**Intellectuals in Action** Kevin

Mattson,2007-08-09 Born in 1966 a generation removed from the counterculture Kevin Mattson came of political age in the conservative Reagan era In an effort to understand contemporary political ambivalence and the plight of radicalism today Mattson looks back to the ideas that informed the protest social movements and activism of the 1960s To accomplish its historical reconstruction the book combines traditional intellectual biography including thorough archival research with social history to examine a group of intellectuals whose thinking was crucial in the formulation of New Left political theory These include C Wright Mills the popular radical sociologist Paul Goodman a practicing Gestalt therapist and anarcho pacifist William Appleman Williams the historian and famed critic of American empire Arnold Kaufman a radical liberal who deeply influenced the thinking of the SDS The book discusses not only their ideas but also their practices from writing pamphlets and arranging television debates to forming left leaning think tanks and organizing teach ins protesting the Vietnam War Mattson argues that it is this political engagement balanced with a commitment to truth telling that is lacking in our own age of postmodern acquiescence Challenging the standard interpretation of the New Left as inherently in conflict with liberalism Mattson depicts their relationship as more complicated pointing to possibilities for a radical liberalism today Intellectual and social historians as well as general readers either fascinated by the 1960s protest movements or actively seeking an alternative to our contemporary political malaise will embrace Mattson's book and its promise to shed new light on a time period known for both its intriguing conflicts and its enduring consequences [Pedagogy, Intellectuals, and Dissent in the Later Middle Ages](#) Rita Copeland,2001-07-26 This book is about the place of pedagogy and the role of intellectuals in medieval dissent Focusing on the medieval English heresy known as Lollardy Rita Copeland places heretical and orthodox attitudes to learning in a long historical perspective that reaches back to antiquity She shows how educational ideologies of ancient lineage left their imprint on the most sharply politicized categories of late medieval culture and how radical teachers transformed inherited ideas about classrooms and pedagogy as they brought their teaching to adult learners The pedagogical imperatives of Lollard dissent were also embodied in the work of certain public figures intellectuals whose dissident careers transformed the social category of the medieval intellectual Looking closely at the prison narratives of two Lollard preachers Copeland shows how their writings could serve as examples for their fellow dissidents and forge a new rapport between academic and non academic communities **T&T Clark Handbook to the Historical Paul** Ryan S. Schellenberg,Heidi Wendt,2022-05-05 The T T Clark Handbook to the Historical Paul gathers leading voices on various aspects of Paul's biography into a thorough reconsideration of him as a historical figure The contributors show how recent trends in Pauline scholarship have invited new questions about a variety of topics including his social location his mode of subsistence his

cultural formation his place within Judaism his religious experience and practice and his affinities with other religious actors of the Roman world Through careful attention to biographical detail social context and historical method it seeks to describe him as a contextually plausible social actor The volume is structured in three parts Part One introduces sources methods and historiographical approaches surveying the foundational texts for Paul and the early Pauline tradition Part Two examines key biographical questions pertaining to Paul s bodily comportment the material aspects of his career and his religious activities Part Three reconstructs the biographical portraits of Paul that emerge from the letters associated with him presenting a series of micro biographies pieced together by leading Pauline scholars

**Public Intellectuals and Their Discontents**  
Yadullah Shahibzadeh, 2020-09-30 This book addresses the ways in which the figure of the intellectuals and their relationship to the public has been theorized through the conceptualizations of bureaucracy democracy and communism as universal processes from the 19th century to the present Starting with Hegel and Marx the author looks at the rise of the figure of the universal intellectual in various forms before turning to what is presented as a transformation of the figure of the intellectual into the public intellectual advanced by the New Philosophies and the critical response offered by Edward Said The study presents two comparative case studies the Iranian Revolution and the public intellectuals in Europe specifically in Norway before concluding with a focus on the decay of the figure of the intellectuals and highlighting Ranciere s critique of the intellectual masses distinction

