Patriarch And Prophets Persecution Of The Russian Orthodox Church Today:

Patriarch and Prophets Michael Bourdeaux,1975 **Patriarchs and Prophets: Persecution of the Russian Orthodox Church Today** Michael Bourdeaux,1970 **The Russian Orthodox Church, 1917-1948** Daniela Kalkandjieva,2014-11-20 This book tells the remarkable story of the decline and revival of the Russian Orthodox Church in the first half of the twentieth century and the astonishing U turn in the attitude of the Soviet Union s leaders towards the church In the years after 1917 the Bolsheviks anti religious policies the loss of the former western territories of the Russian Empire and the Soviet Union s isolation from the rest of the world and the consequent separation of Russian emigr s from the church were disastrous for the church which declined very significantly in the 1920s and 1930s However when Poland was partitioned in 1939 between Nazi Germany and the Soviet Union Stalin allowed the Patriarch of Moscow Sergei jurisdiction over orthodox congregations in the conquered territories and went on later to encourage the church to promote patriotic activities as part of the resistance to the Nazi invasion He agreed a Concordat with the church in 1943 and continued to encourage the church especially its claims to jurisdiction over migr Russian orthodox churches in the immediate postwar period Based on extensive original research the book puts forward a great deal of new information and overturns established thinking on many key points *The Dangerous God* Dominic Erdozain,2017-10-02 At the heart of the Soviet experiment was a belief in the impermanence of the human spirit souls could be engineered conscience could be destroyed The project was in many ways chillingly successful But the ultimate failure of a totalitarian regime to fulfill its ambitions for social and spiritual mastery had roots deeper than the deficiencies of the Soviet leadership or the chaos of a command economy Beneath the rhetoric of scientific communism was a culture of intellectual and cultural dissidence which may be regarded as the prehistory of perestroika This volume explores the contribution of Christian thought and belief to this culture of dissent and survival showing how religious and secular streams of resistance joined in an unexpected and powerful partnership The essays in *The Dangerous God* seek to shed light on the dynamic and subversive capacities of religious faith in a context of brutal oppression while acknowledging the often collusive relationship between clerical elites and the Soviet authorities Against the Marxist notion of the ideological function of religion the authors set the example of people for whom faith was more than an opiate against an enduring mythology of secularization they propose the centrality of religious faith in the intellectual political and cultural life of the late modern era This volume will appeal to specialists on religion in Soviet history as well as those interested in the history of religion under totalitarian regimes [Russian Society and the Orthodox Church](#) Zoe Knox,2004-06-02 *Russian Society and the Orthodox Church* examines the Russian Orthodox Church s social and political role and its relationship to civil society in post Communist Russia It shows how Orthodox prelates clergy and laity have shaped Russians attitudes towards religious and ideological pluralism which in turn have influenced the ways in which Russians understand civil society including those of its features pluralism and freedom of conscience that are essential for a

functioning democracy It shows how the official church including the Moscow Patriarchate has impeded the development of civil society while on the other hand the non official church including nonconformist clergy and lay activists has promoted concepts central to civil society

Russia and Eastern Europe, 1789-1985 Raymond Pearson,1989 Solzhenitsyn Lee Congdon,2021-08-15 In this examination of Solzhenitsyn and his work Lee Congdon explores the consequences of the atheistic socialism that drove the Russian revolutionary movement Beginning with a description of the post revolutionary Russia into which Solzhenitsyn was born Congdon addresses the Bolshevik victory in the civil war the origins of the concentration camp system the Bolsheviks war on Christianity and the Russian Orthodox Church Solzhenitsyn s arrest near the war s end his time in the labor camps his struggle with cancer his exile and increasing alienation from the Western way of life and his return home He concludes with a reminder of Solzhenitsyn s warning to the West that it was on a path parallel to that which Russia had followed into the abyss

