New Hampshire's Child Lesley Frost, Lawrence Thompson, Arnold Grade, 1969 **New Hampshire's child** Lesley Frost, *New Hampshire Child*, 1969 **Robert Frost** Lesley Lee Francis, 2017-09-29 In this volume Lesley Lee Francis granddaughter of Robert Frost brings to life the Frost family's idyllic early years Through their own words we enter the daily lives of Robert known as RF to his family and friends his wife Elinor and their four children Lesley Carol Irma and Marjorie The result is a meticulously researched and beautifully written evocation of a fleeting chapter in the life of a literary family Taught at home by their father and mother the Frost children received a remarkable education Reared on poetry nurtured on the world of the imagination and instructed in the art of direct observation the children produced an exceptional body of writing and artwork in the years between 1905 and 1915 Drawing upon previously unexamined journals notebooks letters and the little magazine entitled *The Bouquet* produced by the Frost children and their friends Francis shows how the genius of Frost was enriched by his interactions with his children Francis depicts her grandfather as a generous devoted and playful man with a striking ability to communicate with his children and grandchildren She traces the family's adventures from their farm years in New Hampshire through their nearly three years in England This enchanting evocation of the Frost family's life together makes more poignant the unforeseen personal tragedies that would befall its members in later years Dickinson's Nerves, Frost's Woods William Logan, 2018-06-05 In Dickinson's *Nerves* Frost's *Woods* William Logan the noted and often controversial critic of contemporary poetry returns to some of the greatest poems in English literature He reveals what we may not have seen before and what his critical eye can do with what he loves In essays that pair different poems *Ozymandias* *On First Looking Into Chapman's Homer* *In a Station of the Metro* *The Red Wheelbarrow* After great pain a formal feeling comes and *Stopping by Woods on a Snowy Evening* among others Logan reconciles history and poetry to provide new ways of reading poets ranging from Shakespeare and Shelley to Lowell and Heaney In these striking essays Logan presents the poetry of the past through the lens of the past attempting to bring poems back to the world in which they were made Logan's criticism is informed by the material culture of that world whether postal deliveries in Regency London the Metro lighting in 1911 Paris or the wheelbarrows used in 1923 Deeper knowledge of the poet's daily existence lets us read old poems afresh providing a new way of understanding poems now encrusted with commentary Logan shows that criticism cannot just root blindly among the words of the poem but must live partly in a lost world in the shadow of the poet's life and the shadow of the age **Sixteen Modern American Authors** Jackson R. Bryer, 1989 Praise for the earlier edition *Students of modern American literature* have for some years turned to *Fifteen Modern American Authors* 1969 as an indispensable guide to significant scholarship and criticism about twentieth century American writers In its new form *Sixteenth Modern American Authors* it will continue to be indispensable If it is not a desk book for all Americanists it is a book to be kept in the forefront of the bibliographical compartment of their brains *American Studies* **A Scientific Companion to Robert Frost** Virginia

