Patronage In British Government

Christopher M. S. Johns

Patronage In British Government:

Party Patronage and Party Government in European Democracies Petr Kopecký, Peter Mair, Maria Spirova, 2012-07-26 Party Patronage and Party Government in European Democracies brings together insights from the worlds of party politics and public administration in order to analyze the role of political parties in public appointments across contemporary Europe Based on an extensive new data gathered through expert interviews in fifteen European countries this book offers the first systematic comparative assessment of the scale of party patronage and its role in sustaining modern party governments Among the key findings are First patronage appointments tend to be increasingly dominated by the party in public office rather than being used or controlled by the party organization outside parliament Second rather than using appointments as rewards as used to be the case in more clientelistic systems in the past parties are now more likely to emphasize appointments that can help them to manage the infrastructure of government and the state In this way patronage becomes an organizational rather than an electoral resource Third patronage appointments are increasingly sourced from channels outside of the party thus helping to make parties look increasingly like network organizations primarily constituted by their leaders and their personal and political hinterlands Comparative Politics is a series for students teachers and researchers of political science that deals with contemporary government and politics Global in scope books in the series are characterised by a stress on comparative analysis and strong methodological rigour The series is published in association with the European Consortium for Political Research For more information visit www.essex.ac.uk/ecpr The Comparative Politics series is edited by Professor David M Farrell School of Politics and International Relations University College Dublin Kenneth Carty Professor of Political Science University of British Columbia and Professor Dirk Berg Schlosser Institute of Political Science Philipps University Marburg **Patronage in British Government** Peter G. Richards, 1963 *Patronage, Politics, and Literary Traditions in England, 1558-1658* Cedric Clive Brown, 1993

Politics and Governance in the UK Michael Moran, 2017-10-13 The third edition of this comprehensive and innovative textbook provides an invaluable narrative and insight into the ever changing landscape of British politics Updated to cover the 2015 General Election the Scottish independence referendum and changing relations with the European Union this extensively revised new edition sets out to provide students with a clear understanding of the core features of British politics and contemporary governance as well as an examination of the way in which the governing process is becoming increasingly multi level and multi agency Written in a concise and accessible style by one of the leading authors in the field this engaging text provides an illuminating framework that draws on the range of analytical issues and theoretical debates in the study of British politics Through Moran s unrivalled account of the way Britain is governed it is clear to see why this text continues to be essential reading for undergraduate students of British politics New to this Edition Continued discussion on the influence of EU membership on British politics A distinct emphasis on the rising importance of management in the system of

government New 2017 update covers both the 2016 EU Referendum and the 2017 General Election as well as their repercussions for British politics

UK Government & Politics Andy Williams, 1998 This edition is revised in the light of the change of government in 1997 and the compulsory UK sections of the A levels syllabuses Additions include comparisons with the USA and Europe Europe and party politics

Patron-Client Politics and Elections in Hong Kong Bruce Kam-kwan Kwong, 2009-12-04 Examines whether patron client relations are critical to the electoral victory of candidates how the political elites cultivate support from clients in order to obtain more votes during local elections and tests the extent to which whether patron client relations are crucial in order for candidates to obtain more ballots during elections

The Politics of Patronage Appointments in Latin American Central Administrations Francisco Panizza, B. Guy Peters, Conrado Ramos Larraburu, 2022-10-18 Although merit system selection and management of public personnel is thought of as the standard for good governance public employees frequently are appointed by political officials rather than being members of a career civil service In fact there has been an increase in the level of patronage appointments and politicization of public administration over the past several decades as political leaders attempt to impose their control over the public bureaucracy Although widespread patronage appointments in the public sector are particularly important in Latin America where there is a tradition of extensive patronage *The Politics of Patronage Appointments in Latin American Central Administrations* seeks to understand the motivations of patrons when they make appointments the roles appointees play the skills required to play these roles and what accounts for different modalities of patronage It moves beyond the conventional condemnation of patronage to examine the multiple uses of political appointments which can be crucial for obtaining the services of highly qualified individuals who otherwise might not be willing to work in the public sector

