Red Fire Max Brand, 2015-10-13 From legendary Western author Max Brand comes a collection of stories about a slave, a jewel thief, and a captive. In *Master and Man*, Bobbie is a black man who can outpace, outfight, and outshoot any white man in the mountain desert. His unwavering moral code serves as a model for his often cruel and dissolute white master. *A Lucky Dog* is a tale of the desperate flight of a jewel thief named Hagger from the man he robbed. In *Colorado*, facing a battle with winter cold and snow, he comes upon an isolated cabin and its sole occupant, a weakened bull terrier left there to starve to death. The man and dog come to depend on each other to a point where Hagger would make any sacrifice and endure any hardship just to keep the dog alive. In the title story *Red Fire*, Paul Torridon, called White Thunder by the Cheyenne Indians, and his girlfriend Nancy Brett are being held prisoner by the Cheyenne because they believe he can cure illness and bring rain. While Roger Lincoln, a frontiersman who has known Torridon since the early days of his feud with the Brett clan, devises a plan for their escape, Torridon's captors take every precaution they can to keep him imprisoned, even if it means killing him rather than losing him. Stealing Fire from Heaven Nevill Drury, 2011-03-02 The Western magical traditions are currently undergoing an international resurgence In Stealing Fire from Heaven Nevill Drury offers an overview of the modern occult revival and seeks to explain this growing interest in ancient magical belief systems Gnosticism and the Hermetica the medieval Kabbalah Tarot and Alchemy and more recently Rosicrucianism and Freemasonry collectively laid the basis for the modern magical revival which first began to gather momentum in Europe at the end of the nineteenth century Western magic has since become increasingly eclectic drawing on such diverse sources as classical Greco Roman mythology Celtic cosmology Kundalini yoga and Tantra shamanism chaos theory and the various spiritual traditions associated in many different cultures with the Universal Goddess Drury traces the rise of various forms of magical belief and practice from the influential Hermetic Order of the Golden Dawn to the emergence of Wicca and Goddess worship as expressions of contemporary feminine spirituality He also explores Chaos Magick and the occult practices of the so called Left Hand Path as well as twenty first century magical forays into cyberspace He believes that the rise of modern Western magic stems essentially from the quest for personal spiritual transformation and direct experience of the sacred a quest which the trance occultist and visionary artist Austin Osman Spare once referred to as stealing fire from heaven Considered in this light Drury argues modern Western magic can be regarded as a form of alternative spirituality in which the practitioners seek direct engagement with the mythic realm

Strange Acts Rick Strelan, 2004 This book examines many of the strange events and actions in Acts in the context of the Hellenistic world and from that perspective These events and actions include the ascension of Jesus direction by the Spirit visions angelophanies prison escapes and resuscitations of the dead Many of these events are either avoided in scholarship or are investigated with an agenda other than to understand them for themselves The book constructs an ancient audience to be one that has a close familiarity with the Septuagint and with other Greek and Latin writings The culturally strange events are then interpreted through the lens of these texts

Patterns of Deification in the Acts of the Apostles Daniel B. Glover, 2022-10-11 Five times throughout the course of Luke's narrative in Acts an individual character is identified as a god

Rarely have scholars read these deification scenes within their narrative and historical settings with sufficient care. With regard to the narrative setting, scholars working on the deification scenes tend to take one or another as normative and read the remaining acclamations in light of a particular interpretation of that one pericope. However, such reading strategies run aground when they arrive at the final acclamation (28:1-10) which breaks the exegetical bow of the interpretive ship. In this study, Daniel B. Glover evaluates the deification scenes in the Book of Acts by locating them within the broader ancient Mediterranean context of deification. He offers a fresh reading of Acts that situates each of the five scenes within a distinct literary pattern recognizable to its earliest readers.
