller stronger and determined to overcome all odds How life teaches him to feel the anguishes of the underprivileged and encourage a feeble boy to become a sturdy man who dares to stand and face the mighty and egotistical lot in the society It narrates how dignity determination and sense of duty makes a man complete But the question remains Does that end there **First International Conference of the South Asian Society of Criminology and Victimology (SASCV), 15-17 January 2011, Jaipur, Rajasthan, India** K.
