**Richard Mendelson**

## **Pathways To Prohibition Radicals Moderates And Social Movement Outcomes:**

Pathways to Prohibition Ann-Marie E. Szymanski,2003-08-21 Szymanski uses the Prohibition movement as an example of the challenges facing all social reform movements *Pathways to Prohibition* Ann-Marie E. Szymanski,2003-08-21

Szymanski uses the Prohibition movement as an example of the challenges facing all social reform movements **Full Spectrum Resistance, Volume One** Aric McBay,2019-05-28 A guide to direct action for those disillusioned with the posturing of liberal activism The radical left is losing but it doesn't have to be that way Here is the radical's guide to activist work the manual we need at this crucial moment to organize for universal human rights a habitable earth and a more egalitarian society Thoroughly exploring the achievements and failures of radical movements throughout history from 19th century anti colonial rebellions in China and the environmental actions of First Nations and Native American tribes throughout the 20th century to Black Lives Matter and the fight for Gay Liberation the two volumes of Full Spectrum Resistance candidly advocate for direct action not just risk averse models of protest marches and call ins With in depth histories and case studies of social justice and environmental movements noted writer activist and farmer Aric McBay explains why passive resistance alone cannot work and how we must be prepared to do whatever it takes to create substantial social change In Volume 1 Building Movements and Fighting to Win McBay describes the need for resistance movements and paints a portrait of what a thriving resistance movement might look like today Citing successful movements such as the Deacons of Defense of the American Civil Rights Movement the anti colonial revolutions in Guinea and Cape Verde and activist groups like Act UP McBay deftly illustrates how to organize activist groups and encourage enlistment while also noting the necessary precautions one must take to secure these radical circles from infiltration and collapse

**Handbook of Politics** Kevin T. Leicht,J. Craig Jenkins,2009-11-28 Political sociology is the interdisciplinary study of power and the intersection of personality society and politics The field also examines how the political process is affected by major social trends as well as exploring how social policies are altered by various social forces Political sociologists increasingly use a wide variety of relatively new quantitative and qualitative methodologies and incorporate theories and research from other social science cognate disciplines The contributors focus on the current controversies and disagreements surrounding the use of different methodologies for the study of politics and society and discussions of specific applications found in the widely scattered literature where substantive research in the field is published This approach will solidly place the handbook in a market niche that is not occupied by the current volumes while also covering many of the same theoretical and historical developments that the other volumes cover The purpose of this handbook is to summarize state of the art theory research and methods used in the study of politics and society This area of research encompasses a wide variety of perspectives and methods that span social science disciplines The handbook is designed to reflect that diversity in content method and focus In addition it will cover developments in the developed and underdeveloped worlds

Popular Agency and Politicisation in Nineteenth-Century Europe Diego Palacios Cerezales, Oriol Luján, 2022-11-22 This book provides an entry point to the most cutting edge lines of research on popular political mobilisation in Europe It brings together leading scholars from Germany France Britain the Netherlands and Spain The chapters explore the connected dimensions of popular participation within different countries and across borders covering the topics of iconoclasm popular acclamations street politics associations petitions and electoral agitation Focusing on the role of disenfranchised citizens and women this collection broadens the themes of traditional political historical research that has identified political participation with the right to vote and struggles for political inclusion and brings a wide array of formal and informal political practices to the centre of nineteenth century European life A must read for scholars undergraduates and graduate students wishing to explore multiple dimensions of the history of political engagement and politicisation **The SAGE Encyclopedia of**

**Alcohol** Scott C. Martin, 2014-12-16 Alcohol consumption goes to the very roots of nearly all human societies Different countries and regions have become associated with different sorts of alcohol for instance the beer culture of Germany the wine culture of France Japan and sake Russia and vodka the Caribbean and rum or the moonshine culture of Appalachia Wine is used in religious rituals and toasts are used to seal business deals or to celebrate marriages and state dinners However our relation with alcohol is one of love hate We also regulate it and tax it we pass laws about when and where it s appropriate we crack down severely on drunk driving and the United States and other countries tried the failed Noble Experiment of Prohibition While there are many encyclopedias on alcohol nearly all approach it as a substance of abuse taking a clinical medical perspective alcohol alcoholism and treatment The SAGE Encyclopedia of Alcohol examines the history of alcohol worldwide and goes beyond the historical lens to examine alcohol as a cultural and social phenomenon as well both for good and for ill from the earliest days of humankind *The Evangelical Origins of the Living Constitution* John W.

