**Resolution on CPC History (1949-81).** Zhongguo gong chan dang,1981      Resolution on CPC History (1949-81),1981      **Marxism, China, and Development** A. James Gregor,2017-07-05 China has always been something of a mystery to Westerners For one generation Mao Zedong and his followers were simple agrarian reformers while for another they were the communist emperor and his blue ants In the 1970s some of the finest Sinologists believed there was much the United States could learn from Mao's Great Proletarian Cultural Revolution with regard to bureaucracy criminal justice health care and mass education By the 1980s those same theorists asserted that Maoism was nothing more than a feudal fascism and had absolutely nothing positive to teach Marxism China and Development provides a plausible explanation of these developments that have had such a powerful effect on the people of China for the past half century The author describes and explains the strange collection of beliefs that made up the Marxism of Mao Zedong He seeks to understand why the communist leadership of China like that of the USSR tried to spur economic growth by abandoning the market modalities common to developed economies A James Gregor's conceptual framework is both original and makes more comprehensible the history of Marxism and the history of China Among the major topics he covers are imperialism political democracy economics and alternatives to Maoism and Marxism for China While it is unlikely that our understanding of so complex a series of events as modern Chinese history will soon become less controversial Marxism China and Development's clear concise explanations will clarify some perplexing areas and make the new turns in Chinese political economy more understandable This is a monumental effort at theory construction that will be of interest to political scientists economists sociologists and Sinologists      *Resolution on CPC history 1949-81. [Kuan-yü-Chung-kuo kung-ch'an-tang li-shih ti ch'üeh i., engl.] (Authoritative assessment of: Mao Zedong, the cultural revolution, achievements of the People's Republic)*,1981      **A History of the Chinese Communist Party** Stephen Uhalley,1988      The Cambridge History of China: Volume 15, The People's Republic, Part 2, Revolutions Within the Chinese Revolution, 1966-1982 Roderick MacFarquhar,John K. Fairbank,Denis Crispin Twitchett,1991-11-29 In continuing the post revolution study started in Volume 14 Volume 15 considers the developments in Mao's thoughts and how they related to China's government The most comprehensive account of this turbulent period in Chinese history      **Resolution on CPC History (1949-81).** Zhongguo gong chan dang,1996      Mao's Last Revolution Roderick MacFarquhar,Michael Schoenhals,2008-03-15 The authors explain why Mao launched the Cultural Revolution and show his Machiavellian role in masterminding it which Chinese publications conceal In its critical analysis of Chairman Mao and its portrait of a culture in turmoil this book offers the most authoritative and compelling account to date of this seminal event in Chinese history      **The Labors of Sisyphus** Joan Roland,2017-07-05 Almost a half century has passed since the inception of the People's Republic of China In that time a charismatic leader has ruled and died leaving a wake of Destruction in his quest to transform China In that time too the PRC's most powerful ally and mentor the

Soviet Union has dismantled and announced that jcmunism had failed Today China fluctuates between tradition and modernity ideology and pragmatism between an antiquated collectivist ethic and a new spirit rf individualism It is a country precariously suspended between past and future Maria Hsia Chang s *The Labors of Sisyphus* is a long overdue reassessment of rie meaning and purpose of the Chinese communist revolution In it she discusses ihe thought of Mao Zedong and Deng Xiaoping reform and its dilemmas regionalism in greater China and autonomous areas and nationalism She also eyjnines China s immediate present and uncertain future If it manages to transform economic growth into development China filled with natural resources and a large capable labor force has the potential to become a world superpower It could also collapse under the weight of its own problems regionalism a flawed state sector corruption and a pronounced decline in state capacity If China succeeds an imposing new economic power will enter the global stage one that is often arbitrary and prone to despotism and xenophobia unless it is tempered by political reform Prior accounts of communist China have failed to capture China s evolving present In all its complexity and variety misrepresenting Maoist China In the process Information shortfall was partly to blame as recently as August 1994 the Chinese government itself decried falsification of statistics by government officials and cadres Sinologists in the 1960s and 1970s had to approach analysis of contemporary China with clear recognition of the limitations involved and the questionable validity of the factual sources available Maria Hsia Chang lends structure meaning and purpose to the very complex recent political and historical past of communist China With greater access to more accurate information Chang is able to analyze objectively without political motive or intention providing readers with a fresh look at the People s Republic Her pathbreaking work will be of interest to scholars of international economics and politics sinologists and historians

Harvard to his headline making persona of the present day In *Savage Messiah* we meet an adolescent Peterson who scoffing at the fairy tales being taught in his confirmation class asks his minister how it s possible to believe the Bible in light of modern scientific theory Unsatisfied with the answer he s been given Peterson goes on to challenge other authority figures who stood in his way as he dared to define the world in his own terms This won Peterson many enemies and more admirers than he could have dreamed of particularly during the digital era when his nontraditional views could be widely shared and critically discussed Still a fall from grace was never far behind Peterson had always preached the importance of free speech which he believed was essential to finding life saving personal meaning in our frequently nihilistic world But when he dismissed Canadian parliament Bill C 16 one that compelled the use of newly invented pronouns to address new gender identities Peterson found himself facing a whole new world Students targeted him as a gender bigot Conservatives called him their hero Soon Peterson was fixed firmly at the center of the culture wars and there was no turning back With exclusive interviews of Dr Peterson as well as conversations with his family friends and associates this book reveals the heart and mind teachings and practices of one of the most provocative voices of our time

