Deconstruction/Deconstructive Reading George Douglas Atkins, 2021-05-11 Deconstruction a mode of close reading associated with the contemporary philosopher Jacques Derrida and other members of the Yale School is the current critical rage and is likely to remain so for some time Reading Deconstruction Deconstructive Reading offers a unique informed and badly needed introduction to this important movement written by one of its most sensitive and lucid practitioners More than an introduction this book makes a significant addition to the current debate in critical theory G Douglas Atkins first analyzes and explains deconstruction theory and practice Focusing on such major critics and theorists as Derrida J Hillis Miller and Geoffrey Hartman he brings to the fore issues previously scanted in accounts of deconstruction especially its religious implications Then through close readings of such texts as *Religio Laici* *A Tale of a Tub* and *An Epistle to Dr Arbuthnot* he proceeds to demonstrate and exemplify a mode of deconstruction indebted to both Derrida and Paul de Man This skillfully organized book designed to reflect the both and nature of deconstruction thus makes its own contribution to deconstructive practice The important readings provided of Dryden Swift and Pope are among the first to treat major Augustan texts from a deconstructive point of view and make the book a valuable addition to the study of that period Well versed in deconstruction the variety of texts he treats and major issues of current concern in literary study Atkins offers in this book a balanced and judicious defense of deconstruction that avoids being polemical dogmatic or narrowly ideological Whereas much previous work on and in deconstruction has been notable for its thick prose jargon and general obfuscation this book will be appreciated for its clarity and grace as well as for its command of an impressively wide range of texts and issues Without taming it as an instrument of analysis and potential change Atkins makes deconstruction comprehensible to the general reader His efforts will interest all those concerned with literary theory and criticism Augustan literature and the relation of literature and religion **Reframing Corporate Social Responsibility** William Sun, Jim Stewart, David Pollard, 2010-12-13