Rulers and Victims Geoffrey Hosking,2006-04-30 Many westerners used to call the Soviet Union Russia Russians too regarded it as their country but that did not mean they were entirely happy with it In the end in fact Russia actually destroyed the Soviet Union How did this happen and what kind of Russia emerged In this illuminating book Geoffrey Hosking explores what the Soviet experience meant for Russians One of the keys lies in messianism the idea rooted in Russian Orthodoxy that the Russians were a chosen people The communists reshaped this notion into messianic socialism in which the Soviet order would lead the world in a new direction Neither vision however fit the community spirit of the Russian people and the resulting clash defined the Soviet world Hosking analyzes how the Soviet state molded Russian identity beginning with the impact of the Bolshevik Revolution and civil war He discusses the severe dislocations resulting from collectivization and industrialization the relationship between ethnic Russians and other Soviet peoples the dramatic effects of World War II on ideas of homeland and patriotism the separation of Russian and Soviet culture leadership and the cult of personality and the importance of technology in the Soviet world view At the heart of this penetrating work is the fundamental question of what happens to a people who place their nationhood at the service of empire There is no surer guide than Geoffrey Hosking to reveal the historical forces forging Russian identity in the post communist world

History Of Marxist-Leninist Atheism And Soviet Antireligious Dimitry V Pospelovsky,1987-09-29 A *History of the Soviet Union from the Beginning to the End* Peter Kenez,1999-03-13 Kenez envisions that revolution as a crisis of authority that posed the question Who shall govern Russia This question was resolved with the creation of the Soviet Union

Understanding Soviet Society Michael Paul Sacks, Jerry G. Pankhurst, 2013-10-15 First Published in 1988 Understanding Soviet Society has grown out of the authors experience as sociologists researching and teaching about the Soviet Union Meant initially as an update to Contemporary Soviet Society Sociological Perspectives from 1980 this became a new volume because of the addition of six new authors but also because of the major changes occurring in the USSR today that in many ways necessitated new approaches It examines the fundamental institutions of Soviet society from work and social welfare to politics and the Party in order to provide an objective understanding of the social underpinnings of the Soviet System

A Sacred Space Is Never Empty Victoria Smolkin, 2018-05-22 When the Bolsheviks set out to build a new world in the wake of the Russian Revolution they expected religion to die off Soviet power used a variety of tools from education to propaganda to terror to turn its vision of a Communist world without religion into reality Yet even with its monopoly on ideology and power the Soviet Communist Party never succeeded in overcoming religion and creating an atheist society A Sacred Space Is Never Empty presents the first history of Soviet atheism from the 1917 revolution to the dissolution of the Soviet Union in 1991 Drawing on a wealth of archival material and in depth interviews with those who were on the front lines of Communist ideological campaigns Victoria Smolkin argues that to understand the Soviet experiment we must make sense of Soviet atheism Smolkin shows how atheism was reimagined as an alternative cosmology with its own set of positive beliefs practices and spiritual commitments Through its engagements with religion the Soviet leadership realized that removing religion from the sacred spaces of Soviet life was not enough Then in the final years of the Soviet experiment Mikhail Gorbachev in a stunning and unexpected reversal abandoned atheism and reintroduced religion into Soviet public life A Sacred Space Is Never Empty explores the meaning of atheism for religious life for Communist ideology and for Soviet politics

[Marxism and Religion in Eastern Europe](#) R.T. De George, Robert H. Scanlan, 2012-12-06 Since the Bolshevik revolution of 1917 two of the most significant but at the same time least understood areas of that revolution s cultural impact have been philosophy and religion The impact has of course been massive not only in the Soviet Union but after the second World War in Soviet dominated Eastern Europe as well Yet the consequences of Communism for philosophy and religion throughout the Soviet orbit are far from having the simplicity suggested by the stereotypes of a single monolithic Marxism and a consistent crushing assault on the Church and on religious faith Unquestionably Marxism is the ruling philosophy throughout Eastern Europe In the Soviet Union Marxism Leninism or dialectical materialism is the official and the only tolerated philosophy and most of the other countries of Eastern Europe follow the Soviet lead in philosophy as in other fields But in the latter countries Marxism was imposed only after World War II and its development has not always copied the Soviet model Original thinkers in Yugoslavia Czechoslovakia Poland and Hungary have thought their own way through the writings of Marx and his followers and have arrived at Marxist positions which are considerably at variance with the Soviet interpretations and often with each other Moreover in recent years the Soviet philosophers themselves have been unable to ignore the theoretical questions raised by the other East of Marxism in the West
