experience because of the uplifting feelings it brought to you Couples who are in love often do this In either case the event is technically over with Have you let those experiences go or are you still living within them as if they were happening now If the experience was negative did you resolve it or did you just bury it within the deep recesses of your mind where it may be awakened from time to time in reaction to life s continuing experiences If it was positive do you keep replaying it over and over as if there will be no more thereby preventing yourself from creating and enjoying even better ones Since the experiences however you would describe them have already happened you can now rewrite the memory or story of any of them in a way that allows you to let them go using the information and understanding you have assimilated since then If negative you can take the bitter foods of those experiences the spinach turnips and liver then add spices and sauces of understanding forgiveness and love and let them pass out of your consciousness leaving you free to create a buffet of even more tasteful and delicious life experiences The metaphorical foods that came my way may not have been ones I would have consciously chosen yet I have now made them palatable adding value to my life and allowing me to let them go and move on So can you This is a portion of my buffet of stories What are yours
