Paul McCartney Run Devil Run:

The Words and Music of Paul McCartney Vincent P. Benitez Jr.,2010-03-23 This examination of the solo music of Paul McCartney from 1970-2007 offers an analysis of his songs recordings and his impact on popular music. The Words and Music of Paul McCartney: The Solo Years examines the large and varied oeuvre of this deeply personal artist showing how McCartney's stint as a Beatle continues to inform his solo music as well as how he has transcended his days as a member of the Fab Four. After a biographical introduction, chronologically arranged chapters explore McCartney's music in the immediate aftermath of the breakup of the Beatles, his work with Wings during the 1970s, his collaborations with other artists during the 1980s, and his compositions of the 1990s including his first forays into classical music. The examination also covers McCartney's critically acclaimed work in the first decade of the 21st century including *Memory Almost Full* and *Ecce Cor Meum*, a composition written in the style of sacred English choral music. Throughout the book, analytical insights and historical background are provided to a repertoire that surprisingly has not previously been covered in detail. Paul McCartney After the Beatles: A Musical Appreciation Adrian Allan,2019-07-10 This is a musical analysis of Paul McCartney from 1970 to today. It is aimed at students of popular music theory, educators, musicians, and aspiring songwriters. It will also appeal to the general Beatles and McCartney fan who wishes to understand music on a deeper level. A beginner's guide to music theory and glossary are provided. Eighty of McCartney's post-Beatles songs are discussed in the format of short but accessible essays. For each song, full details are provided concerning date of release, place of recording, instrumentation, and key signature. The description for each song details the musical techniques that McCartney uses, such as chord patterns, structure, use of instruments, vocal harmony, tonality, and key changes. In addition, every chapter details his life and work in each decade. A conclusion identifies the main characteristics of McCartney's style. The appendix details every recording location used. An invaluable guide to the music of the world's most successful songwriter. **The Beatles Diary Volume 2: After The Break-Up 1970-2001** Keith Badman,2009-10-28 From 1970 onwards, the disbanded Beatles were at last free to follow their individual interests. From that point on, there were four separate stories, but they were stories that would form a complex, overlapping history of quarrels and reconciliations, personal projects, and sporadic collaborations. For the first time ever, a noted Beatles expert has meticulously documented the entire period of The Beatles after the break-up. **That Was Me** Richard D. Driver,2023-07-24 Paul McCartney has lived an extraordinary life in popular music and popular culture. His careers as a Beatle, as a solo musician, and as a band leader in Wings, and in areas outside music, have varied tremendously and are well documented. *That Was Me* explores the impact of Paul McCartney as a musician outside the Beatles, identifying the continued excitement in generations of fans and listeners, and his perennial efforts to perform and record music. Richard Driver argues that his solo career is multi-faceted and extremely diverse, ranging from breaking sharply with the style and output of the Beatles to experimenting in orchestral and operatic music, and returning to music designed to emulate and

reproduce the style success and popularity of the Beatles Through McCartney we can literally and symbolically view and revisit the popular music phenomenon that was the Beatles and popular music from the 1950s to today **The Paul McCartney Catalog** Ted Montgomery,2020-01-31 This complete discography of Paul McCartney s solo and other post Beatles work examines his entire catalog It covers his studio and live albums and compilations including the trance electronic classical and cover albums and selected bootleg recordings all of the singles videos and DVDs and the 15 radio shows he made as Oobu Joobu Each song is reviewed in depth providing a wealth of information for both dedicated McCartney fans and those just discovering his music *Off the Ground* JR Moores,2024-11-12 A sympathetic but clear eyed exploration of Paul McCartney s work in the 1990s arguably his most important since the rise of the Beatles Paul McCartney s 1990s was an era like no other perhaps even the most significant decade of his entire career after the 1960s Following a shakier 1980s the decade would see McCartney reemerge with greater energy momentum and self belief JR Moores s sympathetic but not uncritical new book explores McCartney s 90s with its impressive studio and live albums colossal tours unexpected side projects and imaginative collaborations forays into classical composition some new Beatles numbers and a whole lot more besides Moores reveals how McCartney s reputation began to be perceived more generously by the public and he argues that Macca s output and activities in the 90s would uncover more about the person behind them than in any other decade 501 Essential Albums of the '90s Gary Graff,2024-10-22 Break out the flannel scrunchies and high rise jeans and indulge in this nostalgic illustrated trip through the 1990s most influential albums across all genres In 501 Essential Albums of the 90s Gary Graff leads a cast of fellow music journalists in presenting the music of everyone s favorite decade the last decade before the proliferation of social media and digital downloads With lively descriptions of the releases and over 600 images this hefty 448 page volume curates 501 albums spanning genres and subgenres pop hip hop R B grunge metal country world music and features Year by year organization Knowledgeable rundowns of every album featured Album art for each selection Artist imagery Record label release date and producer s for each Soundtracks and compilation releases also included The journalists detail the circumstances of the releases notable singles from each their influence on contemporary and later artists in short why each is considered one of the best of the decade Britney or Body Count Nirvana or NSync Metallica or Morissette Garth or Green Day Weezer or Wu Tang whatever your tastes you will relish this ultimate retrospective of the decade s music **Conversations with McCartney** Paul Du Noyer,2016-10-18 One of the most fascinating portraits to date of one of the most important cultural icons of our age Choice In June 1989 Paul Du Noyer was contacted by Paul McCartney s office in London They asked him to interview the star McCartney and Du Noyer had met once before and enjoyed a good rapport In the years that followed Du Noyer continued to meet interview and work for Paul McCartney on a regular basis producing magazine articles tour programs album liner notes press materials and editorial content for McCartney s website Du Noyer has spent more hours in formal recorded conversation with McCartney than any other writer Conversations with