[A Dictionary of British and Irish History](#) Robert Peberdy, Philip Waller, 2020-11-10 An authoritative and extensive resource for British and Irish history Quickly access basic information on the history of the British Isles from this reliable resource *A Dictionary of British and Irish History* provides concise information covering all periods of prehistory and history for every part of the British Isles Within this one book you ll find summary accounts of events biographies definitions of terms and far more Using alphabetically organized headwords readers will easily locate the content and details they seek *A Dictionary of British and Irish History* not only serves as a reference tool but also stimulates broader learning Entries are interrelated and cross referenced to help you expand your knowledge of different areas of history Discover comparable entries on England Ireland Scotland and Wales See overviews of major topics and historical events Get facts instantly or browse entries Use the Dictionary as an information source or a launch point for expanding knowledge This reference book will become an essential resource for students of British and Irish history as well as for professionals journalists teachers and those who use historical information in their work Further anyone wanting to establish the basics of the history of the British Isles will find this a valuable addition to their library

[Antonio Canova and the Politics of Patronage in Revolutionary and Napoleonic Europe](#) Christopher M. S.

Johns,1998-01-01 The sculptor Antonio Canova was the most celebrated artist of a perilously protean and fractious era In revolutionary and Napoleonic Europe while other artists bent to the will of the political powers that commissioned their work producing art in the service of the state Canova managed to resist both threats and blandishments Although he held strong opinions on the issues of his day he avoided direct political or ideological engagement in his sculpture Christopher M S Johns presents the first sustained study of Canova s career in relation to his patrons and contemporary politics In it he enlarges our understanding of an artist whose work is crucial to the evaluation of European art and political history *Urban Patronage in Early Modern England* Catherine F. Patterson,1999 This study of politics in early modern England uses the relations between provincial towns the landed elite and the crown to argue that the growth of personal connections and patronage as much as of conflict explains the development of early modern government It shows how patronage was a vital tool that suited both local needs and the royal will *Court Patronage and Corruption in Early Stuart England* Linda Levy Peck,2003-08-29 This wide ranging volume goes to the heart of the revisionist debate about the crisis of government that led to the English Civil War The author tackles questions about the patronage that structured early modern society arguing that the increase in royal bounty in the early seventeenth century redefined the corrupt practices that characterized early modern administration *An Attempt to prove, that every species of patronage is foreign to the nature of the Church ... By a friend to the natural and religious rights of mankind [i.e. William Graham].* ,1768 *The Origins of Canadian Politics* Gordon T. Stewart,2011-11-01 The conditions of colonial politics in Canada between 1760 and 1848 produced features that became permanent landmarks of post Confederation Canadian politics sharp partisan battles intense use of patronage strong one man dominance in party leadership and a statist orientation not only in government in Ottawa but also in Ontario and Quebec In this compelling book Gordon Stewart deals with these topics in an original way by placing Canadian politics in a comparative context against the background of political and constitutional developments in England and America between 1688 and the 1820 s The distinctive features of Canadian politics which emerged at this early stage were altered and intensified by Canada s bitter and violent transition to responsible government In no other British white settlement in the mid 19th century was the transition to responsible government as dramatic as in Canada It was characterized by extravagant partisan rhetoric armed rebellions and the razing of the Montreal parliament buildings Out of these extraordinary colonial conditions there developed by the time of Confederation a type of Canadian politics that was quite different from the common background in either England or America By examining the crucial ways in which Canadian colonial politics diverged from the American colonial and British patterns Stewart provides a new interpretation of the origins of Canadian political traditions He also gives the first comprehensive analysis of the place of patronage in Canadian politics In many respects the book is the Canadian counterpart of Bernard Bailyn s influential work *The Origins of American Politics* But Stewart also deals with important issues raised by recent Canadian scholars about Canada s early political development Because the author

casts such familiar topics as the coming of responsible government in a completely different light the book should promote provocative discussion and controversy At the same time Stewart s illuminating analysis will prove an essential resource for upper undergraduate and graduate history and political science courses and because of its chronological breadth survey courses in Canadian history

