McManus,2019-07-30 WINNER OF THE GILDER LEHRMAN PRIZE FOR MILITARY HISTORY An engrossing epic history of the US Army in the Pacific War from the acclaimed author of The Dead and Those About to Die This eloquent and powerful narrative is military history written the way it should be James M McPherson Pulitzer Prize winning historian Out here mention is seldom seen of the achievements of the Army ground troops wrote one officer in the fall of 1943 whereas the Marines are blown up to the skies Even today the Marines are celebrated as the victors of the Pacific a reflection of a well deserved reputation for valor Yet the majority of fighting and dying in the war against Japan was done not by Marines but by unsung Army soldiers John C McManus one of our most highly acclaimed historians of World War II takes readers from Pearl Harbor a rude awakening for a military woefully unprepared for war to Makin a sliver of coral reef where the Army was tested against the increasingly desperate Japanese In between were nearly two years of punishing combat as the Army transformed at times unsteadily from an undertrained garrison force into an unstoppable juggernaut and America evolved from an inward looking nation into a global superpower At the pinnacle of this richly told story are the generals Douglas MacArthur a military autocrat driven by his dysfunctional lust for fame and power Robert Eichelberger perhaps the greatest commander in the theater yet consigned to obscurity by MacArthur s jealousy Vinegar Joe Stillwell a prickly soldier miscast in a diplomat s role and Walter Krueger a German born officer who came to lead the largest

American ground force in the Pacific Enriching the narrative are the voices of men otherwise lost to history the uncelebrated Army grunts who endured stifling temperatures apocalyptic tropical storms rampant malaria and other diseases as well as a fanatical enemy bent on total destruction This is an essential ambitious book the first of three volumes a compellingly written and boldly revisionist account of a war that reshaped the American military and the globe and continues to resonate today INCLUDES MAPS AND PHOTOS *Harper's New Monthly Magazine* ,1866 *America Under Fire* Jim Romeo,2012-02-03

This book was written to hopefully make people aware of the fact that there are different ways of looking at things Of course this does not apply to every situation and circumstance that arises However I believe it applies enough that people should start to consider this different approach to looking at things when certain situations come up First is a strategy which could hopefully keep us from getting bogged down in anymore long draw out guerrilla war Vietnam Iraq and Afghanistan The way we are presently staying in places like this for about 10 years allowing our soldiers and marines to get picked off one at a time by IEDs is unacceptable This sacrifice is further insulted by the fact that shortly after our military leaves the country we tried to help it usually falls apart Second I know very little about the economy however Ive come up with 2 ideas that I believe will be beneficial for the American people to start to think about and consider Third racism in America there is another side to racism in this country and not being aware of it whether your white black red or yellow I believe is more of a negative than a positive [The Great Fire of Rome](#) Joseph J. Negotiating Under Fire Matthew Levitt,2008-08-28 The impact of severe security crises on peace negotiations represents one of the most significant facets of modern conflict resolution theory to remain under researched It also stands out as the factor most likely to derail inherently sensitive negotiations Negotiating Under Fire explores how such crises between two nations impact diplomatic initiatives between those countries How do the negotiators willingness and ability to continue influence the outcome Do the levels of legitimacy trust and confidence within and between the parties change in such strained negotiations Through a detailed analysis of three critical moments in the Oslo peace process the Baruch Goldstein Hebron massacre of 1994 the Nachshon Wachsman kidnapping and execution of 1994 and the nine day string of suicide bus bombings carried out in Israel in March of 1996 the author concludes that insurgents or those hostile to peace talks can and do undermine negotiations

OF THE BLOOD SHIP Years Bright aslant eyes and a suave and ever ready smile that broke immediately Martin met his gaze You will be so good as to inform the honorable that Dr Ichi is here he asked in precise and stilted voice Ever the same the noiseless entry the quietly spoken request for the lawyer Martin repressed a flash of irritation the little Japanese with his uncanny soft footedness and stereotyped address got upon his nerves However his orders were explicit Mr Smatt would see Dr Ichi without delay or preliminary whenever Dr Ichi favored the office with a visit It was already the third visit that day but orders were orders So Martin inclined his head toward the door of Smatt s private office The Japanese crossed the room He bowed to Martin as stately a bow as if Martin were also an honorable instead of a poor devil of a law clerk then noiselessly as he had entered the outer office Dr Ichi disappeared within Smatt s sanctum Martin turned to his window again But his bright day dream was fled and he could not conjure it back again The view was without charm His thoughts despite himself persisted in centering upon the dapper little figure now closeted with his employer The dandified Jap aroused Martin s interest What manner of client was this Dr Ichi Martin had not seen a single scrap of paper nor had Smatt dropped a single hint concerning the case It was mysterious Martin was not an overly curious chap but he was human It was another of Smatt s secret cases thought Martin Another token of those hidden activities of the old vulture which he sensed but did not know about For though Martin attended to the routine work though his duties were responsible Smatt specialized and was prominent in maritime law still Martin knew he did not enjoy his employer s complete confidence Much of Smatt s time was taken up with cases Martin knew nothing about with clients who appeared to shun the daylight of the courts The Nippon Trading Company for instance Martin knew Smatt was interested in a company of that name a strange company that apparently conducted business without using the mails And there was business between Ichi and Smatt money or Smatt would have nothing to do with it The mystery aroused Martin s dormant curiosity But all his speculation was pointless Martin bethought himself of the marine affidavit lying uncompleted upon his desk He turned from the window with the intention of applying himself to that task and he discovered the office to have a second visitor Another unusual figure who possessed the penchant for surreptitious entry He observed the fellow in the very act of closing the office door

editions A Kingdom of Flesh and Fire Jennifer L. Armentrout, 2020-09-01 From 1 New York Times bestselling author
Jennifer L Armentrout comes a new novel in her Blood and Ash series Is Love Stronger Than Vengeance A Betrayal
Everything Poppy has ever believed in is a lie including the man she was falling in love with Thrust among those who see her
as a symbol of a monstrous kingdom she barely knows who she is without the veil of the Maiden But what she does know is
that nothing is as dangerous to her as him The Dark One The Prince of Atlantia He wants her to fight him and that s one
order she s more than happy to obey He may have taken her but he will never have her A Choice Casteel Da Neer is known
by many names and many faces His lies are as seductive as his touch His truths as sensual as his bite Poppy knows better
than to trust him He needs her alive healthy and whole to achieve his goals But he s the only way for her to get what she
wants to find her brother Ian and see for herself if he has become a soulless Ascended Working with Casteel instead of
against him presents its own risks He still tempts her with every breath offering up all she s ever wanted Casteel has plans
for her Ones that could expose her to unimaginable pleasure and unfathomable pain Plans that will force her to look beyond
everything she thought she knew about herself about him Plans that could bind their lives together in unexpected ways that
neither kingdom is prepared for And she s far too reckless too hungry to resist the temptation A Secret But unrest has grown
in Atlantia as they await the return of their Prince Whispers of war have become stronger and Poppy is at the very heart of it
all The King wants to use her to send a message The Descenters want her dead The wolven are growing more unpredictable
And as her abilities to feel pain and emotion begin to grow and strengthen the Atlantians start to fear her Dark secrets are at
play ones steeped in the blood drenched sins of two kingdoms that would do anything to keep the truth hidden But when the
earth begins to shake and the skies start to bleed it may already be too late
