## **Paul The Letter Writer:**

Paul the Letter-Writer and the Second Letter to Timothy Michael Prior, 1989-03-01 This study argues for new perspectives on the letters of Paul especially the Second Letter to Timothy It examines striking aspects of Paul s letters especially the fact that many of them are co authored that six of them acknowledge that a secretary has penned the letter and that 1 Timothy 2 Timothy and Titus are the only ones addressed to individuals It investigates the implications of these facts for the concept of Pauline authorship Prior maintains that the received arguments statistical as well as literary which exclude 2 Timothy from the influence of Paul are less than convincing The author suggests an original reading of 2 Timothy arguing it was composed by Paul towards the end of his first Roman imprisonment Contrary to all interpretations of the letter which argue that Paul was about to be martyred Prior claims that Paul was confident that he would be released and was assembling a mission team to bring his proclamation of the Gospel to a completion Timothy s courage and missionary zeal needed rekindling for he and Mark were to be key figures in this new team **Paul the Letter-writer** Jerome Murphy-O'Connor, 1995 How did Paul use his secretaries Did he rely on co authors Did his rhetorical education affect the way he organised his material This book confronts these questions on the basis of extensive quotations from classical Greek and Latin authors A synoptic survey of the beginnings and ends of the letters brings out the extent to which Paul both used and adapted current epistolary conventions The intention of the book is to humanize the Pauline letters and make their complex theology less daunting Adapted from back cover *Paul, the Letter Writer* M. Luther Stirewalt, 2003 This engaging study shows how Paul s stylized use of the official Roman letter a form of communication of great social import in his day played a crucial role in his apostolic ministry conveying both his self identity and sense of authority M Luther Stirewalt describes the logistics of letter writing in the first century Mediterranean world and shows how official letters served to substitute for speeches to an audience to convey executive official or bureaucratic matters or to bring complaints or petitions from citizens to officials He then shows how Paul structured his apostolic correspondence after these models of writing drawing evidence directly from seven Pauline epistles 1 Thessalonians 1 and 2 Corinthians Philippians Philemon Galatians and Romans Cutting a new angle on Paul s purposes his ministry and his pastoral concerns Stirewalt s *Paul the Letter Writer* will appeal to readers of the Bible and ancient history **Paul, the Letter Writer** Martin Luther Stirewalt (Jr.), 2003 **Paul the Ancient Letter Writer** Jeffrey A. D. Weima, 2016-11-15 This clear and user friendly introduction to the interpretive method called epistolary analysis shows how focusing on the form and function of Paul s letters yields valuable insights into the apostle s purpose and meaning The author helps readers interpret Paul s letters properly by paying close attention to the apostle s use of ancient letter writing conventions Paul is an extremely skilled letter writer who deliberately adapts or expands traditional epistolary forms so that his persuasive purposes are enhanced This is an ideal supplemental textbook for courses on Paul or the New Testament It contains numerous analyses of key Pauline texts including a final chapter analyzing

the apostle's Letter to Philemon as a test case to demonstrate the benefits of this interpretive approach      **Paul and First-Century Letter Writing** E. Randolph Richards, 2004-10-22 Informed by the historical evidence and with a sharp eye for telltale clues in the Apostle Paul's letters E. Randolph Richards takes us into his world and places us on the scene with Paul the letter writer offering a glimpse that overthrows our preconceptions and offers a new perspective on how this important portion of Christian Scripture came to be      **Paul, The Letter Writer** Tim Hegg, 2001      Paul the Letter-writer: His World, His Opinions, His Skills Jerome Murphy-O'Connor, 1995      The Letter Writer Tim Hegg, 2008-06-01      *Paul the letter-writer and the Second Letter to Timothy* Michael Prior, 1989      **Paul** Michael Prior (c.m.), 1989      **Fakes, Forgeries, and Fictions** Tony Burke, 2017-05-31 Fakes Forgeries and Fictions examines the possible motivations behind the production of apocryphal Christian texts Did the authors of Christian apocrypha intend to deceive others about the true origins of their writings Did they do so in a way that is distinctly different from New Testament scriptural writings What would phrases like intended to deceive or true origins even mean in various historical and cultural contexts The papers in this volume presented in September 2015 at York University in Toronto discuss texts from as early as second century papyrus fragments to modern apocrypha such as tales of Jesus in India in the nineteenth century Life of Saint Issa The highlights of the collection include a keynote address by Bart Ehrman Apocryphal Forgeries The Logic of Literary Deceit and a panel discussion on the Gospel of Jesus Wife reflecting on what reactions to this particular text primarily on biblioblogs can tell us about the creation transmission and reception of apocryphal Christian literature The eye opening papers presented at the panel caution and enlighten readers about the ethics of studying unprovenanced texts the challenges facing female scholars both in the academy and online and the shifting dynamics between online and traditional print scholarship      God as Father in Paul Abera M. Mengestu, 2013-08-28 God as Father in Paul explores Paul's use of the kinship term Father to refer to God along with related familial terms children of God and Christ followers as brothers and sisters as part of a study of the use of kinship language in the identity formation of early Christianity Mengestu argues that these kinship terms are shared modes of identity constructions within the wider textual and cultural settings the Roman Empire the Roman Stoic philosophers the Hebrew Bible and ancient Jewish literature from which Paul draws on as well as contests Employing theoretical kinship and social identity theory as well as interpretative approaches imperial critical and narrative approaches to Paul he contends that Paul uses God as Father consistently strategically and purposefully in both stable and crisis situations to develop a narrative orienting framework's that images the community of Christ followers as a family that belongs to God who together with the Lord Jesus Christ bestows on them equal but diverse membership in the family The narrative so constructed forms the foundation for referring to Christ followers as children of God and brothers and sisters of one another It constructs boundaries and serves as nexus of transformation and negotiation      **Burdens of Proof** Susanna Egan, 2011-04-20 Autobiographical impostures once they come to light appear to us as outrageous scandalous They confuse lived and textual

