Paul McCartney Now Then:

Paul McCartney Tony Barrow, Robin Bextor, 2004 In this book Paul McCartney the most prolific member of the Beatles founder of Wings and enduring solo artist speaks in his own words of his private life his life as a singer musician composer and businessman of how the greatest band in the world came to be and how and why they broke up Paul McCartney Now and Then is the inside story from the man himself Includes commentary from Sir George Martin Steve Miller Pete Best Brian Wilson Peter Asher and others Complemented throughout by rare many previously unseen photos shot over a career spanning more than four decades Robin Bextor is a well known documentary film maker and writer who has formed a close relationship with Paul McCartney over the years Tony Barrow who coined the phrase Fab Four was head of the Beatles Press Office from 1962-1968 Paul McCartney Now & Then Tony Barrow, 2006 *Paul McCartney* Tony Barrow, Robin

Bextor, 2004 This unique book is not a biography of Paul McCartney but something far more personal and out of the ordinary It is a series of snapshots that together form a picture of the man who it could be argued did more to change the face of popular culture than any other Bringing together a carefully selected series of eyewitness accounts the authors own plus others exclusively assembled for this project and illustrated throughout with many rare photographs Paul McCartney Now and Then is an array of very real memories that create a revealing and intimate portrait of the man they call Macca **Paul**

McCartney and His Creative Practice Phillip McIntyre, Paul Thompson, 2021-08-10 This book provides fresh insight into the creative practice developed by Paul McCartney over his extended career as a songwriter record producer and performing musician It frames its examination of McCartney's work through the lens of the systems model of creativity developed by Mihaly Csikszentmihalyi and combines this with the research work of Pierre Bourdieu This systems approach is built around the basic structures of idiosyncratic agents like McCartney himself and the choices he has made as a creative individual It also locates his work within social fields and cultural domains all crucial aspects of the creative system that McCartney continues to be immersed in Using this tripartite system the book includes analysis of McCartney's creative collaborations with musicians producers artists and filmmakers and provides a critical analysis of the Romantic myth which forms a central tenet of popular music This engaging work will have interdisciplinary appeal to students and scholars of the psychology of creativity popular music sociology and cultural studies **Woodstock Then and Now:** Alex Ludwig, Simone

Pilon, 2023-07-31 In August of 1969 a dairy farm in the state of New York hosted a pivotal moment in the history of pop music Taking place only two years after the Summer of Love and one year after the tumultuous events of 1968 the Woodstock Music and Art Fair put an exclamation point on the transformational decade of the 1960s Joni Mitchell did not attend Woodstock but her song of the same name captures an opposition inherent to the turbulent and divisive era We are stardust caught in the devil's bargain Mitchell sings and we've got to get ourselves back to the garden In order to celebrate the 50th anniversary of Woodstock Berklee College of Music hosted a week long celebration that included conversations with

luminaries from the era Participants included Woodstock co founder Michael Lang emcee stage and lighting designer Chip Monck audio engineer Bill Hanley photographers Henry Diltz and Elliott Landy public relations officer Rona Elliot and Gerardo Velez drummer for Jimi Hendrix Woodstock Then and Now commemorates the discussion between these Woodstock luminaries making available the transcripts of this historic event **Paul McCartney and Stella McCartney** Tim Unga,2004-12-15 Describes the McCartney family discussing the success of Paul in the music business and Stella in the fashion industry and looks at family life **Southern English Varieties Then and Now** Laura Wright,2018-07-23 Most of the world s Extraterritorial Englishes stem historically from southern English dialects Southern England having been the most densely habited part of the country However the dialects of Southern England remain under studied The papers in this volume consider both diachronic and synchronic aspects of the dialects of Norfolk Suffolk Essex Kent Sussex Dorset Somerset Devon Cornwall Gloucestershire and the Isles of Scilly *The Paul McCartney Catalog* Ted Montgomery,2020-02-10 This complete discography of Paul McCartney s solo and other post Beatles work examines his entire catalog It covers his studio and live albums and compilations including the trance electronic classical and cover albums and selected bootleg recordings all of the singles videos and DVDs and the 15 radio shows he made as Oobu Joobu Each song is reviewed in depth providing a wealth of information for both dedicated McCartney fans and those just discovering his music **The Routledge Companion to Remix Studies** Eduardo Navas,Owen Gallagher,xtine burrough,2025-03-27 The Routledge Companion to Remix Studies 2nd Edition comprises contemporary texts by key authors and artists who are active in the interdisciplinary field of remix studies As an organic international movement remix culture originated in the popular music culture of the 1970s and has since grown into a rich cultural activity encompassing numerous forms of media The act of recombining pre existing material continues to bring up pressing questions of authenticity reception authorship copyright and the techno politics of media activism especially with the emergence of artificial intelligence which relies on remix methods and principles for content production This book approaches remix studies from various angles including sections on history aesthetics ethics politics and practice and offers theoretical chapters alongside case studies of remix projects This second edition includes ten new chapters and nine revised chapters Reprinted chapters from the first edition are updated with editorial prefaces This volume offers in depth insight for long term relevance among the many interdisciplinary fields that rely on and also contribute to remix studies This companion is a valuable resource for both researchers and remix practitioners as well as a teaching tool for instructors using remix practices in the classroom **Lennon and McCartney** Thomas MacFarlane,2022-09-30 Lennon and McCartney Painting with Sound explores the work of two of the most influential composers of the twentieth century Five decades after the breakup of the Beatles the music of John Lennon and Paul McCartney continues to fascinate and inspire Evidence suggests that their uniquely eclectic approach can be traced back to the Liverpool College of Art Following on that idea this book explores the creative dialogue between