Compton, 2014-03-10 John Compton shows how evangelicals not New Deal reformers paved the way for the most important constitutional developments of the twentieth century Their early 1800s crusade to destroy property that made immorality possible challenged founding era legal protections of slavery lotteries and liquor sales and opened the door to progressivism

*The Oxford Handbook of American Political Development* Richard M. Valelly, Suzanne Mettler, Robert C. Lieberman, 2016-08-25 Scholars working in or sympathetic to American political development APD share a commitment to accurately understanding the history of American politics and thus they question stylized facts about America s political evolution Like other approaches to American politics APD prizes analytical rigor data collection the development and testing of theory and the generation of provocative hypotheses Much APD scholarship indeed overlaps with the American politics subfield and its many well developed literatures on specific institutions or processes for example Congress judicial politics or party competition specific policy domains welfare policy immigration the foundations of inequality in American politics the distribution of wealth and income race ethnicity gender class and sexual and gender orientation public law and governance

and representation What distinguishes APD is careful systematic thought about the ways that political processes civic ideals the political construction of social divisions patterns of identity formation the making and implementation of public policies contestation over and via the Constitution and other formal and informal institutions and processes evolve over time and whether and how they alter compromise or sustain the American liberal democratic regime APD scholars identify in short the histories that constitute American politics They ask what familiar or unfamiliar elements of the American past illuminate the present Are contemporary phenomena that appear new or surprising prefigured in ways that an APD approach can bring to the fore If a contemporary phenomenon is unprecedented then how might an accurate understanding of the evolution of American politics unlock its significance Featuring contributions from leading academics in the field The Oxford Handbook of American Political Development provides an authoritative and accessible analysis of the study of American political development

**The Real Dope** Edgar-André Montigny, 2011-01-01 In The Real Dope Edgar Andre Montigny brings together leading scholars from a diverse range of fields to examine the relationship between moral judgment and legal regulation in the debate surrounding the potential decriminalization of marijuana From Demon to Darling Richard Mendelson, 2010-11-08 Reflecting America's complicated and often confused cultural identity laws have long regulated who can and cannot make sell distribute purchase and drink wine Richard Mendelson's compelling legal history is detailed but never dry because it reveals as much about Americans attitudes towards themselves as about their understanding of wine Paul Lukacs author of American Vintage The Rise of American Wine and The Great Wines of America This concise yet well documented history of how the wine industry has fared and ultimately triumphed through temperance Prohibition and convoluted control systems makes an enjoyable read for any serious oenophile Philip J Cook author of Paying the Tab The Costs and Benefits of Alcohol Control Alcohol and Drugs in North America David M. Fahey, Jon S. Miller, 2013-08-27 Alcohol and drugs play a significant role in society regardless of socioeconomic class This encyclopedia looks at the history of all drugs in North America including alcohol tobacco prescription drugs cannabis cocaine heroin methamphetamine and even chocolate and caffeinated drinks This two volume encyclopedia provides accessibly written coverage on a wide range of topics covering substances ranging from whiskey to peyote as well as related topics such as Mexican drug trafficking and societal effects caused by specific drugs The entries also supply an excellent overview of the history of temperance movements in Canada and the United States trends in alcohol consumption its production and its role in the economy as well as alcohol's and drugs roles in shaping national discourse the creation of organizations for treatment and study and legal responses This resource includes primary documents and a bibliography offering important books articles and Internet sources related to the topic Civil Resistance Kurt Schock, 2015-08-15 In the past quarter century the world has witnessed dramatic social and political transformations due in part to an upsurge in civil resistance There have been significant uprisings around the globe including the toppling of communist regimes in Eastern Europe the Color Revolutions the Arab

Spring protests against war and economic inequality countless struggles against corruption and demands for more equitable distribution of land These actions have attracted substantial scholarly attention reflected in the growth of literature on social movements and revolution as well as literature on nonviolent resistance Until now however the two bodies of literature have largely developed in parallel with relatively little acknowledgment of the existence of the other In this useful collection an international and interdisciplinary group of scholars takes stock of the current state of the theoretical and empirical literature on civil resistance Contributors analyze key processes of nonviolent struggle and identify both frictions and points of synthesis between the narrower literature on civil resistance and the broader literature on social movements and revolution By doing so *Civil Resistance Comparative Perspectives on Nonviolent Struggle* pushes the boundaries of the study of civil resistance and generates social scientific knowledge that will be helpful for all scholars and activists concerned with democracy human rights and social justice

*The Oxford Handbook of U.S. Social Policy* Daniel Béland, Christopher Howard, Kimberly J. Morgan, 2015 The American welfare state has long been a source of political contention and academic debate This Oxford Handbook pulls together much of our current knowledge about the origins development functions and challenges of American social policy After the Introduction the first substantive part of the handbook offers an historical overview of U S social policy from the colonial era to the present This is followed by a set of chapters on different theoretical perspectives available for understanding and explaining the development of U S social policy The three following parts of the volume focus on concrete social programs for the elderly the poor and near poor the disabled and workers and families Policy areas covered include health care pensions food assistance housing unemployment benefits disability benefits workers compensation family support and programs for soldiers and veterans The final part of the book focuses on some of the consequences of the U S welfare state for poverty inequality and citizenship Many of the chapters comprising this handbook emphasize the disjointed patterns of policy making inherent to U S policymaking and the public private mix of social provision in which the government helps certain groups of citizens directly e g social insurance or indirectly e g tax expenditures regulations The contributing authors are experts from political science sociology history economics and other social sciences

