player opinions from past and current great players player attributes and skill sets records and individual accolades award and honors player rankings and player comparisons throughout and a player s chronological history year by year with interceding player evaluations of the NBA s elite and players outside the top 50 The book was completed at near 200 000 words And finally the most interesting part of this book is that I have created a one of a kind chart as mentioned above for individual accolades honors and awards of the 50 greatest basketball players of all time
