Days of Hope and Promise Paul J. Hallinan, 1973 **Days of Hope and Promise** Vincent A. Yzermans, 1973 **Paul J. Hallinan** Thomas J. Shelley, 1989 Paul J. Hallinan - First Bishop of Atlanta Thomas J. Shelley, 1989 *Paul J. Hallinan, First Archbishop of Atlanta* Thomas J. Shelley (sac.), 1989 *The Life of Paul J. Hallinan, Archbishop of Atlanta, 1911-1968* Thomas Joseph Shelley, 1967 **Archbishop Paul J. Hallinan** Gerard E. Sherry, 1965 **Desegregating Dixie** Mark Newman, 2018-10-04 Winner of the 2020 American Studies Network Book Prize from the European Association for American Studies Mark Newman draws on a vast range of archives and many interviews to uncover for the first time the complex response of African American and white Catholics across the South to desegregation In the late nineteenth and first half of the twentieth century the southern Catholic Church contributed to segregation by confining African Americans to the back of white churches and to black only schools and churches However in the twentieth century papal adoption and dissemination of the doctrine of the Mystical Body of Christ pressure from some black and white Catholics and secular change brought by the civil rights movement increasingly led the Church to address racial discrimination both inside and outside its walls Far from monolithic white Catholics in the South split between a moderate segregationist majority and minorities of hard line segregationists and progressive racial egalitarians While some bishops felt no discomfort with segregation prelates appointed from the late 1940s onward tended to be more supportive of religious and secular change Some bishops in the peripheral South began desegregation before or in anticipation of secular change while elsewhere especially in the Deep South they often tied changes in the Catholic churches to secular desegregation African American Catholics were diverse and more active in the civil rights movement than has often been assumed While some black Catholics challenged racism in the Church many were conflicted about the manner of Catholic desegregation generally imposed by closing valued black institutions Tracing its impact through the early 1990s Newman reveals how desegregation shook congregations but seldom brought about genuine integration **In the Shadow of Ebenezer** Leah Mickens, 2022-12-13 Uncovers how the Civil Rights Movement and Vatican II affected African American Catholics in Atlanta The history and practices of African American Catholics has been vastly understudied and Black Catholics are often written off as a fringe sector of the religious population Yet Catholics of African descent have been a part of Catholicism since the early days of European exploration into the New World In the Shadow of Ebenezer examines how the Civil Rights Movement and the Second Vatican Council affected African American Catholics in Atlanta Georgia focusing on the historic Our Lady of Lourdes Catholic Church in the Old Fourth Ward Our Lady of Lourdes is a neighbor of major historic Black Protestant churches in the city including Ebenezer Baptist Church a block away which during the Civil Rights era was the pulpit of Martin Luther King Jr Featuring archival and oral history sources the book examines the religious and cultural life of the parishioners of Our Lady of Lourdes Catholic Church showing how this Black Catholic congregation fit into the overall religious ecology of the neighborhood Examining Our Lady of

Lourdes in relation to these larger Black Protestant congregations helps to illuminate whether and how they were shaped by their place at a center of the civil rights struggle and how religious change and social change intersect **Paul J. Hallinan** Thomas J. Shelley,1989-05-01 American Catholicism Transformed Joseph P. Chinnici,2021 Situating the church within the context of post World War II globalization and the Cold War American Catholicism Transformed draws on previously untapped archival sources to provide deep background to developments within the American Catholic Church in relationship to American society at large and Vatican Council II During this time the Catholic community entered a transitional stage in which those on the right and those on the left battled for control of the Church s vision This convergence of international and national forces of renewal and resistance to them will continue to shape the American Catholic community s global identity in the twenty first century *The South's Tolerable Alien* Andrew S. Moore,2007-03 In *The South's Tolerable Alien* Andrew S. Moore probes the role of Catholics in the post World War II South and argues persuasively that until the 1960s religion rivaled race as a boundary separating residents of the Bible Belt Delving deep into underutilized diocesan archives he explores the ways in which southern Catholics worked to be both good Catholics and good southerners in a region largely defined by Protestant denominations and explains how the burgeoning civil rights movement ultimately breached these religious barriers With religious intolerance integral to southern Protestant identity anti Catholicism persisted longer in the South than in any other part of the country Yet despite the prejudices against them southern Catholics refused to shrink from public view creating a separate subculture to sustain their religious identity as they marked out public sacred space from which they could engage their critics Moore describes in detail the Catholics civic displays and public rituals including the diocese of Mobile Birmingham s annual Christ the King celebrations which featured downtown parades of over 25 000 people More than mere assertions of their presence these pageants provided Catholics with opportunities to craft a secular identity within the American mainstream As Moore maintains the rise of the civil rights movement slowly diminished religious tension among white southerners as violent confrontations in Selma and Birmingham forced Catholics as well as others to take a stand Once the civil rights movement was in full swing either support for or opposition to racial desegregation became paramount and contributed to social and political realignments along racial lines instead of religious ones Comparing the responses to the struggle to end Jim Crow among dioceses Moore finds that among Catholics there was no simple liberal conservative dichotomy Instead he argues that in the South the civil rights movement was more important than the Second Vatican Council in reshaping the social and political stances of the Catholic Church By describing the relationship between Catholics and Protestants in the South from a Catholic perspective Moore demonstrates that despite the persistence of anti Catholicism throughout this period white Protestants were gradually coming to terms with the modern South s religious pluralism With *The South's Tolerable Alien* Moore offers the first serious analysis of southern Catholicism outside of Louisiana and makes an enormous contribution to the study of southern religion Joseph Bernardin Steven P. Millies,2016

As a priest archbishop and president of the US bishops conference Cardinal Joseph Bernardin lived a ministry marked by thoughtfulness compassion and conviction Relying on interviews with the cardinal s assistants friends and family members as well as on some previously unavailable archival material Steven P Millies explores Bernardin s controversial seamless garment approach to life issues his founding of the Catholic Common Ground Initiative the disturbing abuse allegations against him that were later recanted and his experience of cancer that prompted him to write the bestselling book *The Gift of Peace* and that ultimately took his life Millies offers a fresh new portrait of one of the most remarkable Catholic leaders of the twentieth century

Empowering the People of God Christopher D. Denny, Mary Beth Fraser Connolly, 2013-11-01 The early 1960s were a heady time for Catholic laypeople Pope Pius XII s assurance You do not belong to the Church You are the Church emboldened the laity to challenge Church authority in ways previously considered unthinkable *Empowering the People of God* offers a fresh look at the Catholic laity and its relationship with the hierarchy in the period immediately preceding the Second Vatican Council and in the turbulent era that followed This collection of essays explores a diverse assortment of manifestations of Catholic action ranging from genteel reform to radical activism and an equally wide variety of locales apostolates and movements