Exile and Patronage Andrew Chandler, Katarzyna Stokłosa, Jutta Vinzent, 2006 Exile and Patronage is an innovative new study which explores the migration of refugees from National Socialism from the perspective of patronage The thirteen essays are divided into three parts art and music the churches and political refugees Individual case studies look at the relationships which came to life around George Bell Bishop of Chichester the Berger family Michael Croft Heinz Kappes Gerhard Leibholz Robert Bruce Lockhart Rowmund Pisudski Jack Pritchard Hans Ansgar Reinhold and Luigi Sturzo The book also examines the iconography of patronage and studies particular works which received support in exile such as Wagner s *Buhnenweihfestspiel*

The Politics of Empire at the Accession of George III James M. Vaughn, 2019-02-26 An important revisionist history that casts eighteenth century British politics and imperial expansion in a new light In this bold debut work historian James M Vaughn challenges the scholarly consensus that British India and the Second Empire were founded in a fit of absence of mind He instead argues that the origins of the Raj and the largest empire of the modern world were rooted in political conflicts and movements in Britain It was British conservatives who shaped the Second Empire into one of conquest and dominion emphasizing the extraction of resources and the subjugation of colonial populations Drawing on a wide array of sources Vaughn shows how the East India Company was transformed from a corporation into an imperial power in the service of British political forces opposed to the rising radicalism of the period The Company s dominion in Bengal where it raised territorial revenue and maintained a large army was an autocratic bulwark of Britain s established order A major work of political and imperial history this volume offers an important new understanding of the era and its global ramifications

Mastering British Politics F.N. Forman, Nicholas Baldwin, 2007-08-09 Containing all the information and analysis needed to understand the British system of Government and politics Mastering British Politics is an essential text This fifth edition has been fully revised and updated to reflect the results of and developments since the 2005 General Election

The Rediscovery of India Meghnad Desai, 2009 What makes India a nation What has held its many disparate societies with their diverse sometimes conflicting narratives together for more than sixty years What has allowed India to sustain its commitment to the democratic process given its location in a region that is largely undemocratic In this magisterial analysis of the last five hundred years of Indian history Meghnad Desai looks at India s colonial past its struggle for independence and its many contemporary conundrums to discover answers to the questions that have confronted India watchers for decades Rejecting much received wisdom including narratives fashioned by India s ruling establishment Meghnad Desai goes back to the beginnings of the East West encounter at the end of the fifteenth century He tracks its impact on the cultures and politics of the present day from the emergence of new classes under colonialism the influence of

Jawaharlal Nehru and Mahatma Gandhi on the idea of Indian nationhood to the entirely parallel discourses that developed in North and South India Yet this trajectory this outcome was not inevitable Through a series of Counterfactual Boxes Meghnad Desai analyses the accepted defining moments of India s past and suggests alternative courses that history could so easily have taken Meghnad Desai draws on a wealth of sources to illuminate India s journey to the twenty first century Whether it is an examination of British parliamentary debates on the question of India s independence or the liberalization of the economy after decades of licence permit raj or the state complicity in the Gujarat riots Meghnad Desai s original occasionally iconoclastic approach to seemingly settled arguments makes *The Rediscovery of India* a path breaking and comprehensive account of India s past and present

Cyclopædia of Political Science, Political Economy, and of the Political History of the United States John Joseph Lalor,1884 **The Government of England** Abbott Lawrence Lowell,1912

Making the Irish American J.J. Lee,Marion R. Casey,2007-03 Explores the history of the Irish in America offering an overview of Irish history immigration to the United States and the transition of the Irish from the working class to all levels of society