identity the person in the world and the character in the text and call into question what we believe what we doubt and how we receive information In the process they tell us a lot about cultural norms and anxieties *Burdens of Proof Faith Doubt and Identity in Autobiography* examines a broad range of impostures in the United States Canada and Europe and asks about each one Why this particular imposture Why here and now Susanna Egan s historical survey of texts from early Christendom to the nineteenth century provides an understanding of the author in relation to the text and shows how plagiarism and other false claims have not always been regarded as the frauds we consider them today She then explores the role of the media in the creation of much contemporary imposture examining in particular the cases of Jumana Hanna Norma Khouri and James Frey The book also addresses ethnic imposture deliberate fictions plagiarism and ghostwriting all of which raise moral legal historical and cultural issues Egan concludes the volume with an examination of how historiography and law failed to support the identities of European Jews during World War II creating sufficient instability in Jewish identity and doubt about Jewish wartime experience that the impostor could step in This textual erasure of the Jews of Europe and the refashioning of their experiences in fraudulent texts are examples of imposture as an outcrop of extreme identity crisis The first to examine these issues in North America and Europe *Burdens of Proof* will be of interest to scholars of life writing and cultural studies

**Paul's Argumentation in Galatians** Mika Hietanen, 2007-07-26 *Galatians* is a polemical letter which contains a substantial amount of argumentative passages Paul evidently wanted to persuade by using the best arguments possible to convince his addressees Using a state of the art method from the discipline of argumentation analysis Paul s argumentation can be analysed with a precision that standard exegetical methods cannot provide The pragma dialectical method developed in Amsterdam facilitates an analysis which is both descriptive and normative On the one hand Paul s argumentation can be described such as the relationship between premisses and conclusions the structure of the arguments and features relating to rhetorical strategy On the other hand the method makes it possible to evaluate Paul s argumentation against a set of rules for sound reasoning Fallacies and problematic arguments can be described accurately The spiritual nature of Paul s matters do not relieve him of rationality and Paul himself does not argue as if it did Paul s argumentation is found problematic in several respects There is a tension in the text Paul works a great deal to argue his claims while at the same time giving the impression that he merely wants to declare his standpoints and does not want to carry out an argumentation at all Many of the conclusions are presented as self evident even when they are not Paul s style is far from an ideal model of the resolution of a dispute Paul relies heavily on an argumentative strategy with maximal use of rhetorical devices The analysis shows that a contemporary method of argumentation analysis provides tools necessary to adequately describe and understand both individual arguments and the overarching strategy of the argumentation in a Pauline text **Paul's Interlocutor in Romans 2** Runar Thorsteinsson, 2015-12-22 Thorsteinsson s study of *Romans* poses a thoroughly argued challenge to Pauline scholarship His argument has the potential of invalidating the reading of *Romans 2* that has contributed to a perception of

