Responsibility

Story by Andrew Frinkle

Responsibility is being dependable. Responsibility is getting things done and letting people know that they can count on you. There are many ways to be responsible.

Steven, Robert, and Tim had a group project due on Friday. They didn't have enough time in class, so they each took part of the project home to finish. Each of them brought their completed parts back to class Friday morning. The three boys got their project done. They were responsible.

Carly never let her friends down. If she said she'd be somewhere, she was there. If she said she'd do something, she did it. That's why the teacher had her help with the class calendar. Carly was very dependable.

How do you show responsibility?

Selected Readings on Professional Responsibility, 1970 **Economy and Society: Selected Writings** Karl Polanyi, 2018-07-04 Few figures are more crucial to understanding the upheavals of our contemporary era than Karl Polanyi In a world riven by social and economic crises from rising inequality to the decay of democratic institutions and profound technological disruption Polanyi s path breaking account of the dynamics of market capitalism and his defence of society and nature against the dangerous tendencies of the market capitalist system are more relevant than ever This book brings together Polanyi s most important articles and essays to give a unique selection of his essential shorter writings mixing classic texts with significant but previously little known pieces It highlights the coherence

and richness of Polanyi's theoretical and political approach making it indispensable for understanding his overarching intellectual contribution. The volume includes his interwar writings which deal with the world economic crisis and the socialist alternative to conservative and fascist developments; his reflection on political theory and the international situation after the war; and his comparative studies of economic institutions. Polanyi's political writings are complemented and supported by the critique of economic determinism and what he termed our obsolete market mentality. This book is an invaluable companion to Polanyi's masterpiece *The Great Transformation* and an essential resource for students and scholars of political economy, sociology, history, and political philosophy.

Developing Priorities and a Style: Selected Readings in Education for Teachers and Parents Richard Dean Kellough, 1974 *Cai Yuanpei: Selected Writings on Education* Leiluo Cai, 2024-01-15 This collection of writings traces the evolution and revolution of Chinese modern education in the early twentieth century initiated by Cai Yuanpei. 1868-1940, the first Minister of Education of the Republic of China, President of Peking University 1916-1927, and the founder of Academia Sinica. This volume illustrates Cai Yuanpei's educational thoughts, one of which is known as freedom of thought and academic inclusiveness through his own words from his political, social, and academic endeavors. Cai navigated the landscape of Chinese education at the time, bridging the gap between tradition and revolution, East and West, and setting the cornerstone of the Chinese modern education system. His innovative ideology remains significant in the context of Chinese education reforms in the 21st century.

The Selected Writings of Marc Bloch Iona Singh, 2025-02-20 This book brings a selection of the influential writings of Marc Bloch into the English language, largely for the very first time. Chronologically arranged to trace the developmental arc of Bloch's historical philosophy, the translations in *The Selected Writings of Marc Bloch* offer an illuminating insight into the theories of a pioneer historian and original founder of the renowned Annales school of French social history. The carefully curated translations in this volume reveal Bloch's thoughts on questions that historical studies has grappled with since the birth of the discipline: Why should history exist at all? What value does it have? What exactly is a science of history? What is the actual role of the historian in historical studies? This collection presents Bloch's precise understanding of the contours of the discipline of history, defined by the abutment and transgression of its borders by other subjects. Consequently, it provides a theoretical underpinning for multidisciplinary and interdisciplinary concepts via historical studies, pulling into its fold diverse themes such as customs, agriculture, economics, nutrition, technology, manners, art, fashion, and countless other topics explored by Bloch himself in the process.

Accountability and Responsibility in Health Care Bruce Rosen,2012 Serious scholarly analyses of the types and roles of accountability in health care first appeared in the late 1980s That issue along with the related issue of responsibility in health care has continued to interest policymakers analysts and scholars ever since Indeed there has been a renewed surge of interest in recent years with growing attention to the notion of accountable care organizations in the US clinical audits in the UK and governance as stewardship in many other countries Accountability and responsibility in health care was also the theme of a major international conference organized by the Israel National Institute for Health Policy Research which was held in Jerusalem in 2009 This book is a collection of scholarly articles on the themes of accountability and responsibility in health care and seeks to be the premier book in that field It includes selected papers from the 2009 Jerusalem Conference analytic essays on how accountability and responsibility are playing out in eight different countries and reprints of some of the classic articles in the field The book will interest policymakers managers

researchers and students and many of the ideas presented here will help shape the development of this field in the years ahead. Some of these ideas have appeared in other forums; the unique contribution of this volume is that it is the first to bring together so many different perspectives on accountability and responsibility in health care. This volume will both acquaint readers with some of the latest thinking on accountability and responsibility in health care and will serve as a catalyst for future reflection, research, and writing in this area. Responsibility, Chastisement and Restoration Ronald

Laldinsuah, 2015-05-14 Many Old Testament scholars have focused their studies of justice on the eighth century BC prophets Isaiah, Amos, and Micah, giving little or no attention to Hosea. Neglect of Hosea in relation to justice arises from the common notion that he was a prophet of love, and although some studies concede that parts of the book deal with justice, it is often overlooked or given secondary importance to other concerns and themes. In this publication, Ronald Laldinsuah addresses this misconception by demonstrating that Hosea was indeed a prophet of justice. Through careful analysis of the text, as well as observing both the biblical concept and the secular notions of justice, it is observed that justice must perpetuate right and true relationships. In relational justice, we see the inseparable relationship among humans and between humans and God, emphasising Hosea's message of responsibility, chastisement, and restoration. Research on Professional Responsibility and Ethics in Accounting Cynthia Jeffrey, 2008-12-15

High quality research and case studies that focus on the professional responsibilities of accountants and how they deal with the ethical issues they face. This series features articles on a broad range of important and timely topics including professionalism, social responsibility, ethical judgment, and accountability.

Morality and the Emotions Justin Oakley, 2020-07-20 Originally published in 1992, this book attacks many recent philosophical and psychological theories of the emotions and argues that our emotions themselves have intrinsic moral significance. He demonstrates that a proper understanding of the emotions reveals the fundamental role they play in our moral lives and the practical consequences that arise from being morally responsible for our emotions. **Shared**

Responsibility Robert Moroney, One of the fundamental issues confronting those who create, analyze, or work within the framework of modern American social welfare policy is the relationship of the family and the state in the delivery of social care through social services. Dr. Moroney develops the idea of the family as both recipient and dispenser of social services. Simply and effectively, he paints the landscape with respect to American families. He focuses on two special cases: families with frail elderly and families with severely mentally handicapped children. The notion of shared responsibility between the family and state, the nature of social welfare response through government programs, and the professional response of social workers to families in need are some of the dilemmas inherent in formulating family policy in a multicultural, pluralistic society, are examined. Corporate Social Responsibility Daniel Brennan, 2011-01-01 The current theory of corporate social responsibility (CSR) is developing along three interwoven lines: moral, social, and environmental. Although everybody recognizes that although CSR is of growing concern in a globalized economy, it being at the top of the board of directors' agenda, and

also good for business there is no sign of consensus on its rules structures or procedures Now this collection of essays by leading jurists businesspeople and academics takes a giant step toward a more cohesive and durable set of principles that can contribute to a cleaner environment and a better society while respecting and protecting the interests of all stakeholders