John Lennon and Paul McCartney both with the Beatles and on their own that grew out of that early influence The book is presented in three sections I Stretching the Canvas considers the Liverpool College of Art as the backdrop for John and Paul s early collaborations with painter and musician Stuart Sutcliffe This is followed by discussions of select works created by the Beatles between 1962-69 II Extending the Space focuses on the long distance creative dialogue between Lennon and McCartney as demonstrated in their respective solo recordings of the 1970s III New Colours considers the final works of the Lennon and McCartney creative dialogue as well as various McCartney solo projects released in the years that followed Lennon s death in 1980 Here the focus is on Paul s development as a painter its effect on his creativity and his subsequent efforts to establish the Liverpool Institute for Performing Arts as a world class arts conservatory *The Beatles as Musicians* Walter Everett,1999 Given the phenomenal fame and commercial success that the Beatles knew for the entire course of their familiar career their music per se has received surprisingly little detailed attention Not all of their cultural influence can be traced to long hair and flashy clothing the Beatles had numerous fresh ideas about melody harmony counterpoint rhythm form colors and textures Or consider how much new ground was broken by their lyrics alone both the themes and imagery of the Beatles poetry are key parts of what made and still makes this group so important so popular and so imitated This book is a comprehensive chronological study of every aspect of the Fab Four s musical life including full examinations of composition performance practice recording and historical context during their transcendent late period 1966-1970 Rich authoritative interpretations are interwoven through a documentary study of many thousands of audio print and other sources *Here be Dragons!* , **Paul McCartney** Peter Ames Carlin,2009-11-03 From the acclaimed biographer who brought you the rock biography of Bruce Springsteen comes the life of musician Paul McCartney from his groundbreaking years with the Beatles to Wings to his work as a solo artist and activist More than a rock star more than a celebrity Paul McCartney is a cultural touchstone who helped transform popular music as one half of the legendary Lennon McCartney songwriting duo In this definitive biography Peter Ames Carlin examines McCartney s entire life casting new light not just on the Beatles era but also on his years with Wings and his thirty year relationship with his first wife Linda McCartney He takes us on a journey through a tumultuous couple of decades in which Paul struck out on his own as a solo artist reached the top of the charts with a new band and once again drew hundreds of thousands of screaming fans to his concerts Carlin presents McCartney as a musical visionary but also as a layered and conflicted figure as haunted by his own legacy and particularly his relationship with John Lennon as he was inspired by it Built on years of research and fresh revealing interviews with friends bandmates and collaborators spanning McCartney s entire life Carlin s lively biography captures the many faces of the living legend *The Unknown Paul McCartney* Ian Peel,2013-04-02 Internationally acclaimed knighted and immortalised in music s pantheon Paul McCartney nevertheless remains one of the least fully appreciated of modern icons Throughout his career McCartney has initiated and participated in projects that have taken him

very far away from the kind of music associated with his career in The Beatles in Wings and as a solo artist From as far back as the 1960s there have been experimental solo projects both under his own name and incognito These include the legendary Carnival of Light sixties freak out the Percy Thrillington diversion in the 70s techno ambient and chill out releases as The Fireman pure noise performance art as well as less publicised activity much of which Ian Peel now reveals in depth in print for the first time What emerges is a unique critical insight into an apparently over familiar public figure Paul McCartney avant garde musician Undertaking extensive research for this book Ian Peel interviewed many of McCartney s intimate musical associates from this less familiar side of his career including Super Furry Animals on their carrot chewing percussion and electronic sound collage collaborations Youth the three times BRIT nominated producer speaks in depth for the first time ever on his two albums of techno ambient and chill out recorded with McCartney as The Fireman Nitin Sawhney on McCartney s first tentative steps into drum bass holed up in Sawhney s London bedsit Richard Hewson breaks a 20 year silence on the Thrillington project and pseudonym David Vaughan the renowned psychedelic artist and organiser of 60s happenings airs his strong views on Carnival of Light The Beatles most legendary unreleased track Other interviewees include Yoko Ono bassist Herbie Flowers Gong s Daevid Allen Frank Zappa s guitarist Mike Keneally JJ Jeczalik Art of Noise and members of Wings