Paul as utterly negative towards his fellow Jews and first century Judaism Among matters of scholarly dispute is the function and identity of Paul's interlocutors in chapter 2 of Romans Scholars agree universally that the individual addressed in 2:17-29 is a Jew but with respect to the identity of the interlocutor of 2:1-5 there is no consensus The majority of scholars hold that the interlocutor is a Jew throughout the chapter A weighty minority argues that the individual addressed in 2:1-5 is a Gentile and that there is a shift of interlocutor in 2:17 In his investigation into the pros and cons of these positions Thorsteinsson endeavors to challenge both majority and minority Basic to his approach is to allow the larger context and framework of the letter to be of help in assessing the function and identity of Paul's partner(s) in dialogue Thus the epistolary structure and setting of Romans the relationship between Paul and his audience the identity of the audience and the dialogical style of the letter are used to ascertain the function and identity of Paul's interlocutor(s) in Romans 2 By engaging an imaginary interlocutor Paul utilizes a well established epistolary technique in Greco-Roman antiquity Thorsteinsson concludes that Paul wrote Romans to a particular group of people in a specific contemporaneous situation The letter's message arose out of Paul's missionary obligation to proclaim God's good news to Gentiles in Rome The minority view that Paul's interlocutor in 2:1-5 is a Gentile is combined with the majority opinion that there is but one interlocutor throughout the chapter In sum the common opinion that Romans 2 contains Paul's piercing critique of his fellow Jew should be rejected The individual censured in the chapter is not a Jew but a Gentile who claims to be a Jew

Rediscovering Paul David B. Capes, Rodney Reeves, E. Randolph Richards, 2017-11-21 For some of us the apostle Paul is intimidating prickly and unpredictable But maybe it's time to get to know Paul on his own terms Drawing on the best of contemporary scholarship and with language shaped by conversations with today's students this expanded edition of *Rediscovering Paul* gives fresh consideration to Paul's conversion call and his ongoing impact on church and culture

*Paul of Tarsus* Panayotis Coutsoumpas, 2018-09-25 Paul's writings are central and important not only for the establishment of the Christian faith but also for the entire history of the Early Christian Church The study of Paul's person his letter and his theology can be stimulating and a challenging reading effort *Paul of Tarsus* is an introduction designed for students pastors and laymen P Coutsoumpas seeks to expand Paul's essential message Seeking to situate the study of the Apostle in a proper perspective Coutsoumpas first looks into the contours of Paul's personal life before and after his encounter with the risen Christ Then he looks at each of Paul's letters independently and lastly emphasizes the central elements of his theological belief *Paul of Tarsus* is an appealing and accessible book that places Paul within his historical and theological context

*Paul's Corporate Christophany* Rob A. Fringer, 2019-02-28 Paul's Christophany i.e. his Damascus Road Experience has been the subject of much scholarly analysis However treatments of this phenomenon while widely varied have tended to extract the various references from their literary contexts in order to reconstruct the event to discover the foundations and content of Paul's Christology or to analyze Paul's experience of conversion and/or call The current study focused on the undisputed Pauline epistles evaluates how and why Paul employed

the various Christophanic references in their particular literary and sociohistorical contexts Through this assessment the importance of Paul s Christophanic references as part of his larger arguments is established It is shown how Paul uniquely shapes the various Christophanic references to fit the needs of his argument and through it the needs of each community Furthermore this study demonstrates that Paul s Christophanic references do not primarily establish his apostolic status or assert his apostolic authority Through this study the corporate nature of Paul s Christophanic references becomes increasingly evident and multiple general conclusions are drawn which provide a possible glimpse into Paul s understanding of his Christophanic experience

The Making of the New Testament Arthur G. Patzia, 2025-11-04 The story of the making of the New Testament is one in which scrolls bumped across cobbled Roman roads and pitched through rolling Mediterranean seas finally finding their destinations in stuffy dimly lit Christian house churches in Corinth or Colossae There they were read aloud and reread handled and copied forwarded and collected studied and treasured And eventually they were brought together to make up our New Testament This revised and expanded edition of The Making of the New Testament is a textbook introduction to the origin collection copying and canonizing of the New Testament documents Like shrewd detectives reading subtle whispers of evidence biblical scholars have studied the trail of clues and pieced together the story of these books Arthur Patzia tells the story answering our many questions How were books and documents produced in the first century What motivated the early Christians to commit teaching and narrative and vision to papyrus How were the stories and sayings of Jesus circulated handed down and shaped into Gospels What do we know about ancient letter writing secretaries and copy shops Why were four Gospels included instead of just one How were Paul s letters sent here and there gathered into a single collection Who decided and by what criteria which documents would be included in the New Testament Explore these questions and more about these Scriptures whose everyday gritty story rings true to their extraordinary message the palpable mystery of the Word made flesh