Smith,2018-09-27 A Scientific Companion to Robert Frost represents the first systematic attempt to catalogue and explain all of the references to science and natural history in Frost s published poetry The American Landscape in the Poetry of Frost, Bishop, and Ashbery M. MacArthur,2008-08-04 Robert Frost Elizabeth Bishop and John Ashbery stand out among major American poets all three shaped the direction and pushed the boundaries of contemporary poetry on an international scale Drawing on biography cultural history and original archival research MacArthur shows us that these distinctive poets share one surprisingly central trope in their oeuvres the Romantic scene of the abandoned house This book scrutinizes the popular notion of Frost as a deeply rooted New Englander demonstrates that Frost had an underestimated influence on Bishop whose preoccupation with houses and dwelling is the obverse of her obsession with travel and questions dominant anti biographical readings of Ashbery as an urban identified poet As she reads poems that evoke particular landscapes and houses lost and abandoned by these poets MacArthur also sketches relevant cultural trends including patterns of rural de settlement the transformation of rural economies from agriculture to tourism and modern American s increasing mobility and rootlessness **Sixteen Modern American Authors** Jackson R. Bryer,1990 Praise for the earlier edition Students of modern American literature have for some years turned to Fifteen Modern American Authors 1969 as an indispensable guide to significant scholarship and criticism about twentieth century American writers In its new form Sixteenth Modern American Authors it will continue to be indispensable If it is not a desk book for all Americanists it is a book to be kept in the forefront of the bibliographical compartment of their brains American Studies **Papa Is a Poet** Natalie S. Bober,2013-10-15 Papa Is a Poet is a picture book about the famous American poet Robert Frost imagined through the eyes of his daughter Lesley When Robert Frost was a child his family thought he would grow up to be a baseball player Instead he became a poet His life on a farm in New Hampshire inspired him to write poetry that talked and today he is famous for his vivid descriptions of the rural life he loved so much There was a time though when Frost had to struggle to get his poetry published Told from the point of view of Lesley Robert Frost s oldest daughter this is the story of how a lover of language found his voice **Robert Frost and the New England Renaissance** George Monteiro,2021-05-11 A poem is best read in the light of all the other poems ever written So said Robert Frost in instructing readers on how to achieve poetic literacy George Monteiro s newest book follows that dictum to enhance our understanding of Frost s most valuable poems by demonstrating the ways in which they circulate among the constellations of great poems and essays of the New England Renaissance Monteiro reads Frost s own poetry not against all the other poems ever written but in the light of poems and essays by his precursors particularly Emerson Thoreau and Dickinson Familiar poems such as Mending Wall After Apple Picking Birches Stopping by Woods on a Snowy Evening The Road Not Taken and Mowing as well as lesser known poems such as The Draft Horse The Ax Helve The Bonfire Dust of Snow A Cabin in the Clearing The Cocoon and Pod of the Milkweed are renewed by fresh and original readings that show why and how these poems pay tribute to their distinguished sources Frost s insistence that Emerson and

Thoreau were the giants of nineteenth century American letters is confirmed by the many poems variously influenced that derive from them His attitude toward Emily Dickinson however was more complex and sometimes less generous In his twenties he molded his poetry after hers But later after he joined the faculty of Amherst College he found her to be less a benefactor than a competitor Monteiro tells a two stranded tale of attraction imitation and homage countered by competition denigration and grudging acceptance of Dickinson s greatness as a woman poet In a daring move he composes out of Frost s own words and phrases the talk on Emily Dickinson that Frost was never invited to give In showing how Frost s work converses with that of his predecessors Monteiro gives us a new Frost whose poetry is seen as the culmination of an intensely felt New England literary experience

Mediating Criticism Roger D. Sell, 2001-12-07 In the twentieth century literature was under threat Not only was there the challenge of new forms of oral and visual culture Even literary education and literary criticism could sometimes actually distance novels poems and plays from their potential audience This is the trend which Roger D Sell

now seeks to reverse Arguing that literature can still be a significant and democratic channel of human interactivity he sees the most helpful role of teachers and critics as one of mediation Through their own example they can encourage readers to empathize with otherness to recognize the historical achievement of significant acts of writing and to respond to literary authors own faith in communication itself By way of illustration he offers major re assessments of five canonical figures Vaughan Fielding Dickens T S Eliot and Frost and of two fascinating twentieth century writers who were somewhat misunderstood the novelist William Gerhardie and the poet Andrew Young Arts in Society ,1969 **Robert Frost's Poetry of Rural Life** George Monteiro,2015-03-11 Wise old Vergil says in one of his Georgics Praise large farms stick to small ones Robert Frost said Twenty acres are just about enough Frost started out as a school teacher living the rural life of a would be farmer and later turned to farming full time when he bought a place of his own After a sojourn in England where his first two books were published to critical acclaim he returned to New England acquired a new farm and became a rustic for much of the rest of his life Frost claimed that all of his poetry was farm poetry His deep admiration for Virgil s Georgics or poems of rural life inspired the creation of his own New England georgics his answer to the haughty 20th century modernism that seemed certain to define the future of Western poetry Like the West Running Brook in his poem of the same name Frost s poetry can be seen as an embodiment of contrariness **A Study Guide for Robert Frost's "Mowing"** Gale, Cengage Learning, A Study Guide for Robert Frost s Mowing excerpted from Gale s acclaimed Poetry for Students This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust Poetry for Students for all of your research needs
