Paul Cézanne, 1988 **A Cézanne Treasure** Emily Bardack Kies, Paul Cézanne, Museum of Modern Art (New York, N.Y.), 1988 **Paul Cézanne** Lawrence Gowing, Paul Cézanne, Museum of Modern Art (New York, N.Y.), 1988 Published on the occasion of the exhibition Paul Cezanne The Basel sketchbooks March June 1988 *The Sketchbooks of George Grosz* George Grosz, 1993 This book explores surprising sides of Berlin Dada activist George Grosz 1893 1959 known for his acerbic drawings of the teens and twenties that mocked the decadent ruling class and the hypocritical petit bourgeois His sketchbooks however encompass a broader array of themes and styles childhood drawings caricature satire landscapes nude studies teaching instructions sketches of people and street scenes From his early beginnings in his home town of Stolp to his late work in the U S where he settled in 1933 the nearly 200 sketchbooks offer new insights into Grosz s development and reveal a scrutinizing yet witty and humane observer Includes summary catalogue of all extant sketchbooks Harvard University Art Museum *Cezanne's Early Imagery* Mary Tompkins Lewis, 2023-12-22 C zanne s Early Imagery by Mary Tompkins Lewis explores the lesser known but significant early works of Paul C zanne bringing to light the rich cultural and

artistic context of his first decade as a painter While Cézanne's biographers have long emphasized his tumultuous early life marked by his friendship with Emile Zola his rebellious nature and his passionate yet crude persona the actual paintings from this period have often been overshadowed Lewis addresses this gap in Cézanne scholarship by examining how his early works reflect deep connections to both popular and artistic traditions revealing a more nuanced and deliberate painter than previously recognized Through detailed analysis of Cézanne's early subject pictures Lewis moves beyond the conventional view of the artist as an impulsive romantic Instead she argues that his early paintings are stylistically and iconographically coherent shaped by both his engagement with the old masters and his awareness of contemporary cultural currents Highlighting the contributions of previous scholars such as Roger Fry and Meyer Schapiro Lewis builds on their groundwork to offer a comprehensive reappraisal of Cézanne's early compositions Ultimately this study provides a deeper understanding of the young painter's creative process and the intellectual depth behind his bold defiant imagery enriching our appreciation of his role in modern art This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1989
