Aliens in Popular Culture Michael M. Levy, Farah Mendlesohn, 2019-03-22 An indispensable resource this book provides wide coverage on aliens in fiction and popular culture The wide impact that the imagined alien has had upon Western culture has not been surveyed before in many cases the essays in *Aliens in Popular Culture* are the first written on the topic The book is a compendium of short entries on notable uses of aliens in popular culture across different media and platforms by almost 90 researchers in the field It covers science fiction from the late nineteenth century into the twenty first century including books films television comics games and even advertisements Individual essays point to the ways in which the imagined alien can be seen as a reflection of different fears and tensions within society above all in the Anglo American world The book additionally provides an overview for context and suggestions for further reading All varieties of readers will find it to be a comprehensive reference about the extra terrestrial in popular culture

Queer Universes Wendy Gay Pearson, Veronica Hollinger, Joan Gordon, 2008-03-01 Contestations over the meaning and practice of sexuality have become increasingly central to cultural self definition and critical debates over issues of identity citizenship and the definition of humanity itself In an era when a religious authority can declare lesbians antihuman while some nations legalise same sex marriage and are becoming increasingly tolerant of a variety of non normative sexualities it is hardly surprising that science fiction in turn takes up the task of imagining a diverse range of queer and not so queer futures The essays in *Queer Universes* investigate both contemporary and historical practices of representing sexualities and genders in science fiction literature *Queer Universes* opens with Wendy Pearson's award winning essay on reading sf queerly and goes on to include discussions about sextrapolation in New Wave science fiction stray penetration in William Gibson's cyberpunk fiction the queering of nature in

ecofeminist science fiction and the radical challenges posed to conventional science fiction in the work of important writers such as Samuel R Delany Ursula K Le Guin and Joanna Russ In addition *Queer Universes* offers an interview with Nalo Hopkinson and a conversation about queer lives and queer fictions by authors Nicola Griffith and Kelley Eskridge *Brave New Words* Jeff Prucher, 2007-05-07 Winner of a 2008 Hugo Award this new paperback takes readers on spectacular tour of the language created by science fiction From Stargate to Force Field this dictionary opens a fascinating window into an entire genre through the words invented by science fiction s most talented writers critics and fans Each entry includes numerous citations of the word s usage from the earliest known appearance forward Drawn not only from science fiction novels and stories citations also come from fanzines screenplays comics songs and the Internet **Modernism and Time**

Machines Tung Charles M. Tung, 2019-03-14 Bridging modernist studies and science fiction scholarship *Modernism and Time Machines* places the fascination with time in canonical works of twentieth century literature and art side by side with the rise of time travel narratives and alternate histories in popular culture Both modernism and this cardinal trope of science fiction produce a range of effects and insights that go beyond the exhilarations of simply sliding back and forth in history Together the modernist time obsession and the fantasy of moving in time help us to rethink the shapes of time the consistency of timespace and the nature of history **Key Features** Draws on insights from a range of sources including critical geography postcolonial theory science and technology studies and time studies Examines different kinds of objects together SF Impressionism and Henri Lefebvre s rhythmanalysis evolutionary biology Eliot s *The Waste Land* and Leinster s *e Sidewise in Time* Woolf Philip K Dick s alternate history and the film *Interstellar* bullet time Faulkner s racialized lag and Jessica Hagedorn s postcolonial anachronism *e big history* *e* Olaf Stapledon s two billion year novel of the human species and Terrence Malick s film *Tree of Life* *Ninety Humanists and the Ethical Transition of Britain* Callum G. Brown, 2025-10-16 This book re writes the origins of the progressive 1960s It argues that 94 leading British intellectuals nearly all humanists were inspired by H G Wells to amend the ethical laws of the nation under a banner of *The Open Conspiracy* Using a wealth of correspondence and other materials covering 1930 to 1980 Callum Brown identifies a new motivation behind ethical change Whilst established narratives attribute most changes to youth revolt the sex revolution and feminism he shows how a humanist led network realigned much of the British state to the principles of humanitarianism the autonomy of the individual and internationalism The author examines the network s campaigns and the work of individual intellectuals High profile members come into focus including Bertrand Russell Julian Huxley and Barbara Wootton Highlighting the amazing breadth of the group s work the book reveals 11 main areas of ethical ambition ranging from abolishing world hunger hanging child beating and women s entrapment in abusive marriages to nuclear disarmament and the promotion of federal world government The result is a compelling new perspective on modern British history and the key social and moral reforms of the past century *A Companion to Science Fiction* David Seed, 2008-06-09 *A Companion to Science Fiction* assembles essays

by an international range of scholars which discuss the contexts themes and methods used by science fiction writers This Companion conveys the scale and variety of science fiction Shows how science fiction has been used as a means of debating cultural issues Essays by an international range of scholars discuss the contexts themes and methods used by science fiction writers Addresses general topics such as the history and origins of the genre its engagement with science and gender and national variations of science fiction around the English speaking world Maps out connections between science fiction television the cinema virtual reality technology and other aspects of the culture Includes a section focusing on major figures such as H G Wells Arthur C Clarke and Ursula Le Guin Offers close readings of particular novels from Mary Shelley s *Frankenstein* to Margaret Atwood s *The Handmaid s Tale*

Age and Ageing in Contemporary Speculative and Science Fiction Sarah Falcus, Maricel Oró-Piqueras, 2023-01-12 Focusing on the contemporary period this book brings together critical age studies and contemporary science fiction to establish the centrality of age and ageing in dystopian speculative and science fiction imaginaries Analysing texts from Europe North America and South Asia as well as television programmes and films the contributions range from essays which establish genre based trends in the representation of age and ageing to very focused studies of particular texts and concerns As a whole the volume probes the relationship between speculative science fiction and our understanding of what it is to be a human in time the time of our own lives and the times of both the past and the future
