Paul's Letter to the Philippians Ben Witherington,2011-10-06 Interprets Paul s letter in light of its rhetorical content and cultural context Skeptical of the trend among many biblical scholars to analyze Paul s short affectionate letter to the Philippians in light of Greco Roman letter writing conventions Ben Witherington instead looks at Philippians as a masterful piece of long distance oratory an extension of Paul s oral speech dictated to a scribe and meant to be read aloud to its recipients Witherington examines Philippians in light of Greco Roman rhetorical conventions identifying Paul s purpose highlighting his main points and his persuasive strategies and considering how his original audience would have heard and received Paul s message

The Letters of the Apostle Paul Charles Vergeer,2017-05-11 Five times I received at the hands of the Jews the forty lashes less one Three times I was beaten with rods Once I was stoned Three times I was shipwrecked Who was this man who had undergone such tribulations For centuries Paul s letters have been read in a theological context forming as they do part of the foundation of the Christian faith This book however maintains that it is important to read these letters in a different way to learn to analyse them in their original contemporary context It scrutinizes Paul s letters showing that the texts as we now have them form a kind of palimpsest in which other layers and text fragments are visible It also studies Paul s views on the resurrection investigating Paul s idea of the son of God and the sermon in Athens with whetted knife precision In addition it deals with the alleged letter to the Romans and considers the trial of Paul and his burial place in Rome In such ways it poses questions about the authenticity of the Pauline letters and comes up with surprising answers As such it represents a fascinating study that breaks with many traditional beliefs and creates space for radical new insights

Paul and First-Century Letter Writing E. Randolph Richards,2025-07-29 Traditional Christian art depicts Paul the letter writer pen in hand attentive to the Spirit We might think we know better and imagine him pacing in agitation as he rapidly dictates to a secretary his letter to the Galatians But in reality neither of these pictures is accurate In Paul s day producing a letter was a time consuming and costly business And we have ample resources from the ancient world to piece together what it must have been like A secretary was usually part of the picture But so were notes drafts corrections and careful rewrites not to speak of scratchy pens sooty ink and coarse papyrus Interestingly there is evidence that Paul involved his missionary team in the

writing of letters And then came the delivery over land and sea the reading and circulation as well as the epistolary afterlife of copying collecting and storing E Randolph Richards has extensively studied ancient letter writing and secretaries Informed by the historical evidence and with a sharp eye for telltale clues in Paul s letters he takes us into this world and places us on the scene with Paul the letter writer What first appears to be just a study of secretaries and stationery turns out to be an intriguing glimpse of Paul the letter writer that overthrows our preconceptions and offers a new perspective on how this important portion of Christian Scripture came to be

Paul's Letter to the Romans Ben Witherington, 2004-03-02 While Paul's letter to the Romans is the most studied and commented on document from the biblical period the major exegetical books on Romans from the nineteenth and twentieth centuries have been overwhelmingly shaped by the Reformed tradition Through a careful survey of work on Romans by both ancient Church Fathers and modern exegetical scholars Ben Witherington III here argues that the interpretation of Romans since the Reformation has been far too indebted to and at key points led astray by Augustinian readings of the text as filtered through Luther Calvin and others In this first full scale socio rhetorical commentary on Romans Witherington gleans fresh insights from reading the text of Paul's epistle in light of early Jewish theology the historical situation of Rome in the middle of the first century A D and Paul's own rhetorical concerns Giving serious consideration to the social and rhetorical background of Romans allows readers to hear Paul on his own terms not just through the various voices of his later interpreters Witherington's groundbreaking work also features a new clear translation of the Greek text and each section of the commentary ends with a brief discussion titled Bridging the Horizons which suggests how the ancient text of Romans may speak to us today
