Oswald Sanders, 1984-01-01 *Journeys to Significance* Neil Cole, 2011-02-11 A powerful biblically based model of leadership development based on the life of the Apostle Paul All churches denominations and parachurch organizations are eager for new models of leadership development Cole uses the life and leadership lessons of the Apostle Paul to show how to develop leaders who are skilled dedicated and always open to learning from experience Cole a trusted innovative authority uses the four journeys of Paul to shows how leaders can grow to be more influential A publication from the acclaimed Leadership Network Paul the original church planter was very instrumental in the growth of Christianity and a perfect model for today s leaders Shows how Paul s leadership developed over the course of his life to get better and better with time and maturity and how they can do the same **True Leadership** Vinnie Venturella, 2019-02-06 Vinnie Venturella in his thorough treatment of the leadership style of the apostle Paul will enable you to both discover and codify your own essential leadership philosophy Moreover if not most importantly this book will help to ensure that your leadership philosophy is biblical Emphasizing the truth that leaders are both born and made Vinnie takes you through a practical course on effective leadership drawing from his extensive experience in both a military and a professional career This leadership course contained in the book will be a great blessing to any existing leader potential leader or developing leader and to any church that desires to equip its leaders in an approachable effective and practical way In addition to leadership basics Venturella also reveals many I wish someone had taught me this sooner principles secrets to strong leadership to help you handle everything from becoming a better public speaker to leading individuals and teams and he does so in a memorable bullet point style **Dynamic Spiritual Leadership** J. Oswald Sanders, 2010-12-01 J Oswald Sanders probes Scripture to elicit principles and factors that inspired the dynamic spiritual leadership of Paul and the other apostles in the halcyon days of the church Paul s letters reveal a frail fallible man one who fell and rose again someone who can speak to our need Because spiritual principles are timeless we can learn to apply them to our own situations Theological perspectives on re-imagining leadership in post-COVID-19 Africa Philip La G. du Toit, Alfred R Brunson, 2023-11-30 Post coronavirus disease 2019 COVID 19 realities are challenging leaders in all spheres of society in many ways From the onset of

the pandemic leaders on every level were challenged to provide appropriate guidance in the face of new and adverse realities. From the micro level of local congregations to the macro level of national governments, leaders were required to provide the type of leadership that would not only address immediate obstacles but simultaneously be visionary in the face of uncertainties that became the hallmark of post COVID 19 society. In this book, the authors reflect on leadership in a post COVID 19 society from bibliological, practical, theological, missiological, and ethical perspectives. Although the authors have the global village in mind, the focus leans towards the African context. The book aims to contribute meaningfully to a much needed and reimagined vision of leaders which fits post COVID 19 societies. **Passionate Visionary** Richard S.

Ascough, Charles A. Cotton, 2006. A seasoned Bible scholar and an expert in organizational leadership and change offer principles for modern managers and leaders drawn from Paul's dynamic leadership style. In a unique blend of management theory and biblical scholarship, Ascough and Cotton demonstrate that Paul essentially wrote the book on how transformational leaders should operate. Thoroughly grounded in biblical studies and the academic study of leadership yet written in a clear and readable style, their conclusions will challenge thinking in a variety of organizations. **Paul's**

Understanding of Leadership in 1 Corinthians Rosealie Robinson, 2020-11-19. This book explores Paul's understanding of Leadership in 1 Corinthians. It begins by providing brief background details of the Roman leadership at that time and then it moves onto examining the leadership themes, roles, and traits in this letter. It will interest any reader who may want to gain insights into leadership from God's perspective. **Emerging Leadership in the Pauline Mission** Jack

Barentsen, 2011-08-04. Winner of the 2012 Fredric M. Jablin Doctoral Dissertation Award. Where did Paul find leaders for his new churches? How did he instruct and develop them? What processes took place to stabilize the churches and institute their new leadership? This book carves a fresh trail in leadership studies by looking at leadership development from a group dynamic social identity perspective. Paul engages the cultural leadership patterns of his key local leaders, publicly affirming, correcting, and improving those patterns to conform to a Christlike pattern of sacrificial service. Paul's own life and ministry offer a motivational and authoritative model for his followers because he embodies the leadership style he teaches. As a practical theologian *avant la lettre*, Paul contextualizes key theological themes to strengthen community and leadership formation and equips his church leaders as entrepreneurs of Christian identity. A careful comparison of the Corinthian and Ephesian churches demonstrates a similar overall pattern of development. This study engages Pauline scholarship on church office in depth and offers alternative readings of five Pauline epistles, generating new insights to enrich dogmatic and practical theological reflection. In a society where many churches reflect on their missional calling, such input from the NT for contemporary Christian leadership formation is direly needed. **Biblical Perspectives on Leadership and**

Techniques to develop your leadership David Kadalie,2006 Conflict and Identity in Romans Philip Francis Esler,2003-11-07 What is the purpose of Paul s letter to the Romans Esler provides an illuminating analysis of this epistle employing social scientific methods along with epigraphy and archaeology His conclusion is that the apostle Paul was attempting to facilitate the resolution of intergroup conflict among the Christ followers of Rome especially between Judeans and non Judeans and to establish a new identity for them by developing a form of group categorization that subsumes the various groups into a new entity A Pauline Theology of Church Leadership Andrew D. Clarke,2007-11-29 Scholarly studies consider Paul s views on leadership tend to fall into one of three camps 1 the historical development view which in large measure identifies developments in church practice with developments in Pauline and deuterio Pauline ecclesiology 2 the synchronic historical reconstruction typically making use of Graeco Roman social context sources or social scientific modelling focusing on a single congregation and sometimes distinguishing between the situation to which Paul was responding and the pattern he sought to impose and 3 the theological hermeneutical analysis identifying Paul s particular approach to power and authority often independently of any detailed reconstruction of the situations to which Paul was responding Andrew Clarke has explored in an earlier work *Serve the Community of the Church* Eerdmans 2000 the distinctive local and historical situations in the various Pauline communities and concluded that there is no evidence that they organised themselves according to a common set of governmental structures which clearly developed with the passage of time Rather each community was influenced by its own localized social and cultural context The present project builds on this and necessarily focuses on leadership style rather than church order It seeks to recover from Paul s critical responses his generic ethos of church leadership including the ideal qualities characteristics and task of leaders and the nature of appropriate interaction and engagement with church members In the light of current theoretical discussions about power and gender the study focuses particularly on Paul s attitude towards hierarchy egalitarianism authority responsibility and privilege *Congressional Record* United States.