**Paul and the Philosophers' Faith** Suzan Sierksma-Agter, 2024-07-22 The notion of faith experienced a remarkable surge in popularity among early Christians with Paul as its pioneer Yet what was the wider cultural significance of the pistis word group This comprehensive work contextualizes Paul s faith language within Graeco Roman cultural discourses highlighting its semantic multifariousness and philosophical potential Based on an innovative combination of cognitive linguistics and discourse analysis it explores faith within social political religious ethical and cognitive contexts While challenging modern individualist and irrational conceptualizations this book shows how Paul uses pistis to creatively configure philosophical narratives of his age and propose Christ as its ultimate embodiment

**the Faithfulness of Paul** Christoph Heilig, J. Thomas Hewitt, Michael F. Bird, 2017-04-01 N T Wright's magnum opus *Paul and the Faithfulness of God* is a landmark study on the history and thought of the apostle Paul. This volume brings together a stellar group of international scholars to critically assess an array of issues in Wright's work. Essays in Part I set Wright in the context of other Pauline theologies. Part II addresses methodological issues in Wright's approach, including critical realism, historiography, intertextuality, and narrative. In Part III, on context, scholars measure Wright's representation of early Judaism, Greek philosophy, paganism, and the Roman Empire. Part IV turns to Wright's exegetical decisions regarding law, covenant, and election. The New Perspective, justification, and redemption. Christology, Spirit, eschatology, and ethics. Part V at last speaks to the implications of Wright's work for the church's theology, sacraments, and mission, and for global responsibility in a postmodern age. The volume includes a critical response from Wright himself. *The Postcolonial Intellectual* Oliver Lovesey, 2016-03-03 Addressing a neglected dimension in postcolonial scholarship, Oliver Lovesey examines the figure of the postcolonial intellectual as repeatedly evoked by the fabled troika of Said, Spivak, and Bhabha, and by members of the pan-African diaspora such as Cabral, Fanon, and James. Lovesey's primary focus is Ngũgĩ wa Thiong'o, one of the greatest writers of post-independence Africa. Ngũgĩ continues to be a vibrant cultural agitator and innovator who, in contrast to many other public intellectuals, has participated directly in grassroots cultural renewal, enduring imprisonment and exile as a consequence of his engagement in political action. Lovesey's comprehensive study concentrates on Ngũgĩ's non-fictional prose writings, including his largely overlooked early journalism and his most recent autobiographical and theoretical work. He offers a postcolonial critique that acknowledges Ngũgĩ's complex position as a virtual spokesperson for the oppressed and global conscience who now speaks from a location of privilege. Ngũgĩ's writings, Lovesey shows, display a seemingly paradoxical consistency in their concerns over nearly five decades, at the same time that there have been enormous transformations in his ideology and a shift in his focus from Africa's holocaust to Africa's renaissance. Lovesey argues that Ngũgĩ's view of the intellectual has shifted from an alienated, nearly neocolonial stance to a position that allows him to celebrate intellectual activism and a return to the model of the oral vernacular intellectual, even as he challenges other global intellectuals. Tracing the development of this notion of the postcolonial intellectual, Lovesey argues for Ngũgĩ's rightful position as a major postcolonial theorist who helped establish postcolonial studies. **The Rise of the Early Christian Intellectual** Lewis Ayres, H. Clifton Ward, 2020-05-05 The study of the growth of early Christian intellectual life is of perennial interest to scholars. This volume advances discussion by exploring ways in which Christian writers in the second century did not so much draw on Hellenistic intellectual traditions and models as they were inevitably embedded in those traditions. The volume contains papers from a seminar in Rome in 2016 that explored the nature and activity of the emergent Christian intellectual between the late first century and the early third century. The papers show that Hellenistic scholarly cultures were the milieu within which Christian modes of thinking developed. At the same time, the essays show how Christian thinkers made use of the cultures of which they were part in

distinctive ways adapting existing traditions because of Christian beliefs and needs The figures studied include Papias from the early part of the second century Tatian Irenaeus and Clement of Alexandria from the later second century One paper on Eusebius of Caesarea explores the Christian adaptation of Hellenistic scholarly methods of commentary Christian figures are studied in the light of debates within Classics and Jewish studies
