C. O'Neill, 1975 The Epistle of Paul to the Romans has always been regarded as central to the history and expansion of the Christian Church Yet with its apparent support of predestination which mocks morality and of civil authority however tyrannical it has been the subject of fierce controversy among commentators from Chrysostom in the fourth century to Dodd in our own For the most part

however they have accepted that Romans was written by one man at one time to one audience The author however challenges the truth of this assumption He maintains both in principle and in detail that the process of copying from manuscript to manuscript has allowed numerous glosses and interpolations to creep into the text of Paul's letter as it was finally established He also claims that even longer sections not written by Paul were deliberately added The words of Romans are not necessarily the words of Paul

*Paul's Letter to the Romans* Dr. Nathan Ogan, 2015-12 It's been said that an historian making a list of the factors most influential in the development of western civilization would do well to include Paul's Epistle to the Romans along with the invention of gun powder the rise of nationalism and the discovery of atomic energy While in today's secularized society few would likely agree to the above assessment in terms of legitimate historical impact the importance of Paul's letter can't be overstated From the Church Fathers to Augustine and Reformers like Martin Luther and John Calvin the influence of this ancient letter can't be overstated As recent as Karl Barth's commentary in the 19th century humanity's most significant conversations have touched on the ideas and wisdom of the Apostle Paul A man who essentially elaborated on what he had learned from Jesus and His disciples

Paul's Letter to the Romans Peter Stuhlmacher, 1994-01-01 In this book Peter Stuhlmacher stresses the Old Testament and postbiblical Jewish traditions as the primary backdrop to Paul's thought as these traditions were known by Paul himself or mediated to him through Jesus and the early church The themes of the righteousness of God and the corresponding justification of both Jews and Gentiles are viewed as the center of Romans Finally Stuhlmacher seeks to place the apostle's theology within its historical context He overcomes the false dichotomy that has often characterized the study of

*The Structure of Romans* Paul B. Fowler, 2016-07-01 We increasingly recognize that Paul did not write his letter to the Romans primarily out of doctrinal concerns Paul B Fowler presses that insight home in this attentive yet eminently readable study of the letter's structure The principles of Fowler's reading are that rhetorical questions in Romans 3 11 structure the argument not as responses to criticism but as Paul's careful guiding of the reader and that these chapters like the paraenesis in Romans 12 15 address specific circumstances in Rome Careful attention to the rhetorical structure of the letter points to tensions between Jew and Gentile that aggravate the already precarious situation of the Roman congregation In the course of his argument Fowler explodes the common conceptions that Paul employs diatribal technique to answer objections and that he is primarily engaged in a debate with Jews In short Fowler demonstrates that the apostle is not writing defensively but responding with sensitivity to the volatile atmosphere caused by Claudius's expulsion of some Jews from Rome The book includes an appendix on rhetorical devices and another on epistolary formulas in Paul's letters Commentary on Paul's

**Home and Church Bible Study Commentaries from Paul's letter to the Romans** Larry D.

Alexander, 2012-04-11 Paul's letter to the Romans is the most formal and systematic of his New Testament epistles. In fact, it has been called and is considered to be the theological cornerstone of the New Testament. The main theme of this letter is that righteousness is a free gift from GOD and is only receivable by faith. Paul wrote this letter to introduce himself to the Church at Rome and to give them a summary of Christian teaching. These commentaries by Alexander are written to give the reader a clearer understanding of GOD'S message through the Apostle Paul's teachings. [The Letter of Paul to the Romans](#)

Ernest Best, 1967-02 This series of commentaries on the New English Bible is designed for use in schools and colleges and for the minister and the layman. Each volume comments on one book or part of the Bible. In each, the text is given in full. Sections of text and commentary alternate so that the reader does not have to keep two books open or turn from one part of the book to the other or refer to a commentary in small type at the foot of the page. Great care has been taken to see that the commentary is suitable for the student and the layman; there is no Greek or Hebrew and no strings of biblical references. The general editors all have experience of teaching or examining in school and working with adults. Commentaries on all the books of the Old Testament, New Testament, and Apocrypha have been published together with introductory volumes and books of illustrations to accompany each Testament.