Deng Xiaoping Alexander V. Pantsov,Steven I. Levine,2015-04-01 Deng Xiaoping joined the Chinese Communist movement as a youth and rose in its ranks to become an important lieutenant of Mao s from the 1930s onward Two years after Mao s death in 1976 Deng became the de facto leader of the Chinese Communist Party and the prime architect of China s post Mao reforms Abandoning the Maoist socio economic policies he had long fervently supported he set in motion changes that would dramatically transform China s economy society and position in the world Three decades later we are living with the results China has become the second largest economy and the workshop of the world And while it is essentially a market economy socialism with Chinese characteristics Deng and his successors ensured the continuation of CCP rule by severely repressing the democratic movement and maintaining an iron grip on power When Deng died at the age of 92 in 1997 he had set China on the path it is following to this day Alexander Pantsov and Steven Levine s new biography of Deng Xiaoping does what no other biography has done based on newly discovered documents it covers his entire life from his childhood and student years to the post Tiananmen era Thanks to unprecedented access to Russian archives containing massive files on the Chinese Communist Party the authors present a wealth of new material on Deng dating back to the 1920s In a long and extraordinary life Deng navigated one epic crisis after another Born in 1904 Deng like many Asian revolutionary leaders spent part of the 1920s in Paris where he joined the CCP in its early years He then studied in the USSR just as Stalin was establishing firm control over the Soviet communist party He played an increasingly important role in the troubled decades of the 1930s and 1940s that were marked by civil war and the Japanese invasion He was commissar of a communist dominated area in the early 1930s loyal henchman to Mao during the Long March regional military commander in the anti Japanese war and finally a key leader in the 1946 49 revolution During Mao s quarter century rule Deng oscillated between the heights and the depths of power He was purged during the Cultural

Revolution only to reemerge after Mao's death to become China's paramount leader until his own death in 1997. This objective, balanced and unprecedentedly rich biography changes our understanding of one of the most important figures in modern history. Perspectives on Modern China Kenneth Lieberthal, Joyce Kallgren, Roderick MacFarquhar, Frederic Wakeman, 2016-09-16. The conveners, the editors of this book of the September 1989 Four Anniversaries China Conference in Annapolis, asked the contributors to look back from that point in time to consider four major events in modern Chinese history in the perspective of the rapid changes that were shaping the Chinese society, economy, polity and sense of place in the world in the 1980s, a time when China was making rapid strides toward becoming more integrated with the outside world. With contributions by distinguished scholars in the field, the four anniversaries considered are the High Qing, the May Fourth Movement, forty years of communism in China and ten years of the Deng era. *Autocracy and China's Rebel Founding Emperors* Anita M. Andrew, John A. Rapp, 2000. What kind of ruler was Mao Zedong? Utilizing a rich mix of analysis and new translations, this book examines other imperial predecessors and the elements linking Mao and Ming Taizu, the fourteenth-century peasant rebel who founded the Ming dynasty, as well as critiques of Western and Chinese scholarship. The book then presents translations with commentary of PRC scholars on Taizu and Mao, showing the evolution in Chinese thought toward both rulers from the Cultural Revolution to the Deng Xiaoping reform era. **China's Great Proletarian Cultural Revolution** Woei Lien Chong, 2002. Treating China's Cultural Revolution as much more than a political event, this innovative volume explores its ideological dimensions. The contributors focus especially on the CR's discourse of heroism and messianism and its demonization of the enemy as reflected in political practice, official literature and propaganda art, arguing that these characteristics can be traced back to hitherto neglected undercurrents of Chinese tradition. Moreover, while most studies of the Cultural Revolution are content to point to the discredited cult of heroism and messianism, this book also explores the alternative discourses that have flourished to fill the resulting vacuum. The contributors analyze the intense intellectual and artistic ferment in post-Mao China that embody resistance to CR ideology as well as the urgent quest for authentic individuality, new forms of social cohesion and historical truth. Contributions by Anne Marie Brady, Woei Lien Chong, Lowell Dittmer, Monika Gaenssbauer, Nick Knight, Stefan R. Landsberger, Nora Sausmikat, Barend J. ter Haar, Natascha Vittinghoff and Lan Yang. Love and Marriage in Globalizing China Wang Pan, 2014-11-13. As China globalizes, the number of marriages between Chinese people and foreigners is increasing. These Chinese foreign marriages have profound implications for China's cultural identity. This book, based on extensive original research, outlines the different types of Chinese foreign marriage and divorce and the changing scale and changing patterns of such marriages and divorces and examines how such marriages and divorces are portrayed in different kinds of media. It shows how those types of Chinese foreign marriage where Chinese patriotism and Chinese values are preserved are depicted favourably, whereas other kinds of Chinese foreign marriage, especially those where Chinese women marry foreign nationals, are disapproved of.

nationals being seen as having a propensity to infidelity deception violence and taking advantage of Chinese women The book contrasts the portrayal of Chinese foreign marriage with the reality and with the depiction of Chinese Chinese marriage where many of the same problems apply Overall the book sheds much light on changing social processes and on current imaginings of China s place in the world
