

Hartman's Nursing Assistant Care: The Basics, 6th Edition

The sixth edition of Hartman Publishing's briefest nursing assistant training textbook just 10 chapters contains essential information for working in long-term care. Information is explained in everyday language, with a focus on helping students pass the certification exam. This textbook contains the following:

- Material organized by body system; this includes each system's structure and function, normal changes of aging, how the nursing assistant can help with normal aging changes, observing and reporting, and common diseases and care guidelines
- Issues relating to Residents' Rights and person-centered care emphasized throughout in special boxes
- Up-to-date, comprehensive material about infection prevention, including care guidelines for COVID-19 in the long-term care setting
- New information about electronic documentation
- Expanded and reorganized mental health disorder coverage, including new terminology and categories
- Updated information about hypertension and a new skill for measuring blood pressure
- electronically Comprehensive nutrition information, including MyPlate material, updated special diets section, feeding techniques, and information from the International Dysphagia Diet Standardisation Initiative (IDDSI) on thickened liquids and texture modified foods
- Current information about legal issues, such as HIPAA and advance directives
- Many new website resources throughout and a comprehensive community resources box
- Significant testing section for instructors, including 10 chapters exams, two final exams, a critical thinking exam, a practice exam for the certification test, and a new, general comprehensive exam
- A table of procedures,
