The Mythology of Kobe Bryant Darvin Anton Adams, 2022-10-21 Adams defines the mythology of Kobe Bryant as the ways and means in which Kobe's inspirational greatness transcended the culture of sport and the ever changing context of human existence as we know it Here the mythological greatness of Kobe Bryant in life and death leaves creative space for a knowledgeable interpretation of what made Kobe to borrow the word of LeBron James immortal Whether it was founded in the unfathomable amount of work that Kobe put into improving his basketball game from one year to the next or the creation of the Mamba Mentality that enabled him to teach others how to grow into the best version of themselves the symbiotic totality of Kobe's ability to be great while inspiring others is worth celebrating Utilizing biblical studies and theological reflections this new volume presents Kobe Bryant as an imperfect human being Through statistical facts descriptive narratives and historical analyses this book also presents a detailed argument as to why Bryant is the greatest basketball player ever Kobe's Mamba Mentality gives a thick description of his inner drive and his outer thoughts for the purpose of unpacking the contours of Kobe's life as a family man businessman leader and professional athlete **The Los Angeles**