*Drugs, Alcohol and Addiction in the Long Nineteenth Century* Daniel Malleck, 2020-01-24 This collection captures key themes and issues in the broad history of addiction and vice in the Anglo American world Focusing on the long nineteenth century the volumes consider how scientific social and cultural experiences with drugs alcohol addiction gambling and prostitution varied around the world What might be considered vice or addiction could be interpreted in various ways through various lenses and such activities were interpreted differently depending upon the observer the medical practitioner the evangelical missionary the thrill seeking bon vivant and the concerned government commissioner to name but a few For example opium addiction in middle class households resulting from medical treatment was judged much differently than Chinese opium smoking by those in poverty or poor living conditions in North American work camps on the west coast or on

the streets of Soho This collection will assemble key documents representing both the official and general view of these various activities providing readers with a cross section of interpretations and a solid grounding in the material that shaped policy change cultural interpretation and social action      **A Rational Approach to Animal Rights** Corey

Wrenn,2015-11-03 Applying critical sociological theory this book explores the shortcomings of popular tactics in animal liberation efforts Building a case for a scientifically grounded grassroots approach it is argued that professionalized advocacy that works in the service of theistic capitalist patriarchal institutions will find difficulty achieving success      **Grassroots**

**Political Reform in Contemporary China** Elizabeth J. Perry,Merle Goldman,2009-07-01 Observers often note the glaring contrast between China s economic progress and its stalled political reforms This volume written by experienced scholars explores a range of grassroots efforts initiated by the state and society alike to restrain corrupt behavior and enhance the accountability of local authorities      Religion and Politics in America Allen D. Hertzke,Laura R. Olson,Kevin R. den

Dulk,Robert Booth Fowler,2018-08-06 Religion and politics are never far from the headlines but their relationship remains complex and often confusing This book offers an engaging accessible and balanced treatment of religion in American politics It explores the historical cultural and legal contexts that motivate religious political engagement and assesses the pragmatic and strategic political realities that religious organizations and people face Incorporating the best and most current scholarship the authors examine the evolving politics of Roman Catholics evangelical and mainline Protestants African American and Latino traditions Jews Muslims and other religious minorities recent immigrants and religious nones and other conventional and not so conventional American religious movements New to the Sixth Edition Covers the 2016 election and assesses the role of religion from Obama to Trump Expands substantially on religion s relationship to gender and sexuality race ethnicity and class and features the role of social media in religious mobilization Adds discussion questions at the end of every chapter to help students gain deeper understanding of the subject Adds a new concluding chapter on the normative issues raised by religious political engagement to stimulate lively discussions      **Social Protest and Contentious**

**Authoritarianism in China** Xi Chen,2012 Xi Chen explores the dramatic rise in and routinization of social protests in China since the early 1990s      The Grand Experiment Hamar Foster,Benjamin L. Berger,A.R. Buck,2009-07-01 The essays in this volume reflect the exciting new directions in which legal history in the settler colonies of the British Empire has developed

The contributors show how local life and culture in selected settlements influenced and was influenced by the ideology of the rule of law that accompanied the British colonial project Exploring themes of legal translation local understandings judicial biography and law at the boundaries they examine the legal cultures of dominions in Canada Australia and New Zealand to provide a contextual and comparative account of the incomplete implementation of the British constitution in these colonies

**The Wiley Blackwell Companion to Social Movements** David A. Snow,Sarah A. Soule,Hanspeter Kriesi,Holly J. McCammon,2023-01-04 The most up to date and thorough compendium of scholarship on social movements This second

edition of The Wiley Blackwell Companion to Social Movements features forty original essays from the field With contributions from both established and ascendant scholars the Companion seeks to present current research on social movements in all its diversity It is the most up to date comprehensive volume of social science research on social movements available today The essays address facilitative and constraining contexts and conditions social movement organizations fields and dynamics strategies and tactics micro structural and social psychological dimensions of participation consequences and outcomes and various thematic intersections including the intersection of social movements and social class gender race and ethnicity religion human rights globalization political extremism and more Offers an illuminating guide to understanding the dynamics and operation of social movements within the modern global world Covers a diverse range of topics in the field of social movement studies Offers original state of the art essays by internationally recognized scholars The Wiley Blackwell Companion to Social Movements is recommended for graduate seminars on social movement and for scholars of social movements worldwide It is also an excellent text for college and university libraries especially with graduate programs in the social sciences
