**Patriotism in America** John J. Pullen,1971 What has constituted patriotism in the history of America How far has dissent gone in the history of our country What parallels are there in the history of our military entanglements Do the American people have more than one level of sensitivity How far has conscience driven youth into heroic sacrifice or into flight *Religion and Society in North America* Robert deV. Brunkow,1983 **American Patriotism** Selim H. Peabody,1886 *The Puritan Origins of American Patriotism* George McKenna,2007-01-01 In this absorbing book George McKenna ranges across the entire panorama of American history to track the development of American patriotism That patriotism shaped by Reformation Protestantism and imbued with the American Puritan belief in a providential errand has evolved over 350 years and influenced American political culture in both positive and negative ways McKenna shows The germ of the patriotism an activist theology that stressed collective rather than individual salvation began in the late 1630s in New England and traveled across the continent eventually becoming a national phenomenon Today American patriotism still reflects its origins in the seventeenth century By encouraging cohesion in a nation of diverse peoples and inspiring social reform American patriotism has sometimes been a force for good But the book also uncovers a darker side of the nation s patriotism a prejudice against the South in the nineteenth century for example and a tendency toward nativism and anti Catholicism Ironically a great reversal has occurred and today the most fervent believers in the Puritan narrative are the former outsiders Catholics and Southerners McKenna offers an interesting new perspective on patriotism s role throughout American history and he concludes with trenchant thoughts on its role in the post 9 11 era **American Patriotism** Selim Hobart Peabody,2018-01-29 **American Patriotism** Selim Hobart Peabody,1885 *American Patriotism* ,1884
