Wonderland Jennifer Hillier, 2023-04-11 By day Wonderland is a magical amusement park boasting a certain retro charm Excited children hands sticky with cotton candy run frenetically from ride to ride while the tinkling music of the oldest Ferris wheel in the Pacific Northwest fills the air But behind the scenes the rides need repairs and the clown museum is filled with a lot more than just wax figures hunte is working hard to keep the park's dark secrets hidden beneath its weathered attractions Vanessa Castro's first day as deputy police chief of Seaside Washington is off to a bang The unidentifiable homeless man rotting inside the tiny town's main tourist attraction is strange enough but now a teenage employee is missing Clues lead Vanessa into a mysterious web of missing persons cases that goes back decades She moved to Seaside to escape her own scandalous past but has she brought her family to the center of an insidious killer's twisted game *Hungry* B. E. Baker, 2025-03-01 A mesmerizing work literarily impressive and historically exacting Kirkus In 1847 the Donner party resorted to eating human flesh to survive entrapment at the base of the Sierra Nevada mountains They became infamous almost instantly with hundreds of books stories and interviews exploring their misery None tell the extraordinary story from the first person point of view of the female survivors Until now Three women yearned to make better lives in California Nineteen year old Mary Ann Graves set out west with her family in search of a home that would be free of disease like the ague that had afflicted her mother and sisters for years If she met a handsome guy along the way well she wouldn't complain As the belle of the Donner party she certainly had plenty of interest Peggy Breen had just given birth to her seventh child but she wasn't afraid of the two thousand mile journey toward prosperity She'd take care of her children and honor her husband along the trail because that's what women of faith did But when supplies became limited her giving heart and her mother's instinct were at odds Virginia Blackstone Reed the thirteen year old daughter of the group's leader set out in search of adventure riding her sassy palomino pony alongside the largest double decker wagon anyone had ever seen As the adopted daughter of the most influential and prosperous man in the wagon train she had no idea at the start that her polarizing father with his ostentatious wealth would pave the way for their future devastation By the time these women and the rest of the party reached the Sierra Nevada mountains after taking an unproven shortcut they were already two months late They had lost people oxen mules and livestock they couldn't survive without Then the snow began to fall And it didn't stop *Hungry* follows the tenacious protagonists and their miraculous rescue as they fight the elements and one another highlighting the strength that kept them going when most of us would have been defeated Kirkus Reviews said of *Hungry* The story's historical verisimilitude is magisterial the author's research is simply impeccable This is much more than a recitation of
